offering an insider's perspective on the final days of the third reich the recollections of a woman who became hitler's secretary in 1942 sheds new light on his day to day life character and habits

this detailed guide to hitler's secret prussian headquarters is fully illustrated with historic photos and rare color images of how it appears today set deep in the masurian woods of northern poland formally east prussia lies a vast complex of ruined bunkers known as the wolfsschanze or wolf's lair this was hitler's headquarters for the german attack on the soviet union in 1941 it is also where colonel von stauffenberg almost killed hitler in the summer of 1944 built in under total secrecy the wolfsschanze was camouflaged with artificial grass and trees drawing on a unique collection of color photographs hitler's

wolfsschanze presents a detailed tour of the 2 5 square mile campus as it appears today with each building and its purpose identified laced with personal accounts of the installation and hitler s routines the wolfsschanze is brought to life once more yet the wolfsschanze was not the only german military complex in this small part of the eastern front this comprehensive volume also shows and describes the german army s headquarters at mauerwald the luftwaffe s headquarters near the current russian border and those of the ss and the reich chancellery both situated near the wolfsschanze

a riveting double biography of nazi germany s most highly decorated women test pilots hitler s personal valkyries hanna reitsch and melitta von stauffenberg were talented courageous and strikingly attractive women who fought convention to make their names in the male dominated field of flight in 1930s germany with the war both became pioneering test pilots and both were awarded the iron cross for service to the third reich but they could not have been more different and neither woman had a good word to say for the other hanna was middle class vivacious and distinctly aryan while the darker more self effacing melitta came from an aristocratic prussian family both were driven by deeply held convictions about honour and patriotism but ultimately while hanna tried to save hitler s life begging him to let her fly him to safety in april 1945 melitta covertly supported the most famous attempt to assassinate the führer their interwoven lives provide a vivid insight into nazi germany and its attitudes to women class and race acclaimed biographer clare mulley gets under the skin of these two distinctive and unconventional women giving a full and as yet largely unknown account of their contrasting yet strangely parallel lives against a changing backdrop of the 1936 olympics the eastern front the berlin air club and hitler s bunker told with great narrative flair the women who flew for hitler is an extraordinary true story with all the excitement and colour of the best fiction

die faszination des führerbunkers ist ungebrochen besucher berlins suchen immer wieder nach resten vergeblich es ist einfach nichts zu sehen das buch zeigt wo der bunker lag und was an seiner stelle heute steht es erläutert die baugeschichte der betonhöhle schildert das drama des untergangs anhand von zeitzeugenberichten und geht auf die versuche ein den bunker zu beseitigen fotos und genaue pläne veranschaulichen die Lage und das Leben im bunker der geschichtsjournalist sven felix kellerhoff beschäftigt sich seit Jahren mit dem nationalsozialismus er stellt die wichtigsten Quellen und Fakten über den führerbunker zusammen von Baubeginn bis heute September 2003 erschien der Band in deutsch

to have such an uncomplicated unaffected witness present at some of the key defining moments of the 20th century was fortunate for historians her testimony rings absolutely true when other politically motivated accounts of the last days of hitler do not andrew roberts traudl junge was 22 years old and dreamt of a career as a ballerina until the opportunity of her life

beckoned and she was appointed as adolf hitler s secretary from 1942 until his death she was at his side in the bunker typing his correspondence his speeches and even his last private and political will and testament it was only after the war that the horrible reality of hitler s regime began to dawn on her and she became racked with guilt for liking the greatest criminal ever to have lived her journal written in 1947 is a startling eyewitness account of hitler s court during its final years and of the building sense of doom as the war progressed

this report is based on findings from newly declassified decades old army and cia records released under the nazi war crimes disclosure act of 1998 these records were processed and reviewed by the national archives led nazi war crimes and japanese imperial government records interagency working group the report highlights materials opened under the act in addition to records that were previously opened but had not been mined by historians and researchers including records from the office of strategic services a cia predecessor dossiers of the army staff s intelligence records of the investigative records repository state dept records and files of the navy judge advocate general this is a print on demand report

in 1942 germany traudl junge was a young woman with dreams of becoming a ballerina when she was offered the chance of a lifetime at the age of twenty two she became private secretary to adolf hitler and served him for two and a half years right up to the bitter end junge observed the intimate workings of hitler s administration she typed correspondence and speeches including hitler s public and private last will and testament she ate her meals and spent evenings with him and she was close enough to hear the bomb that was intended to assassinate hitler in the wolf s lair close enough to smell the bitter almond odor of eva braun s cyanide pill in her intimate detailed memoir junge invites readers to experience day to day life with the most horrible dictator of the twentieth century

in 1940 the us army signal intelligence service broke the japanese diplomatic code in 1975 oshima hiroshi japan s ambassador to berlin during world war ii died never knowing that the hundreds of messages he transmitted to tokyo had been fully decoded by the americans and whisked off to washington providing a major source of information for the allies on nazi activities

blaine taylor has written and assembled a fascinating photographic history of adolf hitler s many headquarters both before and during world war ii taylor includes all of the private residences offices command posts and even mobile headquarters from which the nazi dictator planned his rise to power and the conquest of europe taylor recounts the background and physical description of each headquarters while also relating these locations importance to the larger story of nazi germany

