Library Library of Congress* this volume contributes to the advancement of comparative education in the world more

specifically in expanding understandings of the discourse of comparative education vis à vis educational transformation throughout the text three critical elements that reflect comparative education as an open inconclusive discourse come up 1 there is sufficient pedagogical space for dissonance it is always possible to compare one's own authenticity with the epistemological position others hold dear and argue for 2 the contributions in this book should not be read as absolute pieces of writing as that would undermine the flexible nature of education it is important to point out that the opinions of the authors are temporary moments of attachment to persuasive claims however these claims are not cast in stone as new views continue to emerge from epistemological re-positioning 3 our own reading of the book corroborates our interest in comparative education as a continuous discourse in the making the contributions of scholars at the third symposium organized by wcces provided a platform for them to pursue their knowledge interests in addition these interests have and will or ought never to be homogenous for that would be incommensurate with a defensible practice of comparative education
