from naomi klein author of the 1 international bestsellers the shock doctrine and no logo a must read on how the climate crisis needs to spur transformational political change we seem to have given up on any serious effort to prevent catastrophic climate change despite mounting scientific evidence denialism is surging in many wealthy countries and extreme fossil fuel extraction gathers pace exposing the work of ideologues on the right who know the challenge this poses to the free market all too well

naomi klein also challenges the failing strategies of environmental groups this changes everything argues that the deep changes required should not be viewed as punishments to fear but as a kind of gift it s time to stop running from the full implications of the crisis and begin to embrace them naomi klein is an award winning journalist syndicated columnist and author of the international bestsellers the shock doctrine and no logo she is a member of the board of directors for 350 org a global grassroots movement to solve the climate crisis a puffin foundation writing fellow at the nation institute and a former miliband fellow at the lse she holds an honorary doctor of civil laws from the university of king s college nova scotia

naomi klein s work has always moved and guided me she is the great chronicler of our age of climate emergency an inspirer of generations greta thunberg the first book for younger readers by internationally bestselling social activist naomi klein the most authoritative and inspiring book on climate change for young people yet warming seas superstorms fires in the amazon the effects of climate change are all around us reforestation school strikes for climate change young people are saving the world and you can join them because you deserve better are you ready to change everything includes notes on the covid 19 pandemic 2020 and how you can get involved to make the world a safer and better place from the great barrier reef to hurricane katrina to school environmental policies to greta thunberg climate change impacts every aspect of the world you live in and you have the power to lead the way by enacting change internationally bestselling author of the shock doctrine naomi klein with award winning children s science writer rebecca steffoff gives a powerful picture of why and how the planet is changing providing effective tools for action so that you really can make a difference

over the last 11 700 years during which human civilization developed the earth has existed within what geologists refer to as the holocene epoch now science is telling us that the holocene epoch in the geological time scale ended replaced by the onset of a new more dangerous anthropocene epoch which began around 1950 the anthropocene epoch is characterized by an anthropogenic rift in the biological cycles of the earth system marking a changed reality in which human activities are now the main geological force impacting the earth as a whole generating at the same time an existential crisis for the world s population what caused this massive shift in the history of the earth in this comprehensive study john bellamy foster tells us that a globalized system of capital accumulation has induced humanity to foul its own nest the result is a planetary emergency that

threatens all present and future generations throwing into question the continuation of civilization and ultimately the very survival of humanity itself only by addressing the social aspects of the current planetary emergency exploring the theoretical historical and practical dimensions of the capitalism's alteration of the planetary environment is it possible to develop the ecological and social resources for a new journey of hope

a long awaited guide to climate action and justice for young readers by bestselling award winning internationally acclaimed writer and climate activist naomi klein temperatures are rising all over the world leading to wildfires droughts animal extinctions and ferocious storms climate change is real but how did we get to this state and what can we do next what if we could work to protect the planet while also taking action to make life fairer and more equal for the people who live on it we can if we're willing to change everything in her first book written for young readers internationally acclaimed bestselling author and social activist naomi klein with rebecca steffof lays out the facts and challenges of climate change and the movement for climate justice using examples of change and protest from around the world including profiles of young activists from a wide range of backgrounds klein shows that young people are not just part of the climate change movement they are leading the way how to change everything will provide readers with clear information about how our planet is changing but also more importantly with inspiration ideas and tools for action because young people can help build a better future young people can help decide what happens next young people can help change everything

this changes everything capitalism vs the climate 2014 by naomi klein argues that we must act now both individually and collectively to cut greenhouse gas emissions if allowed to grow at the current pace greenhouse gas emissions will destroy the earth purchase this in depth summary to learn more

you've probably heard warnings about climate change and maybe if you're like a lot of people you haven't taken them too seriously but climate change isn't a myth or a joke at all it's a deadly serious threat backed up by scientific fact that could destroy our way of life and our entire planet we've been warned for years about the effects of climate change and soon we might find ourselves paying dearly for our negligence this book contains shocking information about the negative effects our

pollution is having around the world social activist naomi klein turns a spotlight on the industries and politicians who not only refuse to fight the issue but sometimes even make things worse filled with critical information you need to know this changes everything will open your eyes to the realities of the biggest threat this world faces today you will learn " what kind of increasingly destructive effects fossil fuels are having on earth's living creatures " how politically conservative groups stop us from fighting climate change " how corporate greed takes advantage of programs designed to fight climate change

