walt disney s vision for a city of tomorrow epcot would be a way for american corporations to

show how technology creative thinking and hard work could change the world he saw this project as a way to influence the public s expectations about city life in the same way his earlier work had redefined what it meant to watch an animated film or visit an amusement park walt and the promise of progress city is a personal journey that explores the process through which meaningful and functional spaces have been created by walt disney and his artists as well as how guests understand and experience those spaces

from the progress city archives comes this collection of tall tales and true from the annals of the walt disney company from walt s on set antics to the creations of modern day imagineers we ve put together a sampling of stories from throughout disney history see how walt disney befriended presidents and saved the winter olympics hear how imagineers created the technological wonderland of epcot center read the true life tales of never built disney theme parks port disney and disney s america join us as we explore the obscure and amusing corners of the disney universe from fantasia to horizons there s something here for every fan

travel deeper into the texas outback with writer historian mike cox as he recounts the lesser known stories from alpine fort davis and marfa revisit the grandeur of alpine s holland hotel peer through the telescope at the mcdonald observatory and dip your toes in the water hole at ernst tinaja if you dare travel back to a time when the comanche trail stretched one thousand miles from kansas to mexico making the big bend difficult to defend and impossible to resist trying celebrate cinco de mayo the anniversary of benito juarez s decisive defeat of the french at pueblo in 1867 if nothing else come for the lore and history that is as extensive in the big bend region as the mountain passes and desert stretches themselves

in popular culture in the age of white flight eric avila offers a unique argument about the restructuring of urban space in the two decades following world war ii and the role played by new suburban spaces in dramatically transforming the political culture of the united states avila s work helps us see how and why the postwar suburb produced the political culture of balanced budget conservatism that is now the dominant force in politics how the eclipse of the new deal since the 1970s represents not only a change of views but also an alteration of spaces george lipsitz author of the possessive investment in whiteness

how virtual adulthood children s role play in simulated cities states and nations helped construct a new kind of sheltered childhood for american young people a number of curious communities sprang up across the united states in the late nineteenth and early twentieth

century simulated cities states and nations in which children played the roles of legislators police officers bankers journalists shopkeepers and other adults they performed real work passing laws growing food and constructing buildings among other tasks inside virtual worlds in this book jennifer light examines the phenomena of junior republics and argues that they marked the transition to a new kind of sheltered childhood for american youth banished from the labor force and public life children inhabited worlds that mirrored the one they had left light describes the invention of junior republics as independent institutions and how they were later established at schools on playgrounds in housing projects and on city streets as public officials discovered children s role playing helped their bottom line the junior republic movement aligned with cutting edge developmental psychology and educational philosophy and complemented the era s fascination with models and miniatures shaping educational and recreational programs across the nation light s account of how earlier generations distinguished real life from role playing reveals a hidden history of child labor in america and offers insights into the deep roots of such contemporary concepts as gamification play labor and virtuality

in the american historical imaginary contested narratives of the past in mass culture caroline guthrie examines the american relationship to versions of the past that are known to be untrue and asks why do these myths persist and why do so many people hold them so dear to answer these questions she examines popular sites where fictional versions of history are formed played through and solidified from television s reality show winners and time travelers to the magic kingdom in walt disney world to the movies of quentin tarantino this book examines how mass culture imagines and reimagines the most controversial and painful parts of american history in doing so guthrie explores how contemporary ideas of national identity are tied to particular versions of history that valorize white masculinity and ignores oppression and resistance through her explanation and analysis of what she calls the historical imaginary guthrie offers new ways of attempting to combat harmful myths of the past through the imaginative engagements they have dominated for so long

contents of each report may be found in list of publications of the geological survey of canada 1900
