why are people the way they are why are some cultures and nations progressive while others seem to be perpetually mired in backwardness and poverty what were the original foundations upon which western culture thrived what are the current effects of secularism on the west and the rest of the world what would it be like if christians not only prayed for god s kingdom to come but heeded jesus teaching to live out the truths of his kingdom on earth worldview and the kingdom of god is an easy to read book for the ordinary man on the street that challenges the worldview of christians based on the original good news of the kingdom that jesus and his disciples preached not the popular gospel of salvation to go to heaven that most christians preach it calls for a paradigm shift from a salvation from this world worldview to a god s kingdom on earth worldview beginning with the premise that the world is ruled by ideas and that ideas have consequences the message invites the reader to examine his worldview and reflect on what has been influencing and shaping it the concept of worldview is explained in simple terms and the reader is invited to reflect on the worldviews of animism and secularism and its consequences and examine how much of his worldview is still rooted in animism and or influenced by secularism god s kingdom is then introduced and contrasted against satan s kingdom and man s kingdom in the light of the biblical teaching of the three kingdoms the call is for christians to discard their salvation from this world worldview if they are to get beyond themselves and church as we know it to get on with god s agenda for his kingdom to come and his will to be done on earth as it is done in heaven

the goal of many evangelical educators is to facilitate biblical thinking and the worldview transformation of their students yet aside from upholding a set of moral behaviors or maintaining positions on issues perceived to be christian the goals and aspirations of most evangelical young people differ little from their unbelieving peers as george barna has noted we have a generation coming up that isn t looking at christianity to answer spiritual concerns we either change or we lose them worldview as worship contends that the approach taken by most evangelical educators to the issue of worldview transformation has neglected to address two fundamental components of worldviews first that our initial worldviews are not philosophical systems but rather faith dispositions and that worldview transformation cannot simply present the biblical worldview as a more

rational or logical system but must address issues of the heart as well as the mind second unlike philosophies that are individual worldviews are communal and are learned and transformed within the context of community practice appealing to paul s teaching in romans 12 1 2 worldview as worship approaches the renewing of your mind as the result of the believer s presentation of themselves as a holy sacrifice which is your spiritual service of worship the book advocates an approach to worldview transformation that focuses on believers as apprentices rather than simply as students an approach that holds true to the biblical model of discipleship as a result worldview transformation works best when the application of faith to the issues of learning and life are modeled by the faith community and where students are given the opportunity to put faith into practice