econarratives are all around us describing and shaping human interactions with other species and the physical environment this book provides a foundational theory of econarrative drawing from narratology human ecology critical discourse analysis and ecolinguistics and offering insights from a rich variety of texts including creation myths indigenous podcasts ethical leadership speeches haiku poetry documentary films new nature writing advertisements and campaigns apocalyptic stories adopting a global transdisciplinary approach it conducts in depth analysis of specific works including the cherokee myth how the world was made the speeches of vandana shiva nightwalk by chris yates naomi klein's documentary this changes everything the podcasts of mohawk seed keeper rowen white the book of revelation and the dark mountain manifesto raising awareness of the powerful role that language plays in structuring our lives and society the book reveals narratological and linguistic features that convey activation emotion empathy identity placefulness enchantment compassion and other key factors that shape interactions with the natural world if we want real fundamental change then we must search for new econarratives to live by

a new book from new york times bestselling author bruce piasecki wealth and climate competitiveness explores how wealth both private and corporate can assist the path to climate competitiveness many of the central concerns of the twenty first century racial inequity white supremacy movements greater inclusiveness of diverse peoples are rooted in facing and overcoming prejudices both common and hidden another great challenge the role of wealth and innovation in solving the climate crisis is also riddled with disabling prejudices about how corporations work and about the rights and needs of consumers and world citizens in his twenty first book wealth and climate competitiveness the new narrative on business and society bruce piasecki argues that a set of five recurring prejudices from 1900 to 2020 have held up real progress on climate action using the examples of select firms like trane technologies and oil giants like the transforming bp piasecki sets out to define climate

competitiveness as a path to solutions that decarbonize decentralize and digitize our near future climate competitiveness involves a responsible steady resolve based focus on lessons derived from human behavior and social movements by using robin hood as a narrative example this book is designed to give you a deep understanding of the changed landscape we now face and how you can resolve to embrace climate competitiveness to drive your personal success and the corporate and institutional success of our world

1 national bestseller shortlisted for the 2024 women s prize for non fiction finalist for the national book critics circle award for criticism shortlisted for the hubert evans non fiction prize a new york times notable book vulture s 1 book of year a guardian best ideas book of the year what if you woke up one morning and found you d acquired another self a double who was almost you and yet not you at all what if that double shared many of your preoccupations but in a twisted upside down way furthered the very causes you d devoted your life to fighting against if i had to name a single book that makes sense of these last few dark years it would be this one katie roiphe the new york times book review editors choice not long ago naomi klein had just such an experience she was confronted with a doppelganger whose views she found abhorrent but whose name and public persona were similar enough to her own that many people confused her for the other for a vertiginous moment she lost her bearings and then she got interested in a reality that seems to be warping and doubling like a digital hall of mirrors it s happening in our politics as new age wellness entrepreneurs turned anti vaxxers find common cause with fire breathing far right propagandists all in the name of protecting the children it s happening in our culture as ai gobbles up music paintings fiction and everything in between and spits out imitations that threaten to overtake the originals and it s happening to many of us as individuals as we create digital doubles of ourselves filtered and curated just so for all the other duplicates to see an award winning journalist bestselling author public intellectual and activist naomi klein writes books that orient us in our time she has offered essential accounts of what branding austerity and climate profiteering have done to our societies and souls now as liberal democracies teeter on the edge klein takes aim at absurdist authoritarianism using a keen sense of the ridiculous to face the doubles that haunt us part tragicomic memoir part chilling reportage and cobweb clearing analysis doppelganger invites readers on a wild ride smashing through the mirror world charting a path beyond despair towards true solidarity

if you care about america s future read this book mark levin a must read book that shows how the green new deal is dangerous impractical misguided and guaranteed to fail with disastrous results for the american people sean hannity a new lockdown to save the climate that s what s in store for us if alexandria ocasio cortez and the democrats pass their radical climate plan the green new deal it is packed with guarantees so completely irrelevant to the problem it purports to solve like free college and incomes for everyone unable or unwilling to work that even its boosters have admitted it s not really about the climate the intrepid marc morano author of the bestselling politically incorrect guide to climate change breaks down the science and the politics to expose the truth about the green new deal the science is settled copious evidence and prominent defections from the climate consensus make clear we are not facing a man made climate disaster climate change is the perfect trojan horse for the socialist agenda of the left fossil fuels lifted the west out of poverty but our elites now want to deny them to the world s poor the green new deal is on a collision course with self government and our fundamental rights climate change has already been solved multiple times over the past two decades with highly touted international agreements and yet it never goes away as an excuse for leftist policies that will cripple our economy impoverish the world and take away our freedoms packed with telling statistics damning quotations and real science green fraud is your source for all the facts you need to understand and resist the threat

