like past editions this ninth edition of social inequality forms causes and consequences is a user friendly introduction to the study of social inequality this book conveys the pervasiveness and extensiveness of social inequality in the united states within a comparative context to show how inequality occurs how it affects all of us and what is being done about it this edition benefits from a variety of changes that have significantly strengthened the text the authors pay increased attention to disability transgender issues intersectionality experiences of muslims hispanic populations and immigration the 9th edition also includes content on the fall out from the recession across various groups the sections on global inequalities have been greatly updated emphasizing comparative inequalities and the impact of the process of globalization on inequality internationally the authors have also added material on several current social movements including occupy wall street black lives matter and marriage equality

what makes this book stand out for me is that as well as being theoretically informed and clearly written its structure lends itself unmistakeably to teaching if our aim is to teach truly engaged students it should be our job to provide truly engaging materials this is what you will find with this particular book it will help to inform your disciplinary teaching of social inequality across the social sciences and it will provide a solid basis for your seminar work with students helen jones higher education academy warwick booth has provided a highly readable introductory text that will be accessible to everyone interested in this area of study and i highly recommend it for those embarking on studies of social inequality lse review of books what is the state of social inequality today how can you situate yourself in the debates this is an essential book that not only introduces you to the key areas definitions and debates within the field but also gives you the opportunity to reflect upon the roots of inequality and to critically analyse power relations today with international examples and a clear interdisciplinary approach throughout the book encourages you to look at social inequality as a

complex social phenomenon that needs to be understood in a global context this book looks at social divisions across societies explores global processes and changes that are affecting inequalities discusses social inequality in relation to class gender and race examines current social policy approaches to explore how these relate to inequality reflects upon the potential solutions to inequalities this engaging and accessible introduction to social inequality is an invaluable resource for students across the social sciences louise warwick booth is senior lecturer in health policy at leeds metropolitan university uk

social inequality refers to a situation in which individuals in a society do not have equal social status areas of potential social inequality include voting rights freedom of speech and assembly the extent of property rights and access to education health care quality housing and other social goods this book presents current research from across the globe in the study of social inequality including social inequalities in health and their international variations social stratification by sex age and social class in chinese society the impact of social risk factors on pregnancy childbirth and the postpartum period the predictive validity of modern racism and socio economic conditions and health in europe

the eleventh edition of social inequality forms causes and consequences is an introduction to the study of social inequality fully updated statistics and examples convey the pervasiveness and extent of social inequality in the united states the authors use an intersectional perspective to show how inequality occurs how it affects all of us and what is being done about it with more resources and supplementary examples exercises and applications embedded throughout to aid students learning and visualization of important concepts the book provides a rich theoretical treatment to address the current state of inequality in line with current affairs the authors have expanded the content to include an intersectional approach throughout the chapters a stronger emphasis on the connections between poverty wealth and income inequality

new case studies on the opioid epidemic covid 19 the lead poisoning crisis and climate change a new focus on the rise of right wing movements with additional content and classroom extensions available online for instructors social inequality remains an ideal and invaluable overview of the subject and provides undergraduate students with a robust understanding of social inequality from a sociological perspective

this is a book that should be read by anyone interested in class inequality poverty and politics actually probably more importantly it should be read by people who think that those things do not matter it provides a wonderful summation of the huge amount of work on these topics that now exists and it also offers its own distinctive perspectives on a set of issues that are despite the claims of some influential commentators still central to the sociological enterprise and indeed to political life roger burrows university of york a clear and compelling analysis of the dynamics of social and spatial inequality in an era of globalisation this is an invaluable resource for students and scholars in sociology human geography and the social sciences more generally gary bridge university of bristol with the declining attention paid to social class in sociology how can we analyze continuing and pervasive socio economic inequality what is the impact of recent developments in sociology on how we should understand disadvantage moving beyond the traditional dichotomies of social theory this book brings the study of social stratification and inequality into the 21st century starting with the widely agreed fact that the world is becoming more unequal this book brings together the identity of displacement in sociology and the spaces of flow of geography to show how place has become an increasingly important focus for understanding new trends in social inequality

this unique collection of original essays brings a comparative perspective to issues of social inequality first rate sociologists from around the world have contributed to this exciting and rigorous volume drawing upon their own research in the fields of race and ethnicity class and inequality and gender and sexuality contains original essays by first

