although this is the author s first book the content is derived from more than 50 years of associated business educational and practical experience related to property management operations and systems dick s early and recent business experience and education are summarized in the authors bio in 1994 he opened his office and devoted full time to property management systems sales training and support at one point his company had a clientele of over 700 fee property managers and owner operators using 4 different systems

in addition to the uniqueness of the author's experience associated with the book's content it also appears the book is unique in that it appears that similar published content is a rarity there are property management how to and college textbooks in abundance but general property management systems content publications are rare to possibly non-existent this book came about because of the lack published generic property management systems content readers most likely will sense the author's interest in improving property management operations and motivating managers to truly understand and manage their systems for the most part the chapter subjects were derived by other property management books the subjects however were then presented from a systems perspective innovative features and technology associated with the chapter subjects are suggested order to improve productivity reduce operating costs increase revenue and improve the bottom line based on the importance of property management systems today the lack of awareness and interest among senior management and principals in regards to their system is significant the book encourages managers and principals to re-evaluate their systems and to apply management principles towards ongoing improvements the improvements are acquired through expanded staff training and an ongoing commitment to implement the of advanced features and system upgrades that are most ben

in order to realize the maximum value of an investment property effective property management is crucial to all owners while most owners rely on agency or in-house property managers to take care of their properties some will personally manage their own regardless professional knowledge is required to attain maximum revenue with minimum costs and ensure that the property value is not placed in jeopardy this book is a practical guide that helps property managers employees and owners manage their residential rental buildings effectively and professionally emphasizing the balance between responsibility and service to the owners and tenants
