the cold war offers a brief but detailed treatment of one of the most complex eras of the 20th century in this fully revised second edition j p d dunbabin drawing on international scholarship and using much new material from communist sources describes a world in which covert operations could be as important as outright diplomacy soft power as influential as hard and in which competing ideologies ruled the hearts as much as the heads of the leaders in power dunbabin s account is global in scope taking into account the importance of players beyond the superpowers and shedding light on the proxy conflicts such as those in africa and the middle east that if not caused by the continuing stalemate between the great powers were used as weapons within it

this comprehensive collection of carefully edited documents speeches treaties statements and articles traces the rise and fall of the cold war

the sources follow the cold war from its roots in east west tensions at the end of world war ii to the collapse of the soviet union in 1991 set in historical context by the editors concise introductions and followed by thoughtful discussion questions the documents are arranged in chronological order starting with the yalta conference and ending with gorbachev s resignation speech drawing on selections from a variety of countries and leaders involved in this prolonged global struggle the editors treat the entire cold war as an era in world history not just u s history their judicious selection makes the great events of the time come alive through the words and phrases of those who were actively involved

odd arne westad s daring ambition supra nationalist intellect polyglot sources masterly scholarship and trenchant analysis make the cold war a book of resounding importance for appraising our global future as well as understanding our past richard davenport hines t s books of the year as germany and then japan surrendered in 1945 there was a tremendous hope that a new and much better world could be created from the moral and physical ruins of the conflict instead the combination of the huge power of the usa and ussr and the near total collapse of most of their rivals created a unique grim new environment the cold war for over forty years the demands of the cold war shaped the life of almost all of us there was no part of the world where east and west did not ultimately demand a blind and absolute allegiance and nowhere into which the west and east did not reach countries as remote from each other as korea angola and cuba were defined by their allegiances almost all civil wars became proxy conflicts for the superpowers europe was seemingly split in two indefinitely arne westad s remarkable new book is the first to have the distance from these events and the ambition to create a convincing powerful narrative of the cold war the book is genuinely global in its reach and captures the dramas and agonies of a period always overshadowed by the horror of nuclear war and which for millions of people was not cold at all a time of relentless violence squandered opportunities and moral failure this is a book of extraordinary scope and daring it is conventional to see the first half of the 20th century as a nightmare and the second half as a reprieve westad shows that for much of the world the second half was by most measures even worse

heinemann advanced history is a series which supports the as and a levels starting september 2000 the series provides coverage of all the most popular topics so you can cover the whole of the specification with up to date resources each book begins with an as level section which is very accessible dealing with narrative and explanation of the topic there are extra notes biography boxes and definitions in the margin and summary boxes to help students assimilate the information this should help them make the transition from gcse to a level the second section reflects the different demands of the higher level examination by concentrating on analysis and historians interpretations of the material covered in the as sections this text concentrates on the cold war

in today's worlds of drones military strikes and weapons of mass destruction it's difficult to imagine a nonviolent war of constant hostility between world super powers readers will be intrigued by this conflict known as the cold war they will learn that it was a geopolitical ideological and economic struggle between two world superpowers the usa and the ussr starting in 1947 and ending in 1991

the cold war examines the complex arguments which divided east and west following the end of the second world war and analyzes its eight major phases including the emergence of the cold war coexistence and detente glasnost in the late 1980s combining factual overview and background discussion of the key issues such as the nuclear threat and who if anyone won the cold war with analysis of source material students will find this a must have in the study of this major historical event

this comprehensive study of china's cold war experience reveals the crucial role beijing played in shaping the orientation of the global cold war and the confrontation between the united states and the soviet union the success of china's communist rev

outstanding the most accessible distillation of that conflict yet written the boston globe energetically written and lucid it makes an ideal introduction to the subject the new york times the dean of cold war historians the new york times now presents the definitive account of the global confrontation that dominated the last half of the twentieth century drawing on newly opened archives and the reminiscences of the major players john lewis gaddis explains not just what happened but why from the months in 1945 when the u s and the u s s r went from alliance to antagonism to the barely averted holocaust of the cuban missile crisis to the maneuvers of nixon and mao reagan and gorbachev brilliant accessible almost shakespearean in its drama the cold war stands as a triumphant summation of the era that more than any other shaped our own gaddis is also the author of on grand strategy

this second edition brings the collection up to date including the newest research from the communist side of the cold war and the most recent debates on culture race and intelligence

a lively and accessible new introduction to the origins and emergence of the cold war caroline kennedy pipe brings to life the clashes of ideas and personalities that led russia and america into decades of conflict and draws out important lessons for policy and analysis in today's equally formative period in world affairs

