a guide so thorough it will send you packing backpacking remains one of the most popular and inexpensive outdoor activities

in america the complete idiot s guide r to backpacking and hiking helps anyone prepare and plan for a rewarding adventure covers planning training shopping and packing for the trip how to live on the trail first aid and other safety tips practical time and money saving hints what gear is necessary and what isn t special considerations when travelling with groups or pets

complete hiking backpacking guide best hiking gears a to z 86 world s longest toughest most scenic and unique trails i was diagnosed with high blood pressure borderline diabetes obesity and being overweight i lived a busy life and i didn t have a lot of money taking the time to follow a strict diet and exercise routine or paying out a lot of money for a gym membership or personal training was out of the question at first i tried training for a marathon as my younger brother bobby was a cross country marathon runner but after the second day with him i realized my body was not fit for marathon practice bobby s coach then told me about hiking and since he was an avid hiker himself he took me on two hiking trips and i was hooked that was 12 years ago fast forward to the present i now am an experienced long distance hiker i traveled and hiked in over 17 countries i no longer have diabetes or high blood pressure i am also a certified hiking coach for people with diabetes high blood pressure and obesity i teach and promote family hiking where a family with kids of any ages can go for a hike as a mini camping trip and have a fun time i wrote this complete hiking and backpacking guide book for people who are looking to get into shape while enjoying their time outdoor especially with their family and kids think of hiking as a mini camping trip where you get to enjoy the beautiful nature while getting into shape and spend quality time with your family in this book i start with the very basics of hiking backpacking and go into what hiking gears and camping supplies you need and why you need them i teach you how you can get started slowly and then work your way up to the advanced hiking phase where you will be able to take longer hiking trips i teach you how to deal with many emergencies along the trails how to choose the perfect trail and navigate yourself around how and what to pack for various hiking trips how to hike with family and pets i also share many dos and don ts along with some of the greatest hiking trails in the usa and around the world 86 world s longest toughest most scenic and unique hiking trails 10 top hiking trails in the usa 10 top hiking trails in canada 10 top hikes in europe 10 top hikes in the great britain 10 top islands of the world for hiking 5 top winter hiking destinations in the u s 8 most unique hiking trails of the world 13 longest hiking trails of the world 10 most difficult trails of the world feel free to look through the table of content area so you can see the details of what i cover in this book this way you will have a glimpse before you actually buy the book i know there are many books out there about hiking but i know mine will stand out as this is the only book where i teach you everything from my own personal experience and not what i learned from other books let s get started to a brighter and better tomorrow and a new beginning to a happier and healthier life good luck

if you would like to begin hiking and or camping but do not feel confident about your abilities then this book is definitely for you the author draws on his own six decades of camping and hiking his parents took him camping for the first time in the high country of yosemite national park when he was only a year old they scooped water from tenaya lake everybody drank from the rivers and lakes back then without any purification techniques and banged pots and pans to scare away the bears they continued to take the author and his two brothers camping and hiking every summer of their childhoods the author and his brothers were also boy scouts in troops that camped and hiked during all seasons of the year they all became eagle scouts this

tradition of camping and hiking continued as the author and his wife raised their own four children tenting only no motor homes or rvs in this family the author s travels have included every state in the united states except hawaii an omission that hopefully will be rectified some day six provinces of canada and a handful of foreign countries all of the author s children began hiking and camping while they were still in diapers they grew up spending many vacations at yosemite as well as a number of other national parks in a smart guide to hiking and backpacking the author includes the conventional information about gear hiking and camping with children basic first aid and similar information readers would expect to find in hiking and camping guides however the author also includes information about wilderness survival not only how to avoid unpleasant situations but more importantly how to deal with them when they do occur and inevitably they will occur the scout motto is be prepared a smart guide to hiking and backpacking is intended to prepare readers for their backcountry experiences so that hopefully those experiences will be enjoyable and renewing the author still hikes and camps every chance he gets photography and wildlife observing especially birding have become important parts of those experiences it is the author s sincere desire that readers of a smart guide to hiking and backpacking will learn to enjoy and appreciate the outdoors as much as he does the great naturalist john muir said the mountains are calling and i must go hopefully the mountains are calling you

thinking about hiking into the grand canyon if so this book is for you covering the central corridor trails including bright angel south kaibab and north kaibab trails which provide spectacular views and are among the most popular routes this guide has everything potential hikers need to safely navigate the canyon over 250 people are rescued from the inner canyon each year don t become a statistic read this book along with trail descriptions a comprehensive gear list rules and restrictions hiking tips and trip planning ideas award winning author brian j lane offers practical advice gleaned from over twenty years of hiking in and around the grand canyon and throughout the united states and canada packed with beautiful full color photos illustrations charts tables and maps this book is perfect for first time canyon explorers and was chosen by the ibpa as a benjamin franklin award winning finalist in 2008
