the freedom of students to learn at university is being eroded by a performative culture that fails to respect their rights to engage and develop as autonomous adults instead students are being restricted in how they learn when they learn and what they learn by the so called student engagement movement compulsory attendance registers class contribution grading group project work and reflective learning exercises based on expectations of self disclosure and confession take little account of the rights of students or individual differences between them this new hidden university curriculum is intolerant of students who may prefer to learn informally are reticent shy or simply value their privacy three forms of student performativity

have arisen bodily participative and emotional which threaten the freedom to learn key themes include a re imagining of student academic freedom the democratic student experience challenging assumptions of the student engagement movement an examination of university policies and practices freedom to learn offers a radically new perspective on academic freedom from a student rights standpoint it analyzes the effects of performative expectations on students drawing on the distinction between negative and positive rights to re frame student academic freedom it argues that students need to be thought of as scholars with rights and that the phrase student centred learning needs to be reclaimed to reflect its original intention to allow students to develop as persons student rights to non indoctrination reticence in choosing how to learn and in being treated like an adult ought to be central to this process in fostering a democratic rather authoritarian culture of learning and teaching at university written for an international readership this book will be of great interest to anyone involved in higher education policy and practice drawing on a wide range of historical and contemporary literature related to sociology philosophy and higher education studies

this research topic on unlearning attendance champions a serious look at school attendance and absenteeism it examines all forms of school attendance problems ranging from school refusal truancy school withdrawal to school avoidance and its correlates of criminal socio emotional developmental psychological academic fiscal technological and societal impact the issue gives a synopsis on the known problems and challenges but also those exacerbated by the pandemic and ideas for improvement

this book examines how indigenous peoples around the world are demanding greater data sovereignty and challenging the ways in which governments have historically used indigenous data to develop policies and programs in the digital age governments are increasingly dependent on data and data analytics to inform their policies and decision making however indigenous peoples have often been the unwilling targets of policy interventions and have had little say over the collection use and application of data about them their lands and cultures at the heart of indigenous peoples demands for change are the enduring aspirations of self determination over their institutions resources knowledge and information systems with contributors from australia aotearoa new zealand north and south america and europe this book offers a rich account of the potential for indigenous data sovereignty to support human flourishing and to protect against the ever growing threats of data related risks and harms the open access version of this book available at [taylorfrancis.com/books/e/9780429273957](https://www.taylorfrancis.com/books/e/9780429273957) has been made available under a creative commons attribution non commercial no derivatives 4.0 license

ambitious fast paced fact filled and accessible science a compelling case for why achieving the right balance of time with our families is vital to the economic success and prosperity of our nation a must read maria shriver from backyard barbecues to the blogosphere working men and women across the country are raising the same worried question how can i get ahead at my job while making sure my family doesn't suffer a visionary economist who has looked at the numbers behind the personal stories heather boushey argues that resolving the work life conflict is as vital for us personally as it is essential economically finding time offers ingenious ways to help us carve out the time we need while showing businesses that more flexible policies can

actually make them more productive supply and demand curves are suddenly sexy when boushey uses them to prove that paid sick days paid family leave flexible work schedules and affordable child care aren't just cutesy women's issues for families to figure out on their own time and dime but economic issues affecting the country at large vogue boushey argues that better family leave policies should not only improve the lives of struggling families but also boost workers productivity and reduce firms costs the economist
