the handbook of the politics of china is a comprehensive resource introducing readers to the very latest in research on chinese politics david goodman provides an introduction to the key structures and issues providing the foundations on which later learning can be built including a comprehensive bibliography it is an ideal reference work for undergraduate and postgraduate students and academics the handbook contains four sections of new and original research dealing with leadership and institutions public policy political economy and social change and international relations each of the 26 chapters has been written by a leading internationally established authority in the field and each reviews the literature on the topic and presents the latest findings of research presenting the state of the art of the field this reader oriented handbook is an essential primer for the study of china s politics

on october 1 2009 the people s republic of china prc celebrated the 60th anniversary of its founding and what an eventful and tumultuous six decades it had been during that time under the leadership of the chinese communist party ccp china was transformed from one of the world s poorest countries into the world s fastest growing major economy and from a weak state barely able to govern or protect its own territory to a rising power that is challenging the united states for global influence over those same years the prc also experienced the most deadly famine in human history caused largely by the actions and inactions of its political leaders not

long after there was a collapse of government authority that pushed the country to the brink of and in some places actually into civil war and anarchy today china is for the most part peaceful prospering and proud this is the china that was on display for the world to see during the beijing olympics in 2008 the ccp maintains a firm grip on power through a combination of popular support largely based on its recent record of promoting rapid economic growth and harsh repression of political opposition yet the party and country face serious challenges on many fronts including a slowing economy environmental desecration pervasive corruption extreme inequalities and a rising tide of social protest politics in china is an authoritative introduction to how the world s most populous nation and rapidly rising global power is governed today written by leading china scholars the book s chapters offers accessible overviews of major periods in china s modern political history from the mid nineteenth century to the present key topics in contemporary chinese politics and developments in four important areas located on china s geographic periphery tibet xinjiang hong kong and taiwan

this text provides facts and information interspersed with analysis in its examination of contemporary china and its political and economic developments

politics in china is an authoritative introduction to how the world s most populous nation and rapidly rising global power is governed today written by leading china scholars the book s chapters offers accessible overviews of major periods in china s modern political history from the mid nineteenth century to the present key topics in contemporary chinese politics and developments in four important areas located on china s geographic periphery tibet xinjiang hong kong and taiwan

unlock the complexities of chinese politics with this essential guide to its key concepts and terminology understanding china politics the key words approach examines the concepts and features behind the 21 outstanding words in the contemporary chinese political lexicon from democracy within the communist party of china to local government cooperation this book provides insightful analysis of the political transformation of china since the reform and opening up readers will gain a deeper understanding of practical chinese political life the great transition in chinese political discourse and the latest progress in chinese democratic politics this book is ideal for political scientists researchers students interested in contemporary chinese politics

after over a decade of administrative and economic reform in mainland china the center has become increasingly remote and less important for many localities in many ways the mobilization capacity of the central government has been weakened central government policies are often ignored and local officials are often more interested in personal projects than in centrally directed economic plans in this study of local government and politics in china the author explores when and why local government officials comply with policy directives from above drawing on interviews with government officials in various municipalities and a review of county records and other government documents he provides the first in depth look at policy implementation at the county and township levels in the prc the book examines the impact of the chinese cadre system on the behavior of local officials local party and government structure relationships among various levels of chinese local government policy supervision mechanisms at local levels village governance of china and more

written by a team of leading china scholars this text interrogates the dynamics of state power and legitimation in 21st century china despite the continuing economic successes and rising international prestige of china there has been increasing social protests over corruption land seizures environmental concerns and homeowner movements such political contestation presents an opportunity to explore the changes occurring in china today what are the goals of political contestation how are chinese communist party leaders legitimizing their rule who are the specific actors involved in contesting state legitimacy today and what are the implications of changing state society relations for the future viability of the people s republic key subjects covered include the legitimacy of the communist party internet censorship ethnic resistance rural and urban contention nationalism youth culture labour relations chinese politics is an essential read for all students and scholars of contemporary china as well as those interested in the dynamics of political and social change

the essays that make up this volume offer the reader a full introduction to and analysis of the politics of the people s republic of china from 1949 to the mid 1990s

this book includes collective research by the institute of political science of the chinese academy of social sciences which is an important research institution of political science and a think tank in china the book was completed by the expert team of china s political system headed by director fang ning for several years and after several changes in their manuscripts this book covers the core political systems of china such as the leadership system of the communist party of china the decision making system of the party and government in chinese politics the system of the people s congress the relationship between the central and local authorities the system of officials training and selection the system of discipline inspection and supervision the system of consultative democracy and the system of community level self governance etc this book aims to build a new paradigm of empirical research and introduction of the contemporary chinese political system by using the description and research method of materialization and dynamics of the political system

a comprehensive and authoritative introduction to china s political history contemporary political system and key policy areas such as the environment population management and public health politics in china is an authoritative introduction to how the world s second most populous nation and rapidly rising global power is governed today written by leading china scholars each chapter offers an accessible overview of a key topic in chinese politics the opening section provides readers with a firm grounding in china s modern political history covering the decline and fall of the last imperial dynasty and the rise to power of the chinese communist party ccp and the radicalism of the era of mao zedong 1949 76 the dramatic economic reforms carried out by deng xiaoping and his disciples 1978 to 2012 and the era of xi Jinping 2012 present who has consolidated more personal power than any ccp leader since mao the next section sets the framework of politics in the people s republic of china prc with chapters on the ideology of the ccp the structure and dynamics of the political system the role of law and legal reform and the policies behind the country s spectacular economic transformation the book then shifts to a discussion of a series of major political issues in china today reform and resistance in the countryside changes and challenges in the cities the arts and culture the environment and climate change public health population policy and internet politics the final chapters of the book covers politics in four important areas

