this breakthrough handbook for mental health professionals and educators offers practical hands on information for conducting assessments and providing treatments that take the entire family system into account rich with research that shows women are abusive within relationships at rates comparable to men the book eschews the field's reliance on traditional domestic violence theory and treatment which favors violence interventions for men and victim services for women and ignores the dynamics of the majority of violent relationships thus the author identifies and measures protocols that help practitioners make accurate assessments for both men and women and then carefully selects the treatment modality and curricula for group couples and or individual work that will help clients break their particular cycle of violence while ensuring victim safety
