when most people hear the phrase martial arts they usually think of those of the far east and it is true that most of the ancient martial arts that people have heard of did originate there however most countries also developed fighting skills may centuries ago for example boxing and wrestling featured in the olympic games in greece thousands of years ago however there are also more modern recognised martial arts like french kick boxing brazilian jiu jitsu korean tae kwando and japanese aikido if you search online for x martial art where x is your target country you will discover more i hope that you will find the information helpful useful and profitable when most people hear the phrase martial arts they usually think of those of the far east and it is true that most of the ancient martial arts that people have heard of did originate there however most countries also developed fighting skills may centuries ago for example boxing and wrestling featured in the olympic games in greece thousands of years ago however there are also more modern recognised martial arts like french kick boxing brazilian jiu jitsu korean tae kwando and japanese aikido if you search online for x martial art where x is your target country you will discover more so far we have only mentioned physical martial arts there are also others like archery and javelin throwing in other words most people's understanding on the phrase martial arts is too limited one should think of martial as war fare and arts as skills or methods it opens up the scope of the words the information in this ebook on various aspects of martial arts both eastern and western is organised into 16 chapters of about 500 600 words each translator owen jones publisher tektime

with the aid of superb line artworks unarmed combat demonstrates how different martial arts have been combined by special forces units to create hand to hand combat systems for defence against multiple assailants and explains what works and what doesn't the book is the definitive guide for anyone wanting to be ready for anything

this is a masterly study of generalship in napoleons grande arme napoleon arguably had the greatest collection of military talent to ever serve one man working for him during the period 1800 15 the role of the marshals of the empire has been covered many times and due credit is also given to them here however for the first time kevin kiley also examines in depth the contribution of the generals who never made that rank fifty two general officers some well known and some not are examined using the battles they fought to illustrate just how valuable they were from marengo in 1800 to ligny in 1815 both french victories and defeats are studied in meticulous detail each chapter covering a

battle fought and the generals who commanded them diverse source material has been consulted in the preparation of this volume including after action reports memoirs and correspondence from officers including senarmont eble drouot teste marmont and davout as well as from lesser known characters such as the artillerymen boulart and nol and the polish cavalryman niegelewski who led the final dash up the pass of somosierra furthermore those closest to napoleon such as fain and marchand give their piece and provide invaluable information taken individually this material paints a vivid picture of the grande arme and those who led it into fire taken as a whole it provides an invaluable source and tells the remarkable story of the officers without whom napoleon could never have achieved as much

andidora tells the story of four men who successfully commanded battlefleets in the 20th century japan s heihachiro togo england s john jellicoe and america s william halsey and raymond spruance this study provides personality profiles and detailed accounts of their major battles analyzing their command decisions based on what each commander knew or could have reasonably inferred at the time decisions were made andidora compares their accomplishments to those of horatio nelson who delivered stunning naval victories for england during the napoleonic wars however he concludes that the nelsonian standard is inappropriate in the modern naval environment due to the increased size and technological complexity of modern fleets and the political imperative to preserve costly and strategically significant naval assets trained in england and acquiring the skill and spirit of nelson s heirs togo annihilated his russian opponents at the battle of tsushima in the russo japanese war and therefore produced the 20th century s only facsimile of nelson s trafalgar despite heavy losses against a numerically inferior german navy at jutland jellicoe s single minded adherence to an unpopular strategy would prove instrumental in achieving final victory in the first world war although strikingly different in personality and leadership style halsey and spruance would both do their part in the naval battles of the second world war in the battle of the philippine sea spruance would deal japanese naval aviation a blow from which it would never recover while at the battle of leyte gulf halsey would essentially eliminate the japanese navy as an effective fighting force

memoirs of a jew who was born in 1929 in a suburb of paris to a family of polish immigrants in july 1942 the family narrowly escaped the great roundup after which his parents helped by french friends sent jeruchim his brother michel and his sister alice into hiding in normandy between 1942 44 they were hidden by french peasants in various villages in august 1944 they were liberated by the americans the parents were

deported by the nazis and perished after the war jeruchim settled in the usa

shafir offers techniques based on the zen concept of mindfulness to teach how to filter out distractions and focus on listening includes strategies for building relationships stress management and strengthening negotiating skills

this title addresses hitler s use of experimental weaponry and questions whether his campaign would have been a greater success if he had put more of his resources into manufacturing mass produced weapons should hitler have put so much emphasis on the development of exotic long range weapons such as the v series rockets or would he have served his war machine better if those resources had been routed into conventional manufacturing what effect did the v weapons have on british morale and was it worth the price
