perspectives on international relations power institutions and ideas shows students new to the field how theories perspectives of international affairs realism liberalism constructivism identity and critical theory play a decisive role in explaining every day debates about world affairs why for example do politicians and political scientists disagree about the causes of the ongoing conflict in syria even though they all have the same facts or why do policymakers disagree about how to deal with north korea when they are all equally well informed the new sixth edition of this best seller includes updates on brexit the rise of donald trump and other populist leaders and continuing developments for isis syria and russia

in the aftermath of recent multiple leaks such as the panama papers the swiss leaks the lux leaks and the bahama leaks this book offers an interesting view on the underlying conflicting interests

that impede the adoption of more effective legislation to stop money laundering by way of the financial system the central position of the book is that the declared goals underlying the criminalization of money laundering have not been fulfilled the effectiveness of the anti money laundering regime in germany is assessed by examining the indirect effects collateral consequences and positive interpretations of the law in action and of the law inaction reducing the issue to a question of symbolic effectiveness does not reflect the complexity of the matter what is demonstrated is that the goals attributed to the regime were too ambitious and that a lower degree of effectiveness has been accepted in order to balance the inherent political economic and financial conflicting interests unlike other volumes focusing on this issue this book deals with the implementation of the legislation and the consequences thereof and is primarily aimed at legal sociologists sociology of law researchers criminal lawyers criminologists with an interest in white collar crime and political scientists studying measures against illicit financial flows and the concrete implementation of anti money laundering laws the book will be of interest to both international policymakers and consultants as well as their counterparts in germany for instance working on improving the instruments to fight organized crime and prevent the financing of terrorism through money laundering the complexity of the anti money laundering regime and all the variables are exhaustively and critically reviewed in the assessment thereby providing complete instructions for future legislative steps the case study regarding the situation in germany maximizes readers insights into concrete effects of the implementation of international anti money laundering standards at a national level and the opinions of professionals working in the field and of experts on the law making process are also illuminating moreover the book equips non german speakers with the information needed to deal with the extensive german legal scholarly production on article 261 of the german criminal code and the current internal political debate on the matter verena zoppei is a fellow researcher at the international security division of the german institute for international and security affairs in berlin specific to this book broadens your understanding of the complexity of the anti money laundering regime provides complete instructions for future legislative steps offers a qualitative and multidisciplinary approach of the money laundering offence also equips non german readers speakers with a handle on the extensive german legal scholarly production on article 261 of the german criminal code this is volume 12 in the international criminal justice series

what does teaching look like at its very best how are great teachers able to ignite a love of learning and change students lives in this book you ll learn from seven remarkable teachers who stretch beyond the conventional foundations of good teaching to transform their classrooms into exciting dynamic places where teachers and students cocreate the learning experience based on six years of extensive work the book outlines a framework that identifies four dimensions of effective teaching and learning that are integrated in these highly effective teachers classrooms and that all teachers can use to recognize and release the potential in themselves and their students

although there has been an increase in research on terrorism across the social and behavioural sciences in the past few decades until recently most of this work has originated from political science psychology or economics therefore our focus in this book on criminological conceptual frameworks and empirical studies that engage terrorism and responses to it is unique we include a distinguished group of researchers that offer their distinctive insights into criminological perspectives on terrorism the contributors focus on criminological perspectives that have rarely if ever been previously applied to the study of terrorism this includes a range of perspectives from rational choice to social disorganization from strain to routine activities theory this volume will advance understanding of terrorism by taking advantage of criminological contributions and at the same time will serve as a useful update to the criminologists and their students already working in this area it would also be a helpful introduction to those criminologists and their students who would like to be more engaged in this important area of research this book was originally published as a special issue of terrorism and political violence
