leadership argues that finding satisfaction and sanity at work requires the development of both ambition and acceptance while these traits seem to be at odds with one another marques shows that each one has positive and negative elements and the trick is balancing the useful aspects of each to maximize success the book defines this balance and its relationship to success featuring real world examples useful diagrams and cases to encourage students to reflect on how to apply these principles to their own lives laying the foundation for

understanding the need to develop both ambition and acceptance and providing the context for what performance means in modern times marques presents a framework for growing in one's own career students learn how to evaluate competing impulses and how to make critical decisions to define career success students of career development leadership and organizational behavior classes will appreciate its grounded engaging writing style

let's begin with the basics violence is an inherent part of policing the police represent the most direct means by which the state imposes its will on the citizenry they are armed trained and authorized to use force like the possibility of arrest the threat of violence is implicit in every police encounter violence as well as the law is what they represent using media reports alone the cato institute's last annual study listed nearly seven thousand victims of police misconduct in the united states but such stories of police brutality only scratch the surface of a national epidemic every year tens of thousands are framed blackmailed beaten sexually assaulted or killed by cops hundreds of millions of dollars are spent on civil judgments and settlements annually individual lives families and communities are destroyed in this extensively revised and updated edition of his seminal study of policing in the united states kristian williams shows that police brutality isn't an anomaly but is built into the very meaning of law enforcement in the united states from antebellum slave patrols to today's unarmed youth being gunned down in the streets peace keepers have always used force to shape behavior repress dissent and defend the powerful our enemies in blue is a well researched page turner that both makes historical sense of this legalized social pathology and maps out possible alternatives kristian williams is the author of several books including american methods torture and the logic of domination he co edited life during wartime resisting counterinsurgency and lives in portland oregon

the encyclopedia of library and information sciences comprising of seven volumes now in its fourth edition compiles the contributions of major researchers and practitioners and explores the cultural institutions of more than 30 countries this major reference presents over 550 entries extensively reviewed for accuracy in seven print volumes or online the new fourth edition which includes 55 new entries and 60 revised entries continues to reflect the growing convergence among the disciplines that influence information and the cultural record with coverage of the latest topics as well as classic articles of historical and theoretical importance
