in 1956 two luxury liners the ms stockholm and the ss andrea doria equipped with every known safety device collided off long island the stockholm was able to limp back to new york city but

the beautiful andrea doria pride of the italian line slipped slowly into the depths of the north atlantic shortly after half a century later the mystery of their convergence continues to fascinate readers and experts alike right down to the stories of hidden treasures worth millions awaiting discovery deep in the doria s decaying hull in collision course author alvin moscow vividly re creates the horror and magnitude of the catastrophe that struck the passengers and crews of both ships with such compelling realism that the reader relives the terror and confusion the collision itself still baffles maritime experts and laymen alike by its enormity and utter improbability that the two enormous ships sailing in opposite directions on a calm sea could converge at the same time and the same place moscow attended the four month court hearings that sought to find the causes of the disaster and reviewed six thousand pages of testimony and exhibits interviewing all the principals to discover what actually happened that fateful night collision course is an engrossing tale of human fallibility and a must read for any maritime history buff
