first steps in the law is an entertaining and insightful overview of the legal system geoffrey rivlin who boasts a wealth of experience as a former senior resident judge barrister and qc leads the reader through the quirks of english law offering fascinating details readers are regaled with lively descriptions of the workings of the legal system and vivid tales of the law in times gone by real life cases bring the book to life enabling the reader to see the law in action while descriptions of the participants in the legal system including judges lawyers and police officers root the book in the everyday reality of the legal profession this is an essential read for anyone who is preparing for a law course or requires an understanding of the law in their working life

the international law on the use of force is one of the oldest branches of international law it is an area twinned with the emergence of international law as a concept in itself and which sees law and politics collide the number of armed conflicts is equal only to the number of methodological approaches used to describe them many violent encounters are well known the kosovo crisis in 1999 and the us led invasion of iraq in 2003 spring easily to the minds of most scholars and academics and gain extensive coverage in this text other conflicts including the belgian operation in stanleyville and the ethiopian intervention in somalia are often overlooked to our peril ruys and corten s expert written text compares over sixty different instances of the use of cross border force since the adoption of the un charter in 1945 from all out warfare

to hostile encounters between individual units targeted killings and hostage rescue operations to ask a complex question how much authority does the power of precedent really have in the law of the use of force

confirmation bias in criminal cases takes a multi disciplinary approach to assessing confirmation bias among criminal justice practitioners combining criminal law psychology criminology medicine and anthropology the book analyses case studies from international jurisdictions and utilizes a research based approach to confirmation bias
