planet of the apes was a seminal work of sci fi that inspired generations of filmmakers and authors now a who s who of writers including kevin j anderson nancy collins jonathan maberry and john jackson miller produce sixteen brand new stories set in the world of the original planet of the apes films and tv series each writer will explore a different drama within the post apocalyptic world with their unique visions and non stop adventure

kirby did not know what mountains they were he did know that the mannlicher bullets of eleven bad mexicans were whining over his head and whizzing past the hoofs of his galloping stolen horse the shots were mingled with yelps which pretty well curdled his spine in the circumstances the unknown range of snow mountains towering blue and white beyond the arid windy plateau offering he could not tell what dangers seemed a paradise looking at them kirby laughed harshly to himself as he dug the heels of his aviator s boots into the stallion s flanks the animal galloped even faster than before and kirby took hope then more bullets and more yelps made him think that his advantage might prove only temporary nevertheless he laughed again and as he became accustomed to the feel of a stallion under him he even essayed a few pistol shots back at the pack of frantic swarthy devils he had fooled three hours ago he had been eating a peaceful breakfast with his friend and commandant colonel miguel de castanar in the sunlit patio of the commandant s hacienda castanar chief of the air patrol for the district had waxed enthusiastic over the suppression of last spring s revolutionists and the cowed state of up country bandits captain freddie kirby american instructor of flying to mexican pilots in the making had agreed with him and asked for one of the wasps and three days leave with which to go visiting in laredo the simple matter of a broken fuel line a forced landing two hundred kilometers from nowhere and the unlucky proximity of the not so cowed horsemen were the things which had changed the day from what it had been to what it was the one piece of good fortune which had befallen him since the bandits had surrounded the wrecked wasp looted it and taken its lone pilot prisoner was the break he was getting now during the squadron s first halt to feed he had knocked down his guards and made a bolt for the grazing stallion so far the attempt was proving worthwhile

the definitive unauthorized chronology cover

how do political conflicts shape popular culture this book explores that question by analyzing how the planet of the apes films functioned both as entertaining adventures and as apocalyptic political commentary informative and thought provoking the book demonstrates how this enormously popular series of secular myths used images of racial and ecological crisis to respond to events like the cold war the race riots of the 1960s the civil rights movement the black power movement and the vietnam war the work utilizes interviews with key filmmakers and close readings of the five apes films and two television series to trace the development of the series theme of racial conflict in the context of the shifting ideologies of race during the sixties and seventies the book also observes that today amid growing concerns over race relations the resurgent popularity of apes and twentieth century fox s upcoming film may again make planet of the apes a pop culture phenomenon that asks who we are and where we are going instructors considering this book for use in a course may request an examination copy here

what makes humans different from other animals what humans are entitled to do to other species whether time travel is possible what limits should be placed on science and technology the morality and practicality of genetic engineering these are just some of the philosophical problems raised by planet of the apes planet of the apes and philosophy looks at all the deeper issues involved in the planet of the apes stories it covers the entire franchise from pierre boule s 1963 novel monkey planet to the successful 2012 reboot rise of the planet of the apes the chapters reflect diverse points of view philosophical religious and scientific the ethical relations of humans with animals are explored in several chapters with entertaining and incisive observations on animal intelligence animal rights and human animal interaction genetic engineering is changing humans animals and plants raising new questions about the morality of such interventions the scientific recognition that humans and chimps share 99 percent of their genes makes a future in which non human animals acquire greater importance a distinct possibility planet of the apes is the most resonant of all scientific apocalypse myths

the astonishing new story of human origins was darwin wrong when he traced our origins to africa the real planet of the apes makes the explosive claim that it was in europe not africa where apes evolved the most important hallmarks of our human lineage in this compelling and accessible book david begun one of the world s leading paleoanthropologists transports readers to an epoch in the remote past when the earth was home to many migratory populations of ape species begun draws on the latest astonishing discoveries in the fossil record as well as his own experiences conducting field expeditions to offer a sweeping evolutionary history of great apes and humans he tells the story of how one of the earliest members of our evolutionary group evolved from lemur like monkeys in the primeval forests of africa begun then vividly describes how over the next ten million years these hominoids expanded into europe and asia and evolved climbing and hanging adaptations longer maturation times and larger brains as the climate deteriorated in europe these apes either died out or migrated south reinventing the african continent and giving rise to the lineages of african great apes and ultimately humans presenting startling new insights the real planet of the apes fundamentally alters our understanding of human origins

when men discovered that the planet of the apes was their own earth it was only the beginning of the most incredible adventure of all time conquest of the planet of the apes by john jakes in the future the earth thrives from the enslavement of its apes caesar the son of cornelius and zira has been in hiding for decades but surfaces to launch a revolution to overthrow humanity and free his kind battle for the planet of the apes by david gerrold it is ten years since caesar freed the apes from slavery he wants peace between his kind and the surviving humans but there are whispers of mutiny among his people and human survivors who also refuse reconciliation planet of the apes 2001 by william t quick crash landing on an unfamiliar planet captain leo davidson finds humanity enslaved and thinking speaking apes in charge desperate he must sow the seeds for a rebellion

when men discovered that the planet of the apes was their own earth it was only the beginning of the most incredible adventure of all time the third omnibus features captivating novelizations of the original tv series stories man the fugitive escape to tomorrow journey into terror and lord of the apes

the fourth omnibus of classic planet of the apes novels when men discovered that the planet of the apes was their own earth it was

only the beginning of the most incredible adventure of all time visions from nowhere stranded on an unknown planet astronauts bill hudson jeff allen and judy franklin are assaulted by fantastic visions that render them helpless when judy vanishes and bill is captured by an army of bloodthirsty gorillas they realize they've entered a world where apes rule and mankind lives under a leash escape from terror lagoon bill hudson and jeff allen seek the aid of chimpanzee scientists cornelius and zira to locate their wrecked spaceship unaware a group of angry apes have already set out to stop them but this is the least of their worries when their search takes them to the lagoon of a flesh eating mutant monster man the hunted animal bill hudson and jeff allen receive an urgent message from judy franklin who has become a captive goddess of the underdwellers volcanic lava threatens to detonate the underdwellers atomic reactor and the astronauts laser is the only hope of staving off total destruction of the planet

Thank you for downloading **Up From The Ape**.
