leading authorities on white collar crime explore the inner workings of the individuals corporations and

government agencies implicated in the abuse of their economic and societal privileges the timely essays deal with the definition and theory of white collar crime victimization enforcement and the sanctioning of organizations and individuals back cover

this is a good textbook for undergraduate students as it explains clearly and simply the concepts and types of white collar crime provides good examples and does not overwhelm the student with unnecessary information in most areas cindy a boyles university of tennessee at martin the thoroughly updated second edition of white collar crime the essentials continues to be a comprehensive yet concise resource addressing the most important topics students need to know about white collar crime author brian k payne provides a theoretical framework and context for students that explores such timely topics as crimes by workers sales oriented systems crimes in the health care system crimes by criminal justice professionals and politicians crimes in the educational system crimes in economic and technological systems corporate crime environmental crime and more this easy to read teaching tool is a valuable resource for any course that covers white collar crime online resources also available free when used with the new edition

this open access book examines the magnitude causes of and reactions to white collar crime based on the theories and research of those who have uncovered various forms of white collar crime it argues that the offenders who are convicted represent only the tip of the iceberg of a much greater problem because white collar crime is forced to compete with other kinds of financial crime like social security fraud for police resources and so receives less attention and fewer investigations gottschalk and gunnesdal also offer insights into estimation techniques for the shadow economy in an attempt to comprehend the size of the problem holding broad appeal for academics practitioners in public administration and government agencies this innovative study serves as a timely starting point for examining the lack of investigation detection and conviction of powerful white collar criminals

white collar crime an opportunity perspective analyzes white collar crime within a coherent theoretical framework using the opportunity perspective which assumes that all crimes depend on offenders recognizing an opportunity to commit an offense the authors uncover the processes and situational conditions that

facilitate white collar crimes in addition they offer potential solutions to this persistent and widespread social problem without being reductive in their treatment of the difficulties of control with this third edition benson and simpson have added substantive online teaching materials and expanded their coverage with up to date case studies and discussions of recent investigations into white collar crime and control these timely updates reaffirm this accessible and rigorous book as a core resource for courses on white collar crime

this book serves as a comprehensive treatment of the main financial and public malfeasance crimes associated with the subject of white collar crime in student friendly form it teaches the operations of the major federal statutes in this area while unifying them according to the dominant cross cutting themes of the nature of corruption and the types of harms to society government the legal system and the market that justify the severity of these laws it draws on case material not just from the supreme court but also from the lower federal courts where the hard work of implementing confessional mandates occurs in such areas as securities fraud it also covers the agency regulations that play an implementing role thus it offers students rich exercises in statutory interpretation as well as case analysis highlights of the first edition materials on perjury false statements and obstruction of justice that are extremely timely in light of political controversies that reach back to the nixon and clinton administrations and are still relevant today careful elaboration of the different crimes of bribery including bribery of federal officials under 18 u s c section 201 bribery of state and local officials under the mail and wire fraud laws and federal program bribery law and the foreign corrupt practices act concise treatment of criminal securities fraud and insider trading for students who have not otherwise studied securities regulation extended treatment of the major mens rea issues in white collar crime as an advanced version of the subject of mens rea in the standard first year criminal law course with emphasis on such important doctrines as deliberate ignorance and the mental state of corruptly professors and students will benefit from concisely edited case excerpts in very readable form handy appendix with texts of all major statutes covered in the book short provocative notes raising questions of jurisprudence and social philosophy around problems of overcriminalization and the meaning of the concept of corruption concise non technical material on cybercrime to show how modern technology raises themes of corruption similar to those of more conditional crimes

in the period between the 1840s and the 1920s the british economy was transformed from small scale capitalism dominated by individual traders and partnerships to a complex financial structure dominated by large joint stock companies the tremendous growth of big business created a world of new opportunities for criminal exploitation the promotion and management of public companies and the trading of commercial securities proved vulnerable to the white collar crimes of fraud and embezzlement problems of financial fraud were exacerbated by a climate of laissez faire which championed the most permissive commercial legislation in the world and white collar crime wreaked havoc on the modern british economy this new book examines the spread of white collar crime from the victorian period to the early twentieth century and offers a new perspective on modern scandals

