american feminism has always been about more than the struggle for individual rights and equal treatment under the law in this book the author retrieves an alternative tradition of women s reform that sought answers to questions increasingly pressing today how to balance work and family and how to address growing economic inequalities this book trace s the history of american social justice feminism from the 1930s into the present and to link that continuous tradition with the leadership of labor women back cover

introduces key terms debates and histories for feminist studies in gender and sexuality keywords for gender and sexuality studies introduces readers to a set of terms that will aid them in understanding the central methodological and political stakes currently energizing feminist and queer studies the volume deepens the analyses of this field by highlighting justice oriented intersectional movements and foregrounding black indigenous and women of color feminisms transnational feminisms queer of color critique trans disability and fat studies feminist science studies and critiques of the state law and prisons that emerge from queer and women of color justice movements many of the keywords featured in this publication call attention to the fundamental assumptions of humanism s political and intellectual debates from the racialized contours of property and ownership to eugenicist discourses of improvement and development interventions to these frameworks arise out of queer feminist and anti racist engagements with matter and ecology as well as efforts to imagine forms of relationality beyond settler colonial and imperialist epistemologies reflecting the interdisciplinary breadth of the field this collection of seventy essays by scholars across the social sciences and the humanities weaves together methodologies from science and technology studies affect theory and queer historiographies as well as black studies latinx studies asian american and indigenous studies taken together these essays move alongside the distinct histories and myriad solidarities of the fields to construct the much awaited keywords for gender and sexuality studies

an essential collection that constructs the arguments of similarity and difference dividing and uniting women in recent years identity has come to be seen as a process rather than a fact or deterministic force yet recognizable identity traits continue to draw people together and provide them with a sense of empowering commonality although the plasticity afforded identity has freed up rigid definitions and guidelines for affiliation some believe that nebulous demarcations of identity may deprive women of a solid position from which to effectively

contest centers of power bringing together articles by well known authors and theorists such as audre lorde june jordan daphne patai barbara smith marilyn frye shane phelan leila j rupp hazel carby and adrienne rich with lesser known writers and scholars this broad based anthology ranges widely from personal narratives to empirical research the book unpacks issues of race class gender ethnicity sexuality disability and age contributing a mélange of sharp lively perspectives to current debate in a postmodern era of feminism how do women come to identify organize and mobilize themselves within a complex global network of relationships identity politics in the women s movement offers critical examination of the inescapable role of identity in academic and activist feminism and the opportunities challenges and conflicts identity politics pose

by providing new understanding and insights into the backgrounds and experiences of women pursuing administrative careers in education pushing the limits fills a critical void in the existing literature sakre edson s five year investigation documents the accounts of 142 nonminority and minority women across the united states seeking administrative roles an area of public school responsibility where women remain underrepresented edson s book is unique in its focus on aspirants those women currently preparing and competing for principalships and other top administrative positions rather than on established female administrators or on women who have chosen not to aspire beyond the classroom the female teachers graduate students and entry level administrators quoted here give voice to the struggles would be female school executives face and their experiences and reflections not only question the impact of the women s movement and equity legislation upon employment practices but serve to illuminate the problems of women and minorities excluded from managerial ranks in professions outside of education throughout the work one theme prevails as they push the limits of this traditional male bastion these women are confident in their abilities to succeed and even to excel in managing the nation s schools

the authors explore the many ways that gender and communication intersect and affect each other every chapter encourages a consideration of how gender attitudes and practices past and current influence personal notions of what it means not only to be female and male but feminine and masculine the second edition of this student friendly and accessible text is filled with contemporary examples activities and exercises to help students put theoretical concepts into practice
