the classic historical interpretation of the late nineteenth and early twentieth centuries in america sees this period as a political search for order by the middle class culminating in progressive era reforms in the middle class city john hepp examines transformations in everyday middle class life in philadelphia between 1876 and 1926 to discover the cultural roots of this search for order by looking at complex relationships among members of that city s middle class and three largely bourgeois commercial institutions newspapers department stores and railroads hepp finds that the men and women of the middle class consistently reordered their world along rational lines according to hepp this period was rife with evidence of creative reorganization that served to mold middle class life the department store was more than just an expanded dry goods emporium it was a middle class haven of order in the heart of a frenetic city an entirely new way of organizing merchandise for sale redesigned newspapers brought well ordered news and entertainment to middle class homes and also carried retail advertisements to entice consumers downtown via train and streetcar the complex interiors of urban railroad stations reflected a rationalization of space and rail schedules embodied the modernized specialization of standard time in his fascinating investigation of similar patterns of behavior among commercial institutions hepp exposes an important intersection between the histories of the city and the middle class in his careful reconstruction of this now vanished culture hepp examines a wide variety of sources including diaries and memoirs left by middle class women and men of the region following philadelphians as they rode trains and trolleys read newspapers and shopped at department stores he uses their accounts as individualized guidebooks to middle class life in the metropolis and through a creative use of photographs floor plans maps and material culture the middle class city helps to reconstruct the physical settings of these enterprises and recreate everyday middle class life shedding new light on an underanalyzed historical group and the cultural history of twentieth century america

the nineteenth century and after london

the caribbean ranks among the earliest and most completely globalized regions in the world from the first

moment europeans set foot on the islands to the present products people and ideas have made their way back and forth between the region and other parts of the globe with unequal but inexorable force an inventory of some of these unprecedented multidirectional exchanges this volume provides a measure of as well as a model for new scholarship on globalization in the region ten essays by leading scholars in the field of caribbean studies identify and illuminate important social and cultural aspects of the region as it seeks to maintain its own identity against the unrelenting pressures of globalization these essays examine cultural phenomena in their creolized forms from sports and religion to music and drink as well as the caribbean manifestations of more universal trends from racial inequality and feminist activism to indebtedness and economic uncertainty throughout the volume points to the contending forces of homogeneity and differentiation that define globalization and highlights the growing agency of the caribbean peoples in the modern world contributors antonio benitez rojo 1931 2004 alex dupuy wesleyan university juan flores city university of new york graduate center jorge l giovannetti university of puerto rico aline helg university of geneva franklin w knight the johns hopkins university anthony p maingot florida international university teresita martinez vergne macalester college helen mcbain economic commission for latin america the caribbean trinidad frances negron muntaner columbia university valentina peguero university of wisconsin stevens point raquel romberg temple university

for americans legitimate government means self government in this brilliant and disturbing analysis paul w kahn shows that the american constitution itself makes self government impossible constitutional theory he argues has been a history of failed attempts to resolve this paradox

china has long been an object of fascination for the french who celebrated their annee de la chine in 2004 symptomatic of that fascination are the movements into china made by groups as diverse as the jesuits who arrived in empire du milieu in the late seventeenth century and the intellectual whose will to political pilgrimage took th
