interweaving critical analysis of the four novels with biography and the linguistic and psychoanalytic writings of modern theorists especially kristeva and lacan lynn cain explores the connection between dickens s susceptibility to depression during this period and his increasingly self conscious exploitation of his own mental states in his fiction

literature and weather shakespeare goethe zola is dedicated to the relation between literature and weather i e a cultural practice and an everyday phenomenon that has played very different epistemic roles in the history of the world the study undertakes an archaeology of literature s affinity to the weather which tells the story of literature s weathery self reflection and its creative reinventions as a medium in different epistemic and social circumstances the book undertakes extensive close readings of three

exemplary literary texts shakespeare's *The Tempest*, goethe's *The Sufferings of Young Werther* and zola's *The Rougon-Macquarts*. These readings provide the basis for reconstructing three distinct formations negotiating the relationship between literature and weather in the 17th, 18th and 19th centuries. The study is a pioneering contribution to the recent debates of literature's indebtedness to the environment. It initiates a rewriting of literary history that is weather-sensitive. The question of literature's agency, its power to affect, cannot be raised without understanding the way the weather works in a certain cultural formation.

Will Love examines four of shakespeare's love plays: *Romeo and Juliet*, *Troilus and Cressida*, *Twelfth Night* and *Antony and Cleopatra*. In light of the Augustinian psychology at the heart of the theological romance tradition, this tradition which shakespeare inherits from medieval theologian-poets such as boethius, dante, petrarch and chaucer, issues from the idea initially expressed by augustine in his *Confessions* that love functions as volitional weight, as a kind of magnetism or almost gravitational force that it moves the lover in mysterious ways. Yet without diminishing his or her agency, *Will Love* highlights shakespeare's conception of love in terms of motion and explores the metaphysical, ethical, psychological and dramatic implications of his doing so.

Book two of rumi's *Masnavi* is concerned with the challenges facing the follower of sufi enlightenment. It interweaves stories and homilies in order to instruct followers of rumi, the great thirteenth-century muslim mystic jawid mojaddedi's sparkling new verse translation follows his prize-winning edition of book one. You don't seek guidance from those drunken men, so why insist they mend their rags again? God's lovers stand beyond all faiths, as they are shown by God himself. A higher way. Book two of rumi's *Masnavi* is concerned with the challenges facing the seeker of sufi enlightenment. In particular, it focuses on the struggle against the self and how to choose the right companions in order to progress along the mystical path. By interweaving amusing stories and profound homilies, rumi instructs his followers in a style that still speaks directly to us. In this volume, stories such as Moses and the Shepherd, the Foolhardy Man who trusted a bear's good intentions, and Mo'awiya and Satan are among the most popular in the entire *Masnavi*. The most influential sufi poem ever written, the six books of the *Masnavi* are often called the *Qur'an* in Persian, self-contained as well as continuing the journey along the spiritual path. Book two is here translated into rhyming couplets in the style of jawid mojaddedi's prize-winning translation of book one.

A good essay must draw its curtain round us, but it must be a curtain that shuts us in, not out. According to Virginia Woolf, the goal of the essay is simply that it should give pleasure. It should lay us under a spell with its first word, and we should only wake refreshed with its last. One of the best practitioners of the art, she analysed so rewardingly. Woolf displayed her essay-writing skills across a wide range of subjects, with all the craftsmanship, substance and rich allure of her novels. This selection brings together thirty of her best essays, including the famous *Mr Bennett and Mrs Brown*, a clarion call for modern fiction. She discusses the arts of writing and

of reading and the particular role and reputation of women writers she writes movingly about her father and the art of biography and of the london scene in the early decades of the twentieth century overall these pieces are as indispensable to an understanding of this great writer as they are enchanting in their own right about the series for over 100 years oxford world s classics has made available the widest range of literature from around the globe each affordable volume reflects oxford s commitment to scholarship providing the most accurate text plus a wealth of other valuable features including expert introductions by leading authorities helpful notes to clarify the text up to date bibliographies for further study and much more