and world war ii restless hitler rarely worked at a desk and was almost always on the move during the war with headquarters scattered throughout germany and across the continent from the ukraine to belgium taylor describes the best known headquarters such as wolf s lair the berchtesgaden complex and the berlin bunker but he also includes many lesser known ones such as hitler s armored train amerika felsenest near the belgian border and the compound codenamed tannenberg in the black forest hitler spent a fortune on these varied sites some of which he never used ultimately and perhaps fittingly he spent his final days before committing suicide holed up in his extensive bunker deep beneath berlin

on the murderous road to racial purity hitler encountered unexpected detours largely due to his own crazed views and inconsistent policies regarding jewish identity after centuries of jewish assimilation and intermarriage in german society he discovered that eliminating jews from the rest of the population was more difficult than he d anticipated as bryan rigg shows in this provocative new study nowhere was that heinous process more fraught with contradiction and confusion than in the german military contrary to conventional views rigg reveals that a startlingly large number of german military men were classified by the nazis as jews or partial jews mischlinge in the wake of racial laws first enacted in the mid 1930s rigg demonstrates that the actual number was much higher than previously thought perhaps as many as 150 000 men including decorated veterans and high ranking officers even generals and admirals as rigg fully documents for the first time a great many of these men did not even consider themselves jewish and had embraced the military as a way of life and as devoted patriots eager to serve a revived german nation in turn they had been embraced by the wehrmacht which prior to hitler had given little thought to the race of these men but which was now forced to look deeply into the ancestry of its soldiers the process of investigation and removal however was marred by a highly inconsistent application of nazi law numerous exemptions were made in order to allow a soldier to stay within the ranks or to spare a soldier s parent spouse or other relative from incarceration or far worse hitler s own signature can be found on many of these exemption orders but as the war dragged on nazi politics came to trump military logic even in the face of the wehrmacht s growing manpower needs closing legal loopholes and making it virtually impossible for these soldiers to escape the fate of millions of other victims of the third reich based on a deep and wide ranging research in archival and secondary sources as well as extensive interviews with more than four hundred mischlinge and their relatives rigg s study breaks truly new ground in a crowded field and shows from yet another angle the extremely flawed dishonest demeaning and tragic essence of hitler s rule

a richly detailed epic narrative that gives the perspective of the german officers soldiers and civilians trapped in one of the bloodiest battles toward the end of world war ii ultimately leading to the massacre of 350 000 german troops shows what it

looked felt and sounded like for the german troops encircled by the allied juggernaut in the west as the dealt with hitler s increasingly surreal commands to stand and fight to the last man

when the german wehrmacht swarmed across eastern europe an elite corps followed close at its heels along with the ss and gestapo the ordnungspolizei or uniformed police played a central role in nazi genocide that until now has been generally neglected by historians of the war beginning with the invasion of poland the uniformed police were charged with following the army to curb resistance pacify the countryside patrol jewish ghettos and generally maintain order in the conquered territories edward westermann examines how this force emerged as a primary instrument of annihilation responsible for the murder of hundreds of thousands of the third reich s political and racial enemies in hitler s police battalions he reveals how the institutional mindset of these ordinary policemen allowed them to commit atrocities without a second thought to uncover the story of how the german national police were fashioned into a corps of political soldiers westermann reveals initiatives pursued before the war by heinrich himmler and kurt daluege to create a culture within the existing police forces that fostered anti semitism and anti communism as institutional norms challenging prevailing interpretations of german culture westermann draws on extensive archival research including the testimony of former policemen to illuminate this transformation and the callous organizational culture that emerged purged of dissidents indoctrinated to idolize hitler and trained in military combat these police battalions often numbering several hundred men repeatedly conducted actions against jews slavs gypsies asocials and other groups on their own initiative even when they had the choice not to in addition to documenting these atrocities westermann examines cooperation between the ordnungspolizei and the ss and gestapo and the close relationship between police and wehrmacht in the conduct of the anti partisan campaign of annihilation throughout westermann stresses the importance of ideological indoctrination and organizational initiatives within specific groups it was the organizational culture of the uniformed police he maintains and not german culture in general that led these men to commit genocide hitler s police battalions provides the most complete and comprehensive study to date of this neglected branch of himmler s ss and police empire and adds a new dimension to our understanding of the holocaust and the war on the eastern front

a panoramic survey of nearly a century of russian films on wars and wartime from world war i to more recent conflicts in afghanistan and chechnya with heavy emphasis on films pertaining to world war ii

this volume addresses the representation of european history in european cinema through a collection of nine case studies such as der untergang 2004 and dawn 1928

most people have heard of the stauffenberg plot the attempt to kill hitler lauched by the german resistance movement in 1944 but it is not widely known that this was only one of a long series of similar attacks killing hitler is an account of the surprisingly numerous attempts on the life of adolf hitler

hitler s failure to find a mate it was once suggested is at the core of his failure as a human being and is the source of his demonic destructive spirit it was hitler s and the world s tragedy that he did not realise he had found that mate until hours before his demise and hers here is a true account of that strange protracted search in a nazi germany at peace and war this is an insider view of the fuhrer whose love life stands revealed as lying at the very heart and core of the tormented psychopath who destroyed a continent such an insider view is not the prerogative of the grand and the privileged the generals and ambassadors rather it is the secret privilege of the minions and confidential attendants who see all and hear all as they go about their daily service the valet the maid the special advisor the psychoanalyst and personal physician and above all the young women in hitler s life for whom being with hitler was like sitting next to the sun

Recognizing the showing off ways to acquire this books **Until Final Hour Hitlers Secretary** is additionally useful.
