an in depth analysis of the specific aspects of justice equality and tax law justice equality and tax law is a topic that is both old and new at the same time even if the society changes the demands that tax needs to be just and equal seem to be immutable what changes of course is the perception of the content of those demands international taxation post beps has been fraught with new challenges that warranted urgent responses these challenges were mainly provoked by the unprecedented rise of the digital economy which truly marked a change in the way business is conducted how value is created and how goods and services are produced and consumed digitalization in turn had repercussions on all aspects of taxation direct taxation indirect taxation and even tax procedures for instance the quest for more justice and equality in profit taxes was the reason why in october 2021 a historical deal based on a two pillar solution to address the tax challenges arising from the digitalization of the economy was negotiated within the oecd g20 inclusive framework on base erosion and profit shifting and agreed upon by 137 member countries it was also the motive behind the shift from a typical vendor collection model to an intermediary collection model supported by centralized registration points in indirect taxes notably the vat gst abundant data from the european union or the oecd signaled an ever increasing gap between expected vat revenues and vat actually collected making it obvious that the classical system of vat gst collection was unable to respond to challenges posed by the digital economy therefore new solutions based on the participation of digital platforms as intermediaries had been introduced finally new technologies such as blockchain paved new avenues in enhancing tax compliance in this context this volume entitled justice equality and tax law contains not only a selection of the best master s theses of the full time ll m programme in 2021 2022 but also represents an in depth analysis of various aspects of this evergreen topic

this book deals with four types of abuse neglect emotional abuse physical abuse and sexual abuse for each type of abuse selected works of fiction literary and professional perspectives are juxtaposed along with applications for utilizing the stories in a hypothetical therapy setting in addition reports of mental health workers organizations agencies statistics cases studies and important research findings regarding each type of abuse are summarized links are provided as well as information on finding the professional print resources cited suggestions for additional fiction suitable for bibliotherapy are provided this is an invaluable resource for teachers parents and any adults interested in helping teens battling with the damage of abuse

due to the absence of due process and other procedural guarantees generally offered by judicial enforcement informal debt collection practices idcps can become abusive harming both consumers and the economy by threatening consumers physical psychological and economic wellbeing exposing lawabiding debt collectors to unfair competition undermining the financial system and negatively impacting social peace by resorting to criminal activity the need to control and harmonize idcps surfaced in connection with the european commission s action plan to tackle the high level of non performing loans caused by the financial crisis and the covid 19 pandemic specifically the proposal for a directive on credit servicers credit purchasers and the recovery of collateral csd harmonizing the regulation of abusive idcps is vital for several reasons first idcps have a cross border dimension due to the freedom of movement enabling debt collection operations across the internal market second the internal market s size amounts to over 450 million citizens potentially exposed to abusive idcps the regulatory frameworks addressing idcps in the e u display divergent characteristics that may be difficult to navigate and require creating a level playing field for consumers and debt collectors especially when approaches vary at member state level this book addresses this gap by providing a comprehensive guide to regulating informal debt collection practices in eight member states of the e u and the united kingdom u k it serves as a comparative law instrument for implementing the recently adopted csd it will be important reading for students academics and stakeholders with an interest in debt collection practices and the law

written in non jargon terms for the concerned general reader this seeks to cover all aspects of the child abuse issue with contributions from lawyers psychiatrists social workers and others involved it includes first hand accounts of abusers and abuse survivors and offers advice on therapy and self help systems this book includes updated information on implementation of the children s act of 1989 and is a core text for an open university course

developed from a national conference child abuse cultural roots and policy options held in philadelphia on november 20 21 1978 bibliography p 305 327 includes index

the goal of the project was to develop models of successful small enterprise prevention and assistance programmes that could be replicated worldwide the pilot project was implemented in five countries egypt india malaysia south africa and zimbabwe this manual is a product of the project and is based on the findings and lessons learned from the experience of the five participating countries and in particular on a workplace substance abuse prevention training module developed in south africa for use by the ilo s start and improve your business siyb project it provides background information and a step by step guide for developing small business substance abuse prevention initiatives preface
