remarkably little has been written on the subject of modernism in japanese fiction until now there has been neither a comprehensive survey of japanese modernist fiction nor an anthology of translations to provide a systematic introduction only recently have the terms modernism and modernist become part of the standard discourse in english on modern japanese literature and doubts concerning their authenticity vis a vis western european modernism remain this anomaly is especially ironic in view of the decidedly modan prose crafted by such well known japanese writers as kawabata yasunari nagai kafu and tanizaki jun ichiro by contrast scholars in the visual and fine arts architecture and poetry readily embraced modanizumu as a key concept for describing and analyzing japanese culture in the 1920s and 1930s this volume addresses this discrepancy by presenting in translation for the first time a collection of twenty five stories and novellas representative of japanese authors who worked in the modernist idiom from 1913 to 1938 its prefatory materials provide a systematic overview of the literary movement s salient features anti naturalism cosmopolitanism the concept of the double self and actionism and describe how modanizumu evolved from its early jagged edges into a sophisticated yet popular expression of japanese urban life in the first half of the twentieth century the modanist style characterized by youthful exuberance a tongue in cheek tone and narrative techniques like superimposition is amply illustrated modanizumu introduces faces altogether new or relatively unknown abe tomoji kajii motojiro murayama kaita osaki midori tachibana sotoo takeda rintaro tani joji yoshiyuki eisuke and yumeno kyusaku it also revisits such luminaries as kawabata tanizaki and the detective novelist edogawa ranpo key works that it culls from the modernist repertoire include funahashi seiichi s diving hagiwara sakutaro s town of cats ito sei s streets of fiendish ghosts and kawabata s film scenario page of madness this volume moves beyond conventional views to place this important movement in japanese fiction within a global context an indigenous expression born of the fission of local creativity and the fusion of cross cultural interaction

satou s hallucinations of an angel misaki are getting worse having run away from home he now turns to arcades and pachinko bars for relief but he soon learns that these are expensive habits and that his escapism comes at a cost he might not be willing to pay feeling alone with no one to turn to especially now that yamazaki s got his own girl problems satou is at an all time low where will he turn fates are intertwined and secrets revealed in this the next volume of welcome to the n h k viz media

this volume explores the political and social backgrounds of the ongoing history textbook controversy in japan in chapter 1 the resurgence since the 1990s of the conservative interpretation of history known as historical revisionism which aims to support history education in schools that serves the strengthening of national pride is identified as the major reason for the renewed debate the remainder of the chapter traces the diverse connections of historical revisionism with japanese domestic politics chapter 2 demonstrates that as a consequence of this strong connection between revisionism and politics the views of japan s recent history underlying the culture of memory as it is manifested in the public sphere in memorials museums and ceremonies are increasingly similar to those advocated by historical revisionism this is particularly true regarding the interpretation of the asia pacific war 1931 1945 which here is often depicted as a defensive war or as a war waged for the liberation of asia following the affirmative view of the war urged by revisionists but however forcefully expressed these views fall short of reflecting a consensus on history in japanese society at large in chapter 3 a number of opinion surveys inquiring into the historical consciousness of the japanese are analyzed the results of these surveys indicate that revisionist views face an uphill battle in japanese society and rather have to be considered a minority view at present the explosive character of the history textbook controversy above all reflects the discrepancy between the historical views of the political class and those promoted in the public sphere on the one hand and those predominant in the wider society on the other the anticipated next round of the history textbook debate in the 60th anniversary year of the end of the war will not be adequately understood without sufficient knowledge of the backgrounds to the debate and the issues related to it

satou and misaki grow closer and even pose as a couple when satou s mother comes for a visit later satou and yamazaki share their frustrations over love and women and decide to funnel that into their hentai game misaki worries that satou is headed down a road of destruction is she right