located on china's geographic periphery tibet xinjiang hong kong and taiwan the fourth edition of politics in china has been thoroughly updated and includes a new chapter on the rise and rule of xi jinping it is essential reading not only for students studying the prc but also for any reader interested in learning how china has evolved in recent times how its political system works and about the most important challenges it faces in years ahead

this book focuses on china's future under xi jinping's authoritarian leadership by examining various facets of the political economic social and foreign policy trajectories of contemporary china it assesses xi jinping's power dynamic as the core leader of the communist party of china cpc and analyses the impact of xi's signature domestic policies which demonstrate his political authority within the domestic sphere moreover the book presents xi's pro active assertive and action oriented outlook as a foundation for china's diplomacy in the new era bringing together an international set of experts in the field who explore critical facets of china under xi jinping that deeply influence the regional as well as the global order the book investigates the impact of chinese initiatives such as the grand belt and road initiative bri the asian infrastructure investment bank aiib and the brics new development bank ndb importantly the book illustrates us china relations and outlines how this relationship will intensify in the post covid 19 era which is poised to be one of the biggest challenges and turning points of the asian century offering a timely insight into china's future and the trajectory of xi jinping's consolidation of power this book will be of interest to academics in the fields of china studies asian and international politics and international relations

faced with the usual list of paradoxes that plague our views of china it is a communist regime with a capitalist economy an authoritarian state with an entrepreneurial spirit a unified nation with tendencies toward fragmentation the contributors to this volume work to go beyond them and to seek new paths to understanding china to do so the essays avoid the conventional approaches toward chinese politics that focus on either evolutionist culturally bound or functionalist role bound issues rather than separate state from society these essays explore how the interweaving of these different spheres creates a hazy border between them the contributors explore the moving frontiers between other spheres as well such as rural and urban populations internal evolution and external influence and money and politics this book does not aim to offer a new framework of analysis for understanding chinese politics but to open up new directions for research and study on the topic the internationally diverse scholars in this volume offer readers an intriguing look at the present and future of china research

the success or failure of china's development will impact not only its own citizens but also those of the world china is widely recognized as a global actor on the world stage and no global challenge can be resolved without its participation it is important to understand how the country is ruled and what its policy priorities are can china move to a more market based economy while controlling environmental degradation can it integrate hundreds of millions of new migrants into the urban landscape the tensions between communist and capitalist identities continue to divide society as china searches for a path to modernization in this revised fifth edition and essential guide to the subject tony saich delivers a thorough introduction to all aspects of politics and governance in post mao china taking full account of the changes of the 20th party congress and the 13th national people's congress as well as the situation in hong kong and current debates in chinese

society

this book examines the new equity enhancing politics in china in the context of chinese traditional cognitive patterns of political legitimacy and its implication for chinese political development in the near future based on an analysis of the new governing philosophy the generation of political elite and a new set of public policies the book reaffirms the emergence of a new chinese polity that infuses one party rule with limited electoral and deliberative democracies unlike many scholars who perceive the contemporary chinese history as a constant search for democracy this book takes a very different approach it asserts that the enduring question in political development in china today is no different from what was sought after throughout chinese history namely the constant search for political legitimacy even though the quest for democracy is instrumental to that end it may not ultimately lead to the embrace of a full fledged liberal democracy the new politics is not only a rationalization of the efficiency based development but also a major paradigm shift in china s developmental strategy

a glossary of political terms of the people s republic of china is a collection of 560 important and frequently used chinese political terms and phrases that appeared between 1949 and 1990 each entry begins with an explanation of the term and its origin a description of how and under what circumstances the term was used and a discussion of the changes of meaning over the years as well as the political and social significance of the words jacket

china s elite politics provides a theoretical perspective on elite politics in china to explain power transfer from jiang zemin to hu jintao and political dynamics between different factional groups since the sixteenth party congress of november 2002

this concise thought provoking analysis explores the political changes and economic development emblematic of a rapidly rising china politics and government in china is an introduction to chinese government and politics the book provides analysis of china s political history its key leaders and leadership transitions and its political party state institutions and party policies moving beyond a strict definition of politics the book also explores the nation s economic development social policy law and order and foreign relations throughout these analyses the book s primary focus is on modern china a nation poised to become an economic superpower it thus explores themes such as china s transition from a traditional society to a modern society from a less developed to a rapidly growing economy from a revolutionary regime to a modernizing state and from the rule of man to the rule of law although the transitions are incomplete and the future still uncertain this book will help readers understand china as it is and as it may become

we have witnessed the substantial transformation of china studies particularly chinese political studies in the past 30 years due to changes in china and its rising status in the world as well as changes in our ways of conducting research as area studies specialists we are no longer isolated from the larger disciplines of political science and international relations ir but an integral part of them this book contains theoretically innovative contributions by distinguished political scientists from inside and outside china who together offer up to date overviews of the state of the field of chinese political studies combines empirical and normative researches as well as theoretical exploration and case studies explore the relationship between western political science scholarship and contemporary chinese political studies examine the

logic and methods of political science and their scholarly application and most recent developments in the study of chinese politics and discuss the hotly contested and debated issues in chinese political studies such as universality and particularity regularity and diversity scientification and indigenization main problems challenges opportunities and directions for the disciplinary and intellectual development of chinese political studies in the context of rising china
