the masculinity of those who serve in the american military would seem to be beyond reproach yet it is full of contradictions to become a warrior one must renounce those things in life that are perceived to be unmasculine yet at the same time the military has encouraged and even mandated warriors to do exactly the opposite with the expansion of america's overseas ambitions after 1898 warriors have been compelled to cultivate aspects of themselves which under any other circumstances would seem unmasculine the creation of a masculine armed force therefore has required a surprising degree of engagement with the unmasculine while at the same time requiring warriors to maintain a strict disavowal of those very same unmasculine things against which they define themselves in *Bring Me Men* Aaron Belkin explores these contradictions in great detail and shows that their invisibility has been central to the process of concealing american empire's nastiest warts maintaining the warrior's heroic image has involved displacing negative aspects of military masculinity's contradictions onto demonized outcasts especially women gay men and lesbians and african americans ironically these scapegoats of military masculinity have not distanced themselves from the armed forces but have stabilized the benign facade of empire as they sought to gain admittance to the community of warriors by examining case studies that expose these contradictions the phenomenon of male on male rape at the u.s. naval academy for example as well as historical and contemporary attitudes toward cleanliness and filth belkin utterly upends our understanding of the relationship between warrior masculinity and american empire and the fragile processes sustaining it

proven principles of leadership from a veteran fighter pilot and military leader in *Flying in the Face of Fear* lessons on leading with courage former fighter pilot and retired air force colonel kim campbell delivers an inspiring and practical discussion of leadership and decision making in the book you'll follow the author's journey through the principles that got her through her 24 year career in the high stakes and high risk world of aerial combat you'll discover lessons and stories that will serve as a resource for you as you lead your students employees and others through the challenges of life and work learning to create a positive impact and make a big difference in the lives of the people who follow you you'll also find specific strategies and techniques for leading in situations of extreme stress and risk methods for female leaders to overcome the challenges of working in male dominated environments ways to act in critical moments by recognizing that being brave and afraid at the same time is both normal and necessary an essential leadership blueprint for business and military professionals seeking to improve their ability to inspire others to greater achievements flying in the face of fear will also earn a place in the libraries of young and mid career professionals looking for mentorship and sound proven advice
