the book criminal proceedings languages and the european union linguistic and legal issues the first attempt on this subject deals with the current situation in the jurislinguistic studies which cover comparative law language and translation towards the aim of the circulation of equivalent legal concepts in systems which are still very different from one another in the absence of common cultures and languages in criminal procedure it is possible to distinguish features that are typical of common law systems and features that are typical of civil law systems according to the two different models of adversarial and inquisitorial trials therefore the most problematic challenges are for the european union legislator to define generic measures that can be easily implemented at the national level and for the individual member states to choose corresponding domestic measures that can best implement these broad definitions so as to pursue objectives set at the european level in this scenario the book assesses the new framework within which criminal lawyers and practitioners need to operate under the lisbon treaty part i and focuses on the different versions of its provisions concerning cooperation in criminal matters which will need to be implemented at the national level part iii the book analyses the issues raised by multilingualism in the eu decision making process and subsequent interpretation of legal acts from the viewpoint of all the players involved eu officials civil penal and linguistic lawyers part ii explores the possible impact of the eu legal acts concerning environmental protection where the study of ascending and descending circulation of polysemantic words is especially relevant part iv and investigates the new legal and linguistic concepts in the field of data retention protection of victims european investigation orders and coercive measures part v

this book examines the criminalisation of denials of genocide and of other mass atrocities in europe and discusses the implications of protecting institutional historical memory through criminal law the analysis highlights the tensions with free speech investigating the relationship between criminal law and historical memory the book paves the way for a broader discussion about fake news post truth scenarios and free expression in a digital world the author underscores the need to protect well founded factual records from the dangers of misinformation historical denialism and the related jurisprudence represent a key step in exploring this complex field the book combines an interdisciplinary approach with criminal law methodology it is primarily aimed at academics practitioners and others who wish to deepen their understanding of historical denialism remembrance laws speech crimes and freedom of expression emanuela fronza is senior research fellow in criminal law and lecturer in international and european criminal law at the school of law

university of bologna she is a principal investigator within the eu research consortium memory laws in european and comparative perspectives funded by hera humanities in the european research area

reasonableness is at the centre of legal debate both in academic circles and in practice this unique reference work adopts an interdisciplinary perspective merging jurisprudence legal theory political philosophy and the different branches of law all aspects relating to reasonableness and law are addressed by the most prominent scholars in the field in the first part of the book the focus is on jurisprudential analyses of the concept of reasonableness and on its moral political and constitutional implications in the second part reasonableness is examined in the different fields of law like public private and international law here in more detail the practical consequences of reasonableness are worked out making this work of interest to practitioners as well as legal theorists

this book deals with human rights in european criminal law after the lisbon treaty doubtless the lisbon treaty has constituted a milestone in the development of european criminal justice not only has the reform following the treaty given binding force to the eu charter of fundamental rights but furthermore it has paved the way for unprecedented forms of supranational legislation in this scenario the enforcement of individual rights in criminal matters has become a core goal of eu legislation alongside these developments new interactions between national and supranational jurisprudences have emerged which have significantly contributed to a human rights oriented approach to european criminal law the book analyses the main developments of this complex phenomenon from an interdisciplinary perspective criminal and procedural law constitutional law and comparative law must thus be combined to achieve a full understanding of these developments and of their impact on national law

what is the situation of people who are unable to make decisions due to a physical or mental change this book gives impulses and answers to many ethical economical and mainly legal questions which arise and are associated with the end of life a universal human rights approach and the analysis of the relevant european law are put in front of the presentation of the national legal situations in italy and germany the most topical and controversial issues concerning advance care planning are presented as well as a transnational economic analysis on the effects of advance care planning

globalisation has opened new avenues to corruption corrupt practices are proliferating not only within national borders but across different countries despite many national and international anti corruption bodies and strategies corruption far from being eradicated there is an urgent global demand for a better understanding of corruption as a phenomenon and a thorough

assessment of the existing regulatory remedies towards the establishment of more effective and possibly uniform anti corruption measures our previous collection corruption in the global era routledge 2019 analysed the causes the sources and the forms of manifestation of global corruption an ideal continuation of that volume this book moves from the analysis of the phenomenon of corruption to that of the regulatory remedies against corruption and for the promotion of integrity corruption integrity and the law provides a unique interdisciplinary assessment of the global anti corruption legal framework the collection gathers top experts in different fields of both the academic and the professional world including criminal law eu law international law competition law corporate law and ethics it analyses legal instruments adopted not only at a supranational level but also by different countries in the attempt of establishing an interdisciplinary and comparative dialogue between theory and practice and between different legal systems towards a better global promotion of integrity this book will be of value to researchers academics and students in the fields of law criminology sociology economics ethics as well as professionals especially solicitors barristers businessmen and public servants

environmental crime is a growing challenge for policy makers and law enforcers this is an important and timely study which examines in depth how environmental crime is treated at national level within the european union and the impact of the 2008 eu directive on environmental crime on national systems it will be required reading by anyone concerned with making environmental law more effective richard macrory emeritus professor university college london the aim of this important new collection is to explore how environmental crime is controlled and environmental criminal law is shaped and implemented within the european union and its member states it examines the legal framework looking in particular at directive 2008 99 ec and the specific competences of the eu in this domain in addition it provides a detailed analysis of environmental criminal law in seven member states focusing inter alia on the basic legislation the way in which environmental pollution is criminalised and the main actors in place to enforce environmental criminal law in so doing it provides a much needed explanation of the evolution of environmental criminal law in europe at union level and how this is implemented in selected member states
