robbins management the essentials covers the concepts essential to management in the 21st century in a fresh lively format that s perfectly suited to a typical university semester the second edition features new and in depth coverage of sustainability ethics and corporate social responsibility and new case studies from local and international businesses

editors foreword the fundamental changes currently taking place in the national and international science landscapes can no longer be overlooked within those changes reforms do not go as planned but as is always the case with processes of rationali tion have a series of unintended effects at the same time it becomes incre ingly clear who in this process are the winners and who are the losers although this is still subject to fluctuation and change this can be illustrated by two amples from current events where the range of taught courses is concerned as part of the bologna process the new structuring of student study paths and their organisation is aimed at unifying the european area of science to ensure a study that is equally permissive and efficient however it is to be deplored that the mobility of s dents has become more restricted because of an increasing specialisation in the available study paths also bachelor degrees do not meet with the anticipated high response from the labour market in all countries so that the master s degree is becoming more or less a must while at the same time the number of study places on master s courses is limited instead of the intended reduction in the duration of study time in comparison to the previous german magister and diplom rather a prolongation in the duration of studies has been recorded

this series is devoted to textbooks that explore the multidimensional and multidisciplinary areas of law and politics special emphasis will be given to textbooks written for the undergraduate classroom subject matters to be addressed in this series include constitutional law civil rights and liberties issues law race gender and gender orientation studies law and ethics women and the law judicial behavior and decision making legal theory comparative legal systems criminal justice courts and the political process

social work macro practice focuses on work with organizations and communities including planned change approaches and implementation this new edition of social work macro practice has been updated and revised to make it an even stronger and more user friendly text the authors have designed the book to mesh well with a variety of contemporary policy texts

the only book designed specifically for the cipd's new core unit leading managing and developing people

guide to information sources on business organization and management information systems discusses the role of librarys data bases research reports etc from the viewpoint of management information needs includes literature surveys on accounting marketing organization behaviour operational management and uk commercial law annotated bibliography

this updated fifth edition of encyclopedia of management covers more than 300 topics in management theories and applications written by academics and business professionals all information has been reviewed and edited by the esteemed dr marilyn m helms sesquicentennial endowed chair and professor of management at dalton state college

barbara dewey and loretta parham join 50 other librarians including tracie hall emma bradford perry and hannelore b rader to explore one of the major issues facing the profession diversity this innovative guide explores how librarians can ensure that their services staff and collections truly reflect our multicultural society chapters cover strategic planning recruiting and retaining minorities reaching out to new users marketing to underrepresented populations building collections for marginalized groups overcoming the digital divide assessment and other important topics the contributors provide numerous forms and documents including library diversity plans residency and intern job descriptions recruitment materials programming plans and documents and web resources with guidance drawn from real experience in public and academic libraries this unique guide will help to make diversity a reality in libraries
