we had hoped it was he the messiah who would redeem israel luke 24 21 in this book you will learn that the religion jesus founded was not gentile or called christianity the name christianity is not found in the new testamenta work authored by jews who followed jesus that the religion of jesus was a form of

judaism that revolved around the hebrew concept of brit hadashah meaning new covenant this concept first appeared in the writings of jeremiah one of the great prophets of judaism that to achieve the full task jews have expected of their messiah of redeeming israel and completing gentile world salvation there have been three separate stages in the work of jesus the messiah 1 the atonement resurrection stage 2 the gentile stage represented by two thousand years of gentile christianity and 3 the jewish or jewish redemption stage that with regard to the messiahs prophecy on jerusalem and on the completion or fulfillment of his gentile stages see luke 21 24 jerusalem will be trampled on by the gentiles until the times of the gentiles are fulfilled on june 7 1967 the day jerusalem fell to jews the messiahs prophecy was fulfilled hence with june 7 1967 formally marking the end of the messiahs gentile or christian stage the messiahs final or jewish stage has already begun that with the times of the gentiles or christianity over why christians must adjust and reorient themselves to the new jewish era and reality that is rising many other topics of vital relevance to our present transitional era from gentile christian to jewish centered times where world history is quickly reaching a tumultuous climax centered on the jews jesus the messiah and the messiahs new covenant judaism as the winning side of end time history

for over one hundred years the international critical commentary has had a special place amongst works on the bible this new volume on galatians brings together all the relevant aids to exegesis linguistic textual archaeological historical literary and theological to enable the scholar to have a complete knowledge and understanding of this new testament book tuckett incorporates new evidence available in the field and applies new methods of studies no uniform theological or critical approach to the text is taken

this book is a critical inquiry into three ideas that have been at the heart of philosophical reflection since time immemorial freedom god and immortality their inherent connection has disappeared from our thought we barely pay attention to the latter two ideas and the notion of freedom is used so loosely

today that it has become vacuous axel hutter s book seeks to remind philosophy of its distinct task only in understanding itself as human self knowledge that articulates itself in these three ideas will philosophy do justice to its own concept in developing this line of argument hutter finds an ally in thomas mann whose novel joseph and his brothers has more to say about freedom god and immortality than most contemporary philosophy does through his reading of mann s novel hutter explores these three ideas in a distinctive way he brings out the intimate connection between philosophical self knowledge and narrative form mann s novel gives expression to the depth of human self understanding and thus demands a genuinely philosophical interpretation in turn philosophical concepts are freed from abstractness by resonating with the novel s motifs and its rich language narrative ontology is both a highly original work of philosophy and a vigorous defence of humanism it brings together philosophy and literature in a creative way it will be of great interest to students and scholars in philosophy literature and the humanities in general
