Teaching Civics in the Library FTCE Elementary Education K-6 We the Gamers Using Digital Games as Assessment and Instruction Tools Power Play Building Better Citizens Liar in a Crowded Theater The Nation Natural Resources and the Informed Citizen *Reneé Critcher Lyons Janet B. Andreasen Karen Schrier Ryan L, Schaaf Asi Burak Holly Korbey Jeff Kosseff Steve Dennis*

civics education is on the books in all 50 states yet civic illiteracy is widespread only one third of 12th graders are able to explain the significance of the declaration of independence and fewer than half of 8th graders know the purpose of the bill of rights this instructional guide explores the foundations of civics education and the reasons for its demise with commentary from civics education leaders and scholars across the nation questions for eliciting civics discussion are provided for all grade levels along with detailed civic action and service projects and reading plans best practices and grant writing options are included the author argues for a return to early 20th century civics education and details the traditional and present day role of america s libraries in developing a civic minded populace school and public librarians are urged to utilize trade books and carefully evaluated websites to integrate civics within educational and youth services offerings

this 2nd edition of cliffsnotes ftce elementary education k 6 test prep captures the recent changes to this florida teacher certification test that would be elementary school teachers must pass in order to be teacher certified in florida

distrust division disparity is our world in disrepair ethics and civics have always mattered but perhaps they matter now more than ever before recently with the rise of online teaching and movements like playaparttogether games have become increasingly acknowledged

as platforms for civic deliberation and value sharing we the gamers explores these possibilities by examining how we connect communicate analyze and discover when we play games combining research based perspectives and current examples this volume shows how games can be used in ethics civics and social studies education to inspire learning critical thinking and civic change we the gamers introduces and explores various educational frameworks through a range of games and interactive experiences including board and card games online games virtual reality and augmented reality games and digital games like minecraft executive command keep talking and nobody explodes fortnite when rivers were trails politicraft quandary and animal crossing new horizons the book systematically evaluates the types of skills concepts and knowledge needed for civic and ethical engagement and details how games can foster these skills in classrooms remote learning environments and other educational settings we the gamers also explores the obstacles to learning with games and how to overcome those obstacles by encouraging equity and inclusion care and compassion and fairness and justice featuring helpful tips and case studies we the gamers shows teachers the strengths and limitations of games in helping students connect with civics and ethics and imagines how we might repair and remake our world through gaming together

combine hard work and deep fun in classrooms with digital game based learning students of the always on generation gain information through different tools and learn differently than generations before them discover how to incorporate digital games and use them to craft engaging academically applicable classroom activities that address content standards and revitalize learning for both teachers and students

an insider s view of the good things that can emerge from being glued to a screen a solid piece of pop culture business journalism kirkus reviews the phenomenal growth of gaming has inspired plenty of hand wringing since its inception from the press politicians parents and everyone else concerned with its effect on our brains bodies and hearts but what if games could be good not only for individuals but for the world in power play asi burak and laura parker explore how video games are now pioneering innovative social change around the world as the former executive director and now chairman of games for change asi burak has spent the last ten years supporting and promoting the use of video games for social good in collaboration with leading organizations like the white house nasa world bank and the united nations the games for change movement has introduced millions of players to meaningful experiences around

everything from the israeli palestinian conflict to the us constitution power play looks to the future of games as a global movement asi burak and laura parker profile the luminaries behind some of the movement s most iconic games including former supreme court judge sandra day o connor and pulitzer prize winning authors nicholas kristof and sheryl wudunn they also explore the promise of virtual reality to address social and political issues with unprecedented immersion and see what the next generation of game makers have in store for the future

educating for citizenship was the original mission of american schools but for decades that knowledge also known as civics education has been in decline as schools have shifted focus to college and career stem and raising reading and math scores but over the last few years spurred on by political polarization and a steep decline in public understanding civics education is seeing a nation wide resurgence as school leaders educators and parents recognize the urgency of teaching young people how america works especially young people who have been marginalized from the political system but this isn t your grandmother s civics the new civics has been updated and re tooled for the phone addicted multi cultural globalized twenty first century kid from combatting fake news with fact checking in silicon valley to reviving elementary school social studies in nashville to learning civic activism in oklahoma city journalist holly korbey documents the grassroots revival happening across the country along the way she provides an essential guidebook for educators school leaders and caregivers of all types who want to educate a new generation of engaged citizens at a critical time in american democracy

the author addresses one of the most pressing issues in modern american life the pervasiveness of lies the constitutional protection they enjoy the harm that they cause and how to combat them the two most recent presidential elections the battle against the coronavirus and the january 6 2021 attack on the capitol demonstrate the power of lies their pervasiveness online and the damage that they can inflict

due to the growing rate of resource consumption it is vital everyone understands the role the surrounding environment and resources play in the survival of humanity by providing the readers with an even view of resource and environmental management the author hopes to encourage readers to become informed and involved in resource issues that effect their everyday lives this book covers an array of topics including resource scarcity and demand

the evolution of the american land ethic structures of federal resource agencies property rights issues citizen involvement and an overview of management practices pertaining to wildlife forestry range water and minerals