rate scholars on issues of social inequalities around the world features research and examples from the usa canada uk australia france portugal finland and japan reviews research on issues of social inequalities from the fields of race class and gender reflects on methodological issues and the strengths of qualitative research provides students with an important overview of the development of social stratification studies

in a world where the effects of inequality occupy an increasingly prominent place on the public agenda this book provides up to date and thorough analysis from the perspective of a group of researchers at the forefront of social stratification analysis exploring social inequality in the 21st century is a clear and critical overview of current debates about social inequality it includes new information tools and approaches to conceptualising and measuring social stratification and social class as well as informative case studies throughout the researchers describe the direct and indirect costs of social inequality divided into two parts conceptualising and measuring inequality and costs and consequences of inequality in the areas of education employment and global wealth it includes new findings about the growth of wealth inequality in the g20 countries and a detailed examination of tax policies designed to reduce inequality without affecting economic growth with substantial contributions to the analysis of inequalities in education and explanations of the processes and consequences of social and gender based exclusion this book is essential reading for anyone interested in understanding contemporary social inequality this book was originally published as a special issue of the journal contemporary social science

a textbook for an interdisciplinary undergraduate course that addresses what marger sociology michigan state u sees as a major deficiency that others either analyze only one form of social equality or analytically conflate them making it difficult to distinguish them she engages class racial a

written by a group of the uk s leading sociologists this book covers in one volume all of

the themes central to an understanding of contemporary british society essays provide an historical overview of such topics as class gender work ethnicity and community but also make a theoretical and substantive contribution to current debates

this book discusses the factors behind the inequalities embedded within our social economic and political systems social inequalities are especially seen in the service sectors in the differences of access to healthcare education social protection housing systems childcare elderly care etc cultural inequality which segregates people from the mainstream based on recognition problems with a specific groups social status language religion customs and norms is another widespread issue this book tries to present an accurate picture of these issues with cases studies from various countries mostly when we talk about inequality the focus is on economic inequality however much inequality persists especially discrimination due to gender age origin ethnicity disability sexual orientation class and religion to end this situation there is a need for social economic and political reform until or unless the marginalized groups are empowered the inequality issue cannot be solved or even minimized on the basis of various case studies this book encourages us to rethink societal development through the lens of growing inequalities and disparities the book presents new insights for evaluating the progress on social development the book highlights the current challenges of social inequality in combination this collection of edited papers gives an integrated understanding of the question of why is society unequal this book is aimed at those stakeholders who want to make or contribute to change and build an undivided socially inclusive society and to those who want to contribute to empowering society in the twenty first century

this book explores how structures of social inequality are linked to the social connections that people hold the authors focus upon occupational inequalities where they see for example that the typical friendship patterns of people from one occupation are often very different to those of people from another social inequalities and

occupational stratification leverages empirical data about differences in social connections to chart structures of social distance and social inequality several of its chapters provide coverage of the long standing cambridge social interaction and stratification scale camsis project and its approach to analysing social interaction patterns in terms of a single dimension related to social inequality

a user friendly introduction to social inequality this text is a broad introduction to the many types of inequality economics status political power sex and gender sexual orientation race and ethnicity in u s society and in a global setting the author provides a wide range of explanations for inequality and using the latest research on the multiple impacts of inequality surveys in detail the personal and social consequences of social inequality learning goals upon completing this book readers will be able to understand that inequality is multidimensional understand that it is essential to understand the explanations of the various forms of inequality in order to further a resolution to any inequality s undesirable consequences understand the discussion of inequality in its broader historical cultural and international context

the collection of 21 essays in this book critically examines the notions of human rights gender and environment by addressing the vital issue of social inequality in india while examining social inequality the essays delve into questions of caste clas

from an international comparative perspective this third book in the prestigious edulife lifelong learning series provides a thorough investigation into how social inequalities arise during individuals secondary schooling careers paying particular attention to the role of social origin and prior performance it focuses on tracking and differentiation in secondary schooling examining the short and long term effects on inequality of opportunities it looks at ways in which differentiation in secondary education might produce and reproduce social inequalities in educational opportunities and educational attainment the international perspective allows illuminating comparison in light of the

different models rules and procedures that regulate admission selection and learning in different countries
