csr has now moved beyond the stage of specialist or niche subject to become an integral part of global business and society this timely edition is destined to become the definitive guide to csr sustainability business ethics and the organizations and standards in the field the a to z of corporate social responsibility is a unique publication and is the culmination of over a hundred of the world s leading thinkers opinion formers academic and business people providing an easy to use guide to csr from general concepts such as sustainability stakeholder management business ethics and human rights to more specific topics such as carbon trading microfinance biodiversity the base of the pyramid model and globalisation in addition to definitions of the most important terms across the wide range of csr associated topics this book also covers all the most important codes and guidelines such as the equator principles the un global compact and iso standards as well as providing background on organizations such as the world business council for sustainable development and transparency international and profiles of csr in particular industries and regions this paperback edition includes all the latest developments in csr as well as incorporating new sections on boardroom pay the sub prime market and the financial crisis praise for the first edition a complete reference guide offers an invaluable combination of lessons learned and best practice for the future provides first hand insights forum csr international october 2008 this is a timely and innovative contribution to the field of corporate social responsibility retail leisure international february 2008 a handy reference to have on the shelf behind your desk ethical performance february 2008 you will not find a wider display of today s key global players and their action programs than here csr news net may 2008 the book contains a great deal of detailed research supply management may 2008

this book comprehensively describes social responsibility and sustainable development with contributions from scientists and representatives from industry working in the field the papers are innovative cross cutting and many share practice based experiences some of which may be replicable elsewhere prepared by the inter university sustainable development research

programme iusdrp and the world sustainable development research and transfer centre wsdrtc it reiterates the current need to promote social responsibility social responsibility and sustainable development are two different concepts whose integration over the years has led to significant advances in the way enterprises see and perceive their operations it is not only about policies or steps taken to meet legal requirements but is also about social equality and environmental accountability also bearing in mind the links with eco efficiency innovation and the health and wellbeing of workers according to iso 26000 social responsibility is the responsibility of an organisation for the impacts of its decisions and activities on society and the environment through transparent and ethical behaviour that contributes to sustainable development including health and the welfare of society b takes into account the expectations of stakeholders c is in compliance with applicable law and consistent with international norms of behaviour d is integrated throughout the organisation and practised in its relationships but even though the relations between social responsibility and sustainability are strong it is still necessary to encourage organisations to adhere to or at least follow the principles of sustainable development in their operations giving something back to the community as such there is a need for a better understanding of how social responsibility is related to sustainable development and of the identification of processes methods and tools that may help the integration of these two important elements there is also a real need to showcase successful examples of how to structure behaviour and institutional practice in line with the sustainability challenges we face today chapter reviewing the stakeholder value creation literature towards a sustainability approach is available open access under a creative commons attribution 4 0 international license via link springer.com

this book is a concise and authoritative reference work and dictionary in the field of corporate social responsibility sustainability business ethics and corporate governance it provides reliable definitions to more than 600 terms and concepts for researchers and professionals alike by its definitions the dictionary helps users to understand the meanings of commonly used terms in csr and the roles and functions of csr related international organizations furthermore it helps to identify keynotes on international guidelines codes and principles relevant to csr the role of csr in the business world has developed from a fig leaf marketing front into an important and indispensable aspect of corporate behavior over the past years sustainable strategies are valued desired and deployed more and more by relevant players in business politics and societies all over the world both research and corporate

practice therefore see csr as a guiding principle for business success

recent corporate failures have attracted the attention of managers governments and the general public to the role of governance and social responsibility ranging from managerial behaviour and reward systems to environmental protection and human rights governance and social responsibility encompasses a variety of thought provoking business issues in governance and social responsibility aras and crowther bring together the considerable debates about what exactly it is and how it can be applied to business key features written by leading governance and social responsibility experts international coverage and orientation comprehensive coverage of csr issues and debates excellent pedagogy including case studies reflective questions and further reading firmly grounded in academic research governance and social responsibility is an ideal companion for csr courses at all levels

introducing the key concepts in corporate social responsibility suzanne benn brings together the essential issues relevant to the responsible management of businesses not for profit organizations and government with detailed coverage and cross referencing for each concept and over 50 concepts introduced this guide to both the theory and implementation of csr and sustainability provides an indispensable reference for any student of the subject

today corporations are expected to give something back to their communities in the form of charitable projects in corporate social responsibility philip kotler one of the world s foremost voices on business and marketing and coauthor nancy lee explain why charity is both good p r and good for business they show business leaders how to choose social causes design charity initiatives gain employee support and evaluate their efforts they also provide all the best practices and cutting edge ideas that leaders need to maximize their contributions to social causes and do the most good with personal stories from twenty five business leaders from socially responsible companies this is the bible for today s good corporate citizen

in the contemporary debate on the modern corporation and its impact on the economy society and nation the focus has shifted

