in the life and undeath of autonomy in american literature geoff hamilton charts the evolution of the fundamental concept of autonomy in the american imaginary across the span of the nation's literary history whereas america's ideological roots are typically examined in relation to enlightenment europe this book traces the american literary representation of autonomy back to its pastoral political and ultimately religious origins in ancient greek thought tracking autonomy's evolution in america from the declaration of independence to contemporary works hamilton considers affinities between american and greek literary characters natty bumpo and odysseus emerson's poet and socrates cormac mccarthy's judge holden and calicles and reveals both what american literary history has in common with that of ancient greece and what is distinctively its own the author argues for the link with antiquity not only to understand better the boundaries between self and society but also to show profound transitions in the understanding of autonomy from a nourishing liberty of fulfillment through an aggressive agency destructive to both human and natural worlds to a sterile isolation and detachment the result is an insightful analysis of the history of individualism the evolution of frontier mythology and american romanticism and the contemporary representation of social alienation and violent criminality

widely regarded as one of the foremost cultural critics of the last century walter benjamin's relation to modernism has largely been understood in the context of his reception of the aesthetic theories of early german romanticism and his associated interest in avant garde surrealism but this romantic understanding only gives half the picture running through benjamin's thought is also a critique of romanticism developed in conjunction with a positive engagement with the philosophical artistic and historical writings of j w von goethe in demonstrating the significance of these goethean elements this book challenges the dominant understanding of benjamin's philosophy as essentially romantic and instead proposes that goethe's classicism conceived as the counterpoint to romanticism permits a corrective to the latter's deficiencies benjamin's modernist concept of criticism it is argued is constituted in the movement between these polarities of romanticism and classicism conversely placing goethe's classicism in relation to benjamin's practice of literary criticism reveals historical tensions with romanticism that constitute the untimely indeed it will be argued cinematic modernism of his work adopting a transcritical approach this book alternates between benjamin and goethe in relation to the experiences of colour language and technology assembling a constellation of philosophical and artistic figures between them including the writings of kant nietzsche cohen deleuze koselleck klages and the work of grünewald marées klee turner hulme eisenstein tretyakov and murnau

library marketing and advertising in schools are now very widespread practices since libraries and schools have been strongly linked to economic performance adopting marketing and advertising techniques into them is often seen as a natural extension of that linkage but should that be the case john buschman argues that as we shape and guide our educative institutions we should carefully consider the consequences in libraries classrooms and the interests of democracy marking the limits of neoliberalism dr buschman details the connections between our educative institutions and democracy and the resources within democratic theory reflecting on the tensions between marketing advertising consumption and democracy drawing on wide scholarship to explore some of the history of democratic theory and its intertwinements with capitalism the author helps the reader think about how democracies can deal with the challenges of this current historical phase the complex arguments of de toqueville dewey marx and many others help clarify how the market has pierced classrooms and libraries with advertising and marketing and why this is of concern in the interests of democracy in this volume buschman provides a history of marketing and advertising and their entanglements with democracy education and libraries he then engages democratic theory and the framework it

provides to critique neoliberalism s influences a final chapter traces the trajectory of neoliberalism and educative institutions on our democracy throughout the book makes clear that issues concerning public educative institutions in a democracy are political a provocative and engaging book libraries classrooms and the interests of democracy should be required reading for anyone interested in the challenges facing libraries today
