person centred therapy based on the ideas of the eminent psychotherapist carl rogers is widely practised in the uk and throughout the world it has applications in health and social care the voluntary sector and is increasingly relevant to work with people who are severely mentally and emotionally distressed this book offers a comprehensive overview and presents the core theories advances and practices of the approach in a concise accessible form person centred therapy 100 key points begins with a consideration of the principles and philosophy underpinning person centred therapy before moving to a comprehensive discussion of the classic theory upon which practice is based further areas of discussion include the model of the person including the origins of mental and emotional distress the process of constructive change a review of revisions and advances in person centred theory child development styles of processing and configurations of self the quality of presence and working at relational depth finally criticisms of the approach are addressed and rebutted leading readers to the wider person centred literature as such this

book will be particularly useful to students and scholars of person centred therapy as well as anyone who wants to know more about one of the major therapeutic modalities

this work focuses on the way in which practitioners within learning disability explore a range of therapeutic interventions that help to assist in our understandings of how people with a learning disability interpret their world feelings and extent of problems as they interact with people and the environment

this practical and comprehensive guide is written for counsellor trainers and their trainees as well as for counsellors already in practice wanting to familiarize themselves with the person centred approach to counselling dave mearns and brian thorne explain the theoretical principles of the person centred approach by relating these principles to actual practice drawing on one particular case study the two counsellors present an extensive exploration of the core conditions of empathy acceptance and congruence and provide a step by step account of both the counsellor s and the client s experience of being involved in a trusting caring relationship characterised by power sharing and mutuality

this second volume of brian thorne s collected works shows convincingly that the spiritual needs and yearnings of many clients presenting themselves to secular counsellors can no longer be ignored trivialised or pathologised the book constitutes an impassioned plea both to person centred therapists to acknowledge the centrality of spiritual issues for many of their clients and also to christians to embrace the richness of their spiritual tradition without becoming entangled in the death dealing complexity of religious and institutional power mongering

how can you enable people to develop themselves how do you build a relationship of trust with a community how do you create an environment in which clients respond positively facilitators from various professions will find that the second edition of person centred communication continues to enhance their communication listening and empathic skills it demonstrates how to live the values of the person centred approach developed by carl rogers by showing respect for clients and empowering them to take responsibility for themselves building on the feedback from readers of the first edition this new edition focuses even more strongly on the self including the self of the facilitator the importance of self reflection thought processes values and actions are creatively addressed this is an indispensable guide to working with individuals groups and communities in a humane and respectful way
