interior design as a relatively young discipline within the academic world of design has historically been interpreted as an extension of other fine arts narratives exist but they all too often treat interior design as a function of architecture or display rather than experience an independent interior design theory is virtually nonexistent professor lois weingthal envisions a future where interior design is treated with parity to architecture and industrial design a future with a new interior a reader for architects and interior designers weingthal has carefully curated a collection of forty eight essays that will form the foundation of interior design theory and shape future interior space her introductory essays illuminate each source prefacing and directing discussion of the material as it relates to interior design theory alluding to le corbusier s classic text she has organized this material into a framework that

inspires conversation marking a break with the past and forming a new vocabulary for the discourse contributions to the book's eight sections include essays by David Batchelor Aaron Betsky Petra Blaissé Andrew Blauvelt Beatriz Colomina Le Corbusier Robin Evans Adolf Loos Ellen Lupton Charlotte Perkins Gilman Michel Serres Henry Urbach Wim Wenders and Mark Wigley

Interior Design on Edge explores ways that interiors both constitute and upset our edges whether physical conceptual or psychological imagined implied necessary or discriminatory the essays in this volume explore these questions in history theory and praxis through a focus on different periods cultures and places Interior Design on Edge showcases new scholarship that expands and contests traditional relationships between architecture interiors and the people that use and design them provoking readers to consider the interior differently moving beyond its traditional architectural definition focusing on the concept of interiority considered in a wider sense it draws on interdisciplinary modes of investigation and analysis and reflects the latest theoretical developments in the fields of interior design history and practice with new research from both established and emerging authors this volume will make a valuable contribution to the fields of interior design architecture art and design history cultural history visual culture studies and urban studies

Theorising Interior Architecture and Design Identity Practices Education and Beyond looks at interior architecture and design from a contemporary and international perspective this book takes theory building to be one of the most important activities for a discipline it explores the interior discipline's theoretical dimension and its pedagogical professional and creative practices in different settings across the globe organised in four thematic sections and an epilogue 20 chapters discuss vital aspects of contemporary interior architecture and design how has the interior discipline which for decades has been classified as emerging or relatively young over the past decades come of age academically in practice and in theory why is the identity of interiors a complex issue and how does this relate to theoretical concepts like surface interior exterior or time how can we think about the different roles of creative and professional practice or about interior education and the way it reflects and shapes interior identities and what lies beyond supposed disciplinary boundaries Theorising Interior Architecture and Design brings together 28 leading established and emerging interior educators researchers theorists and professionals who connect 17 countries on four continents detailed studies of culturally specific interior histories regional educational perspectives and national professional frameworks are complemented by authoritative theoretical discussions this book's scrutinising discourse provides a compelling theorisation of interiors as a multi-lingual culturally situated discipline it is an essential reading for everyone concerned

with interiors practising studying or working in educational and professional institutions

interior provocations history theory and practice of autonomous interiors addresses the broad cultural historical and theoretical implications of interiors beyond their conventionally defined architectural boundaries with provocative contributions from leading and emerging historians theorists and design practitioners the book is rooted in new scholarship that expands traditional relationships between architecture and interiors and that reflects the latest theoretical developments in the fields of interior design history and practice this collection contains diverse case studies from the late eighteenth century to the twenty first century including alexander pope s memorial garden design indaba and robin evans it is an essential read for researchers practitioners and students of interior design at all levels

in a world where life is increasingly defined by the spaces we inhabit understanding interiors is essential to understanding ourselves the interiors theory primer maps the intellectual terrain of interior design and spatial experience introducing readers to key concepts that shape how people occupy interior spaces organized into three parts this book begins with foundational concerns such as place identity materiality and atmosphere and then examines the boundaries and expertise of the discipline before turning to critical and emerging topics like biophilia virtuality and social justice each chapter presents a focused literature review of a major theme in interiors theory supported by key design precedents and suggestions for further reading drawing on a wide range of scholarship the interiors theory primer offers a coherent framework for understanding interiors as a distinct interdisciplinary field deeply embedded in the human condition accessible to students useful to professionals and provocative for scholars the interiors theory primer argues that the designed environments in which we live work and gather deserve greater attention not only for their aesthetic and functional qualities but also for their powerful role in shaping contemporary life

interior design has shifted significantly in the past fifty years from a focus on home decoration within family and consumer sciences to a focus on the impact of health and safety within the interior environment this shift has called for a deeper focus in evidence based research for interior design education and practice research methods for interior design provides a broad range of qualitative and quantitative examples each highlighted as a case of interior design research each chapter is supplemented with an in depth introduction additional questions suggested exercises and additional research references the book s subtitle applying interiority identifies one reason why the field of interior design is expanding namely all people

wish to achieve a subjective sense of well being within built environments even when those environments are not defined by walls the chapters of this book exemplify different ways to comprehend interiority through clearly defined research methodologies this book is a significant resource for interior design students educators and researchers in providing them with an expanded vision of what interior design research can encompass

black enterprise is the ultimate source for wealth creation for african american professionals entrepreneurs and corporate executives every month black enterprise delivers timely useful information on careers small business and personal finance

extra ordinary interiors features research articles and visual essays by academics research students and practitioners that demonstrate contemporary modes of criticality and reflection on specific interior environments in ways that expand upon that which is ordinary of the everyday common banal or taken for granted

the handbook of interior architecture and design offers a compelling collection of original essays that seek to examine the shifting role of interior architecture and interior design and their importance and meaning within the contemporary world interior architecture and interior design are disciplines that span a complexity of ideas ranging from human behaviour and anthropology to history and the technology of the future approaches to designing the interior are in a constant state of flux reflecting and adapting to the changing systems of history culture and politics it is this process that allows interior design to be used as evidence for identifying patterns of consumption gender identity and social issues the handbook of interior architecture and design provides a pioneering overview of the ideas and arrangements within the two disciplines that make them such important platforms from which to study the way humans interact with the space around them covering a wide range of thought and research the book enables the reader to investigate fully the changing face of interior architecture and interior design while offering questions about their future trajectory

a collection of essays from prominent thinkers in the field of interiors topics touched upon in this collection ranges from cushions curtains and feminism the relationship between the interior and the enclave in the contemporary age of terror the regulation of the profession of interiors and the representation of the interior on the written page and in history with various debates on the identity the profession and the regulation of interior design essays on the relationship between theory and practice in interiors and case studies from and reflections upon the education of the interior designer this collection of writings is essential reading for anyone with an

interest in interior design

the world's most singular severely elegant collection of contemporary furniture has been created by nicos zographos he has produced hundreds of striking designs for thousands of spaces in america and europe this volume features color photographs of his interior design projects as well as dramatic duotone images of his furniture