from growth with only profitability to growth with sustainable development which includes the stakeholders while there is considerable debate on the corporations obligations to civil society in the western world in the developing countries the debate is sporadic the present publication is an effort to initiate a nationwide discourse on the concepts and practices of corporate social action in india the book is divided in two sections section one contains papers which analyze the conceptual framework of corporate social responsibility the unique feature of this book is the case studies on different aspects of csr presented in section two the cases focus on such segments as education healthcare and environment among others it is for the first time that under the aegis of undp cii aictc mdi the business schools in the country participated in preparing cases from various industries focusing on the process and decision making content implicit in the introduction implementation and evaluation of various facets of corporate social responsibility the cases are illustrative and they will help in identifying further areas of research the teaching notes have been developed by the individual authors and will be available on request

the aim of this book is to present selected theoretical and practical aspects of corporate social responsibility and sustainability with particular emphasis on the journey transition from values to impact values play an important role in business world and they shape the responsible approach of organizations however pressing and still unresolved challenges of the present day show evidently that there exist significant discrepancies between organizations declarations on values and their real impact covid 19 pandemic globalization 4 0 climate catastrophe and challenges emphasized by sdgs constitute the new environment that contemporary organizations face in effect business is part of the problem and a solution as well it is necessary to quickly and effectively push for action taking into account the power of responsible business to co create human live and environment both the theoretical considerations and the practice based studies presented in this monograph make a significant contribution to the theory and practice of management the book is an extension and enrichment of the existing knowledge in the field of socially responsible management in organizations corporate social responsibility and sustainability will be of value to academics researchers and advanced students in the fields of business and management especially those interest in the intersection of management and csr and sustainability and those focusing the impact that business activities have on the environment

here is the story of corporate social responsibility what it means where it came from where it is going what it requires of business told in an eyewitness i was there style by a pioneer of the study of csr in the nation s business schools it takes the reader through a half century of corporate scandals and fierce struggles over corporate ethics from ralph nader s 1960s campaign gm to today s white collar crimes at enron worldcom tyco and other wall street giants it lays bare the values that drive corporate culture explores the motivational depths of corporate strategy and policy demonstrates how biological impulses can lead business decision makers astray questions the relevance and ethical commitment of business school education reveals the spiritual side of management life and holds out hope that the new millennium will see improvement in the ethical performance of business william c frederick is one of the founders of the study of corporate social responsibility in the united states and initiated some of the key concepts and analytic categories his books include business and society social auditing and values nature and culture in the american corporation he was president of the society for business ethics and the society for advancement of socio economics and chaired the social issues in management division of the academy of management he conducted studies of management education in spain italy egypt yugoslavia ecuador nigeria and australia and designed and taught programs for executives in u s corporations he was dean of the business schools at the university of kansas city and the university of pittsburgh he received a phd in economics and anthropology from the university of texas corporation be good draws on the author s half century of thinking about the social and ethical responsibilities of the modern corporation

today corporations are expected to give something back to their communities in the form of charitable projects in corporate social responsibility philip kotler one of the world s foremost voices on business and marketing and coauthor nancy lee explain why charity is both good p r and good for business they show business leaders how to choose social causes design charity initiatives gain employee support and evaluate their efforts they also provide all the best practices and cutting edge ideas that leaders need to maximize their contributions to social causes and do the most good with personal stories from twenty five business leaders from socially responsible companies this is the bible for today s good corporate citizen

with stock market swings due to unethical behavior fuel price escalation due to increased demand and climate disasters due to

global warming operating in a socially responsible manner is quickly moving from the realm of a nice idea to a business imperative taking a continuous improvement approach to social responsibility social respo

csr encompasses broad questions about the changing relationship between business society and government an authoritative review of the academic research that has both prompted and responded to these issues the text provides clear thinking and perspectives on csr and the debates around it

seminar paper from the year 2009 in the subject business economics business management corporate governance grade 99 university of newcastle upon tyne language english abstract the purpose of this report is to discuss the reasons behind the increased interest in corporate governance and corporate social responsibility csr in recent years and how johnson johnson j j utilizes the two concepts in its day to day business first the report gives an overview of corporate governance and csr and discusses the recent scandals in the corporate world the second part focuses on j j s corporate governance and csr practices the company communicates its credo through its actions towards its customers employees communities and environment as well as its shareholders

researchers corporate leaders and other stakeholders have shown increasing interest in corporate social responsibility csr a company s discretionary actions and policies that appear to advance societal well being beyond its immediate financial interests and legal requirements spanning decades of research activity the scholarly literature on csr has been dominated by meso and macro level perspectives such as studies within corporate strategy that examine relationships between firm level indicators of social environmental performance and corporate financial performance in recent years however there has been an explosion of micro oriented csr research conducted at the individual level of analysis especially with respect to studies on how and why job seekers and employees perceive and react to csr practices this micro level focus is reflected in 12 articles published in this edited volume as a research topic collection in frontiers in psychology organizational psychology specialty section titled corporate social responsibility and organizational psychology quid pro quo