in twenty short books penguin brings you the classics of the environmental movement in hot money naomi klein lays out the evidence that deregulated capitalism is waging war on the climate and shows that in order to stop the damage we must change everything we think about how our world is run over the past 75 years a new canon has emerged as life on earth has become irrevocably altered by humans visionary thinkers around the world have raised their voices to defend the planet and affirm our place at the heart of its restoration their words have endured through the decades becoming the classics of a movement together these books show the richness of environmental thought and point the way to a fairer saner greener world

a sharp and provocative new essay collection from the award winning author of freedom and the corrections

the new york times and sunday times bestseller an ordinary person s guide to hope read this book arundhati roy as accessible as

it is brilliant owen jones a genuine page turner michelle alexander naomi klein award winning journalist bestselling author of no logo the shock doctrine and this changes everything scourge of brand bullies and corporate liars gives us the toolkit we need to survive our surreal shocking age this is a look at how we arrived at this surreal political moment how to keep it from getting a lot worse and how if we keep our heads we can flip the script remember when love was supposed to trump hate remember when the oil companies and bankers seemed to be running scared what the hell happened and what can we do about it naomi klein shows us how we got here and how we can make things better no is not enough reveals among other things that the disorientation we re feeling is deliberate that around the world shock political tactics are being used to generate crisis after crisis designed to force through policies that will destroy people the environment the economy and our security that extremism isn t a freak event it s a toxic cocktail of our times from how to trash the trump megabrand to the art of reclaiming the populist argument naomi klein shows all of us how we can break the spell and win the world we need don t let them get away with it who better than naomi to make sense of this madness and help us find a way out a top of the stack must read michael stipe naomi klein s new book incites us brilliantly to interweave our no with a programmatic yes a manual for emancipation yanis varoufakis magnificent a courageous coruscating counterspell junot díaz

1 new york times and internationally bestselling author naomi klein makes the case for a green new deal in this keenly argued well researched and impassioned manifesto the washington post an instant bestseller on fire shows klein at her most prophetic and philosophical investigating the climate crisis not only as a profound political challenge but also as a spiritual and imaginative one delving into topics ranging from the clash between ecological time and our culture of perpetual now to the soaring history of humans changing and evolving rapidly in the face of grave threats to rising white supremacy and fortified borders as a form of climate barbarism this is a rousing call to action for a planet on the brink an expansive far ranging exploration that sees the battle for a greener world as indistinguishable from the fight for our lives on fire captures the burning urgency of the climate crisis as well as the fiery energy of a rising political movement demanding a catalytic green new deal naomi klein s work has always moved and guided me she is the great chronicler of our age of climate emergency an inspirer of generations greta thunberg climate activist if i were a rich man i d buy 245 million copies of naomi klein s on fire and hand deliver them to

every eligible voter in america klein is a skilled writer jeff goodell the new york times

an instant new york times bestseller china has concentration camps now why do westerners claim our sins are unique it is now in vogue to celebrate non western cultures and disparage western ones some of this is a much needed reckoning but much of it fatally undermines the very things that created the greatest most humane civilization in the world in the war on the west douglas murray shows how many well meaning people have been fooled by hypocritical and inconsistent anti west rhetoric after all if we must discard the ideas of kant hume and mill for their opinions on race shouldn't we discard marx whose work is peppered with racial slurs and anti semitism embers of racism remain to be stamped out in america but what about the raging racist inferno in the middle east and asia it's not just dishonest scholars who benefit from this intellectual fraud but hostile nations and human rights abusers hoping to distract from their own ongoing villainy dictators who slaughter their own people are happy to jump on the america is a racist country bandwagon and mimic the language of antiracism and pro justice movements as pr while making authoritarian conquests if the west is to survive it must be defended the war on the west is not only an incisive takedown of foolish anti western arguments but also a rigorous new apologetic for civilization itself

in this vibrant collection of essays photos montages and quotes the founder of the body shop encourages consumers to challenge the destructive aspects of globalization contributors include the dalai lama peter gabriel julia butterfly hill and ralph nader full color

touch the reality showcases concepts and practices that transfer artistic work into a socio political domain and how they employ an aesthetic of the performative activism and the public space in the process

this work challenges the reluctance that exists within anthropology to pursue alternative strategies of research creation and exhibition and argues that contemporary artists and anthropologists have much to learn from each other's practices