insider trading savings and loan scandals enron corporate crimes were once thought of as victimless offenses but now with billions of dollars and an increasingly global economy at stake this is understood to be far from the truth the international handbook of white collar and corporate crime explores the complex interplay of factors involved when corporate cultures normalize lawbreaking and when organizational behavior is pushed to unethical and sometimes inhumane limits featuring original contributions from a panel of experts representing north america asia europe and australia this timely volume presents multidisciplinary views on recent corporate wrongdoing affecting economic and social conditions worldwide criminal liability and intent stock market and financial crime bribery and extortion computer and identity fraud health care fraud crime in the professions industrial pollution political corruption war crimes and genocide contributors offer case studies historical and sociopolitical analyses theoretical and legal perspectives and comparative studies featuring examples as varied as nasa parmalat the italian government and watergate criminal justice responses to these phenomena the role of the media in exposing or minimizing them prevention regulation and self policing strategies and larger global issues emerging from economic crime are also featured richly diverse in its coverage the international handbook of white collar and corporate crime is stimulating reading for students academics and professionals in a wide range of fields from criminology and criminal justice to business and economics psychology to social policy to ethics this powerful information is certain to change many of our deeply held views on criminal behavior

in recent years women's involvement in business is more frequent leading to an interesting question does this increase in economic participation by women lead to an increased proportion of women committing white collar crime employing a variety of theoretical perspectives and empirical works to explain women's white collar crimes from an international perspective this new book helps to answer this question by extensively studying white collar crime focusing on the disparity in such crimes between men and women it also looks at how pink collar crime differs dramatically in different countries with case studies from countries such as Norway US Iran Denmark and others to further enhance the understanding of the explained concepts the volume offers a specific focus on the convenience theory an integrated theory created by Dr. Petter Gottschalk one of the authors of this book to explain general white collar crime with authors geographically located around the world adding an international focus and given the diverse participation of women in economic systems around the world the volume also focuses on crimes of convenience in cybercrime by considering the importance of gender in the history of internet crime and the relationship between cybercrime and white collar crime the authors also suggest potential paths for future gender research on women in white collar crime and convenience theory

white collar crime an opportunity perspective analyzes white collar crime using the opportunity perspective which assumes that all crimes depend on offenders recognizing an opportunity to commit an offense the authors explicate the processes and situational conditions that facilitate opportunities for white collar crimes and the likelihood of being victimized by white collar crime in addition they offer potential policy solutions that will mitigate this persistent and widespread social problem while being realistic and balanced in their treatment of the difficulties of control with this fourth edition Benson and Simpson have enlisted the aid of two young white collar crime scholars Jay P. Kennedy and Melissa Rorie who bring new areas of expertise to the book that enhance its analytical depth and coverage of both white collar crime and the opportunity perspective new up to date case studies are included along with examinations of recent investigations into white collar crime and its control these timely updates reaffirm that this rigorous yet accessible book will remain a core resource for undergraduate and early graduate courses on white collar crime

the only book on international white collar crime remains an invaluable tool for business law and law

enforcement

introduction to the varieties and characteristics of white collar crime detection prosecution law and legislation exposing employee theft fraud computer crime tax fraud crimes against consumers employee and public safety issues and pollution

in a thorough reappraisal of the white collar and corporate crime scene this second edition builds on the first edition to complete the criminal narrative in an outstanding reference resource

this book introduces the concept of white collar crime which is popularly associated with high status and powerful offenders and takes place within working environments it includes the study of corporate crime it looks at a variety of forms of white collar crime such as fraud corruption employment consumer safety and environmental crime

the study of white collar crime remains a central concern for criminologists around the world and research concentrates on its nature prevalence causes and responses however most books on white collar crime tend to focus on anglo american examples which is surprising given the amount of rich data and research taking place in mainland europe this new handbook seeks to reset the balance and for the first time presents an overview of state of the art research on white collar crime in europe adding to the existing anglo american body of knowledge the handbook will discuss specific european topics and typical european features of white collar crime the routledge handbook of white collar and corporate crime in europe consists of more than thirty chapters on topics ranging from the icelandic banking crisis to the origins of the study of white collar crime to contemporary topics such as white collar crime in countries post transition from communist regimes the illegal e waste trade and white collar crime in professional football furthermore the book contains extensive case study analyses of landmark european cases of white collar crime the editors have gathered together the leading voices in the field and a final section offers commentaries on white collar crime in europe from eminent criminologists david friedrichs and hazel croall this handbook will thus serve as a work of reference for all scholars and students engaged in the study of corporate and white collar crime and will also set out directions

for new research in the future

this open access book examines the magnitude causes of and reactions to white collar crime based on the theories and research of those who have uncovered various forms of white collar crime it argues that the offenders who are convicted represent only the tip of the iceberg of a much greater problem because white collar crime is forced to compete with other kinds of financial crime like social security fraud for police resources and so receives less attention and fewer investigations gottschalk and gunnesdal also offer insights into estimation techniques for the shadow economy in an attempt to comprehend the size of the problem holding broad appeal for academics practitioners in public administration and government agencies this innovative study serves as a timely starting point for examining the lack of investigation detection and conviction of powerful white collar criminals this work was published by saint philip street press pursuant to a creative commons license permitting commercial use all rights not granted by the work s license are retained by the author or authors
