an astounding project of analysis on more than one hundred translations of ancient philosophical texts this index of words found in the ancient commentators on aristotle series comprises some 114 000 entries it forms in effect a unique dictionary of philosophical terms from the post hellenistic period through to late antiquity and will be an essential reference tool for any scholar working on the meaning of these ancient texts as traditional dictionaries have usually neglected to include translation examples from philosophical texts of this period scholars interested in how meanings of words vary across time and author have been ill served this index fills a huge gap therefore in the lexical analysis of ancient greek and has application well beyond the reading of ancient philosophical commentaries bringing together the full indexes from 110 of the volumes published in bloomsbury s ancient commentators on aristotle series mckirahan has combined each word entry and analysed how many times particular translations occur he presents his findings numerically so that each meaning in turn has a note as to the number of times it is used for meanings that are found between one and four times the volume details are also given so that readers may quickly and easily look up the texts themselves

the present dictionary is designed to meet the long felt need of the english knowing reader who is interested in the study of classical as well as modern sanskrit it covers a very large field epics such as the ramayana and mahabharata puranas and upapuranas smrti and niti literature darsanas or systems of philosophy such as nyaya vedanta mimamsa sankhya and yoga grammar rhetoric poetry in all its branches dramatic and narrative literature mathematics medicine botany astronomy music and other technical or scientific branches of learning thus it embraces all words occurring in the general post vedic literature it includes most of the important terms in grammar it gives quotations and references to the peculiar and remarkable meaning of words especially such as occur in books prescribed for study in the indian and foreign universities it also renders explanation of important technical terms occurring in different branches of sanskrit learning to add to its usefulness
