tackling important philosophical questions on modernity what it is where it begins and when it ends przemyslaw tacik challenges the idea that modernity marks a particular epoch and historicises its conception to offer a radical critique of it his deconstruction

informed critique collects and assesses reflections on modernity from major philosophers including hegel heidegger lacan arendt agamben and i ek this analysis progresses a new understanding of modernity intrinsically connected to the growth of sovereignty as an organising principle of contemporary life he argues that it is the idea of modernity as a taken for granted era which is positioned as the essential condition for making linear history possible when it should instead be history in and of itself which dictates the existence of a particular period using hegel s notion of spirit to trace the importance of sovereignty to the conception of the modern epoch within german idealism tacik traces hegel s influence on heidegger through reference to the star in his late philosophy which represents the hope of overcoming the metaphysical poverty of modernity this line of thought reveals the necessity of a paradigm shift in our understanding of modernity that speaks to contemporary continental philosophy theories of modernity political theory and critical re assessments of marxism

a bible student reference a new testament prophecy of a falling away from truth into apostasy and lawlessness in the final generation before jesus christ returns in glory is being fulfilled now and is shortly to end yet christianity has overwhelmingly moved so far from its first century roots that it could not even recognise this or that christ s return is therefore now almost upon us how and why this is the case is here explained thoroughly and logically with many examples directly from the word of god in god s saving plan for the world everyone must in time make a free will choice to become part of the israel of god in order to access eternal life in the kingdom of god the route to take is the strait and narrow way mat 7 13 14 that very few have so far found and it involves the biblical new and old covenants which both apply to this israel embark on this voyage only if you are willing to be challenged about some basic christian preconceptions be a serious open minded bible student and trust what the bible teaches but remember that time is short what the bible has taught me i see as both vital and urgent for our eternal salvation yet i know of no church or individual theologian who teaches what this book deals with in any substantive way be prepared for major challenges to your understanding just as god has challenged me in the epistles paul refers to two israels whom he calls israel after the flesh i cor 10 18 and the israel of god gal 6 16 i focus mainly on the latter but i also explain an unexpected but critically important connection between them dependent on the teaching nearly all christian denominations either teach nothing at all on it or almost the opposite of what scripture repeatedly showed me looking back i find this absolutely staggering very few christians understand that the new covenant also only applies to israel as i will clearly show i no longer believe that the nt new testament can be fully understood without this extra israel dimension had i felt i could deliver this in a more light hearted way i would have done so but its implications are too awesome and fundamental to our eternal life prospects for that
