this book examines the relationship between narrative film and reality as seen through the lens of on screen classical concert performance by investigating these scenes wherein the performance of music is foregrounded in the narrative winters uncovers how concert performance reflexively articulates music s importance to the ontology of film the book asserts that narrative film of a variety of aesthetic approaches and traditions is no mere copy of everyday reality but constitutes its own filmic reality and that the music heard in a film s underscore plays an important role in distinguishing film reality from the everyday as a result concert scenes are examined as sites for provocative interactions between these two realities in which real world musicians appear in fictional narratives and an audience s suspension of disbelief is problematised in blurring the musical experiences of onscreen observers and participants these concert scenes also

allegorize music's role in creating a shared subjectivity between film audience and character and prompt winters to propose a radically new vision of music's role in narrative cinema wherein musical underscore becomes part of a shared audio visual space that may be just as accessible to the characters as the music they encounter in scenes of concert performance

from chaplin's brilliant use of wagner in the gold rush to the bach chorale closing scorsese's casino classical music has played a fascinating role in movies dean duncan provides a fresh critical survey of the aesthetics of classical music in film exploring tensions between high art and commercial culture duncan examines how directors e themes and classical passages in genres ranging from the soviet avant garde to hollywood romances drawing on film theory musicology and cultural criticism he clarifies the connections between two very different art forms

george burt's wonderful intelligent book the art of film music should be a must read for anyone interested in the marriage of music and film robert altman

by exploring the relationship between music and the moving image in film narrative david neumeyer shows that film music is not conceptually separate from sound or dialogue but that all three are manipulated and continually interact in the larger acoustical world of the sound track in a medium in which the image has traditionally trumped sound neumeyer turns our attention to the voice as the mechanism through which narrative dialog speech and sound sound effects music come together complemented by music examples illustrations and contributions by james buhler meaning and interpretation of music in cinema is the capstone of neumeyer's 25 year project in the analysis and interpretation of music in film

film music is as old as cinema itself years before synchronized sound became the norm projected moving images were shown to musical accompaniment whether performed by a lone piano player or a hundred piece orchestra today film music has become its own industry indispensable to the marketability of movies around the world film music a very short introduction is a compact lucid and thoroughly engaging overview written by one of the leading authorities on the subject after opening with a fascinating analysis of the music from a key sequence in quentin tarantino s reservoir dogs kathryn kalinak introduces readers not only to important composers and musical styles but also to modern theoretical concepts about how and why film music works throughout the book she embraces a global perspective examining film music in asia and the middle east as well as in europe and the united states key collaborations between directors and composers alfred hitchcock and bernard herrmann akira kurosawa and fumio hayasaka federico fellini and nino rota to name only a few come under scrutiny as do the oft neglected practices of the silent film era she also explores differences between original film scores and compilation soundtracks that cull music from pre existing sources as kalinak points out film music can do many things from establishing mood and setting to clarifying plot points and creating emotions that are only dimly realized in the images this book illuminates the many ways it accomplishes those tasks and will have its readers thinking a bit more deeply and critically the next time they sit in a darkened movie theater and music suddenly swells as the action unfolds onscreen about the series combining authority with wit accessibility and style very short introductions offer an introduction to some of life s most interesting topics written by experts for the newcomer they demonstrate the finest contemporary thinking about the central problems and issues in hundreds of key topics from philosophy to freud quantum theory to islam
