image perception and the making of u s china relations examines major events in the history of the relationship between the u s and china to show the development and effects of national images and perceptions these essays expose the effects of ideology as represented through foreign policy and the actions of leaders as well as the role of the media and governments in shaping public opinion and attitudes they show the evolution of the influential forces from the nineteenth century through the twentieth century in each country a small group of people has always controlled these forces by manipulating the power of the media and governments the nature of this situation changed national perceptions as power often moved from one small group to another as a result of manipulating the images and perceptions of each country these biased and untrue views have inevitably led to conflict between the two countries

america s response to china has long been the standard resource for a succinct historically grounded assessment of an increasingly complicated relationship written by one of america s leading diplomatic historians this book analyzes the concerns and conceptions that have shaped u s china policy and examines their far reaching outcomes warren i cohen begins with the mercantile interests of the newly independent american colonies and discusses subsequent events up to 2018 for this sixth edition cohen adds an analysis of the policies of barack obama and extends his

discussion of the chinese american relationship in the age of potential chinese ascendance and the shrinking global influence of the united states including the complications of the presidency of donald trump trenchant and insightful america s response to china is critically important for understanding u s china relations in the twenty first century

china and the united states two massive economic and military powers cannot avoid engaging with each other enjoying what is often termed the most important bilateral relationship in the world the two sometimes cooperate but often compete as their interests come into conflict both countries are separated not just by the pacific ocean but also by their very different histories experiences societies customs and outlooks non governmental unofficial relationships and exchanges are often as important as formal dealings in determining the climate of sino american relations for several decades in the mid twentieth century chinese and americans were virtually isolated from each other trapped in icy hostility chinese scholars are now making up for lost time this assortment of essays most by mainland chinese academics and students focuses upon the role of culture very broadly defined in sino american affairs taking a holistic approach in this collection over thirty authors focus on such topics as the influence of ideology the impact of geopolitics the use of rhetoric soft power educational encounters and exchanges immigration gender race identity literature television movies music and the press cultural factors are as the authors demonstrate enormously significant in affecting how chinese and americans think about and approach each other both as individuals and at the state level

this is the fascinating inside story of the people forces politics and diplomacy that have shaped contemporary relations between the united states and china james mann the beijing bureau chief for the los angeles times from 1984 to 1987 draws on hundreds of newly uncovered government documents scores of interviews and his own experiences in writing this superb investigative history mann begins with an account of the process by which richard nixon and henry kissinger first courted and built up ties to china s communist government in an attempt to find a way out of the war in vietnam at first the aim was to create flexibility for the united states in dealing with both the soviet union and china but gradually as the 1970s progressed the opening to china took on a life and momentum of its own during the carter and reagan administrations american leaders saw china as an ally against the soviet union and a tacit understanding emerged that the united states would not subject china to the standards and principles applied to other countries we are shown how subsequent administrations failed to construct a new framework for dealing with china president bush tried to preserve the old american relationship with beijing and president clinton has been unsuccessful in his efforts to create something new mann also reveals little known episodes in the history of u s china relations that the price of kissinger s first visit to china in 1971 was a secret promise that the united states would never support independence for taiwan how the united states and china worked together in guerrilla operations in afghanistan and cambodia how the movement to restrict china s tradebenefits originated and how bill clinton came to support these efforts during his1992 presidential campaign the disclosure of new information coupled with mann s incisive and compelling analysis makes about face a work that is sure to shed light on the current debate on the united states relations with china

this book traces the evolution of post cold war relations between china and the us focusing on their often conflicting efforts to achieve economic growth military prowess and technological sophistication adopting a dual approach with equal emphasis on beijing and washington it sheds new light on the relationship between the countries

the last four years have seen significant damage in us china relations that will take years to rebuild early signs within the biden administration indicate that an expeditious return to strong sino

us ties is premature at best to fully address these challenges and regain credibility both at home and abroad the biden team will need to recalibrate a new set of values objectives and thinking in redefining the most important bilateral relationship in the world this edited book volume seeks to reimagine us china relations provide innovative policy analysis and utilizes a truly multidisciplinary approach coupled with both first and second hand quantitative data infographics geopolitical analysis and perspectives from leading experts more importantly this book project provides a nuanced perspective highlighting the central issues that will define america and china both now and well into the future whether you are a policy maker business professional academic established practitioner or a casual observer this impressive volume provides exceptional insight on issues like technology trade cross strait relations security alliances in east asia geopolitics climate change and much more

the book is divided into 10 chapters chapter 1 describes the similarities between the dreams of the chinese and american people chapter 2 analyses the misinterpretation of ancient chinese thought by american scholars chapter 3 analyses the historical truth of the establishment of diplomatic relations between china and the united states chapter 4 describes the course of new china s pursuit of democracy and the prejudices of the west chapter 5 elaborates on the integration of chinese and american cultures chapter 6 reveals the false news and the cognitive gap chapter 7 discusses how china and the united states avoid military conflicts and achieve peaceful coexistence chapter 8 puts forward that sino us economic cooperation should jump out the old idea of the win lose situation chapter 9 reveals the coloured glasses through which america looks at china chapter 10 elaborates on global challenges and reveals that the community of human destiny is the basis for win win cooperation between the two sides