the cold war dominated international relations for forty five years and hardly any part of the world escaped its influence david painter provides

a compact and analytical study that examines its origins course and end

this new handbook offers a wide ranging overview of current scholarship on the cold war with essays from many leading scholars the field of cold war history has consistently been one of the most vibrant in the field of international studies recent scholarship has added to our understanding of familiar cold war events such as the korean war the cuban missile crisis and superpower détente and shed new light on the importance of ideology race modernization and transnational movements the routledge handbook of the cold war draws on the wealth of new cold war scholarship bringing together essays on a diverse range of topics such as geopolitics military power and technology and strategy the chapters also address the importance of non state actors such as scientists human rights activists and the catholic church and examine the importance of development foreign aid and overseas assistance the volume is organised into nine parts part i the early cold war part ii cracks in the bloc part iii decolonization imperialism and its consequences part iv the cold war in the third world part v the era of detente part vi human rights and non state actors part vii nuclear weapons technology and intelligence part viii psychological warfare propaganda and cold war culture part ix the end of the cold war this new handbook will be of great interest to all students of cold war history international history foreign policy security studies and ir in general

the cold war contains a selection of official and unofficial documents which provide a truly multi faceted account of the entire cold war era the final selection of documents illustrates the global impact of the cold war to the present day and establishes links between the cold war and the events of 11th september 2001

the world the cold war made examines the cold war and its lasting legacy by carefully exploring the creation and structure of the postwar settlement its successes failures and adaptations and the eventual coming apart of the post war order in the 1980s and early 1990s james cronin shows how this legacy has allowed some nations and industries to grow but has blocked others paths to economic development states whose very identities are threatened and whose positions within the larger community are in flux struggle to find a path to prosperity while a competitive logic sharply limits the options available to them at the same time cronin states the end of the cold war has removed powerful external constraints on the political choices of nations allowing previously disenfranchised peoples the freedom to chart distinctive paths into the next century that are more responsive to their own histories publisher description

designed to meet the needs of high school and college students this one stop resource features narrative history analysis biographical profiles key primary documents and other reference tools on the cold war based on the latest scholarship sibley provides a concise yet comprehensive

overview of the cold war which lasted from 1945 until the dissolution of the soviet union in 1991 following a historical overview six essays organized topically examine the key themes that characterized the cold war its origins in the distrust among the world war ii allies the force of american anti communism washington s enhanced postwar global role the competing objectives of the u s and u s s r in pursuit of global influence and the reasons why the soviet union did not survive the cold war a timeline of events glossary of terms biographical profiles of major players and the text of 17 key documents necessary for student research on the cold war provide valuable research tools following a timeline of events and narrative historical overview six topical essays discuss the origins of the cold war mccarthyism and internal security in the united states the cold war in asia the cold war in latin america the middle east and africa the end of detente and revived hopes for soviet american relations ushered in by gorbachev and its denouement and the legacies and implications of the cold war documents include a variety of speeches excerpts from the memoirs of leaders on both sides of the cold war as well as the text of key government documents each document is preceded by an explanatory introduction an annotated bibliography of works suitable for students and a selection of photographs enhance the value of this work

immediately following world war ii former allies the united states and the soviet union began an open yet restricted rivalry that became known as the cold war and played out around the world until the soviet union s collapse in 1991 many conflicts such as the chinese civil war the korean war the vietnam war and the arab israeli wars acted as proxy wars for the u s soviet competition other major issues explored in this examination of the cold war include europe s iron curtain the nuclear arms race decolonization in africa and the spread of communism into latin america and southeast asia

the cold war offers a brief but detailed treatment of one of the most complex eras of the 20th century in this fully revised second edition j p d dunbabin drawing on international scholarship and using much new material from communist sources describes a world in which covert operations could be as important as outright diplomacy soft power as influential as hard and in which competing ideologies ruled the hearts as much as the heads of the leaders in power dunbabin s account is global in scope taking into account the importance of players beyond the superpowers and shedding light on the proxy conflicts such as those in africa and the middle east that if not caused by the continuing stalemate between the great powers were used as weapons within it

primary and secondary sources examine key issues of the cold war from the end of world war ii to the disintegration of the soviet union in 1991 although no war was officially declared for over four decades the soviet union and the united states waged an ideological battle that at times carried the threat of nuclear war in this anthology those who shaped the cold war and those reflecting on its impact debate the strategies these

nations used to expand or protect their spheres of influence as the united states and the soviet union moved from confrontation to cooperation

the cold war is one of the most important and widely studied areas of history martin mccauley s best selling seminar study unravels the complex issues which gave rise to the cold war revised updated and expanded this new edition incorporates the most recent scholarship theories and newly released information to provide students with an invaluable introduction to the subject