chinese encounters with america tells the stories of twelve women and men whose american experiences transformed their lives and influenced china s trajectory with a particular focus on the period after beijing and washington established full diplomatic relations in 1979 each chapter recounts how these chinese citizens interpreted america and adapted their understanding to bolster china s quest for modernization their professions range from diplomacy business and science to sports education and the arts but their distinctive stories are united by shared questions why did they go the united states and why did they return to china what difference did their encounters with america make in their lives and careers what do their experiences tell us about the complexities of sino american interactions at a time when us china relations are contentious this book challenges the idea that american and chinese interests and values are incompatible it shows that personal encounters have been instrumental in finding common ground even when there are differences and disagreements through vivid and engaging profiles chinese encounters with america offers a fresh nuanced understanding of the world s most pivotal relationship

this volume explores commercial relations between the united states and china from the eighteenth century until 1949 fleshing out with facts the romantic and shadowy image of the china trade these nine chapters by specialists in the field have developed from papers they presented at a conference supported by the national committee on american east asian relations the work begins with an introduction by john k fairbank then moves on to analysis of the old china trade up to the american civil war centering on traditional chinese exports of tea and silk a second section deals with american imports into china cotton textiles and textile related goods cigarettes kerosene finally the impact of the trade on both countries is assessed and the operations of american owned and multinational companies in china are examined for both the united states and china the economic importance of the trade proves to have been less than the legend might suggest

u s historians present 16 essays on the american view of the chinese from the 18th century to the present among the perspectives are art commerce missionary activity diplomacy popular culture and a comparison with images of japan includes a general bibliography annotation copyrighted by book news inc portland or

this comprehensive volume fills a gap in the existing literature by focusing on the responses of other east asian states to china s rise exploring its implications for the region and beyond

americans in china tells the dramatic stories of individual women and men who encountered the people s republic of china as adversaries and emissaries mediators and advocates interpreters and reporters soldiers scientists and scholars more often than not their initial fascination was followed by disillusion and disenchantment a syndrome reflecting a deep set ambivalence about whether to accept communist china on its own terms or to pursue a long standing quest to remake the middle kingdom in america s own image at a time of great debate over the future of us china relations the characters in this book speak to us about the challenges of finding common ground between our two countries

this handbook addresses the key questions surrounding us china relations what are the historical and contemporary contexts that underpin this complex relationship how has the strategic rivalry between the two evolved what are the key flashpoints in their relationship what are the key security issues between the two powers the international contributors explore the historical political economic military and international and regional spheres of the us china relationship the topics they discuss include human rights chinese public perception of the united states us china strategic rivalry china s defence build up and cyber war

pioneers of trade early treaty relations american interest in the orient revising the treaties the burlingame mission the chinese must go manifest destiny the open door and the boxer rebellion advance and retreat wartime diplomacy the washington conference the rise of chinese nationalism our stake in china crisis in manchuria the china incident the challenge of japan wartime allies china and the peace

distinguished experts explain the economic trends and varied political goals at work in southeast asia with china s emergence as a powerful entity in southeast asia the region has become an unlikely site of conflict between two of the world s great powers the united states historically regarded as the protector of pacific southeast asia consisting of nations such as vietnam the philippines myanmar and malaysia is now called upon to respond to what many would consider bullying on the part of the chinese these and other countries have become the economic and political engine of china while certainly inclined to help the country s former allies the united states has grown undeniably closer to china in the recent decades of global interconnected economic growth china the united states and the future of southeast asia uncovers and delves into the complicated dynamics of this situation covering topics such as the controversial response to human rights violations the effects of global economic interconnectedness and contested sovereignty over resource rich islands this volume provides a modern and nuanced perspective on the state of the region for anyone interested in understanding the evolving global balance of power china the united states and the future of southeast asia illuminates how countries as different as thailand and indonesia see the growing competition between beijing and washington

a political scientist describes the shifting global balance of power between china and the united states and offers a wake up call to american leaders and policymakers to take action to counter the

growing geopolitical strength in asia

the relationship between the united states and china will be of critical importance to the world throughout the twenty first century in the west china s rise is often portrayed as a threat and china seen in negative terms this book explores the dynamics of this crucial relationship it looks in particular at what causes an international relationship to be perceived negatively and considers what can be done to reverse this arguing that trust is a key factor it goes on to discuss us and chinese rhetoric and behaviour in three key areas climate change finance and international security the book contends that contrary to much us rhetoric china s actions in these areas is often much more flexible and accommodating than the us position and that the chinese are much more knowledgeable about and understanding and appreciative of the united states than vice versa
