in literacy learning and provides guidance toward designing identity based literacy instruction

teachers to see and engage with the ways that children make and remake ideas about who  
they are as readers and writers as they learn about language and literacy this book explores  
what literacy teaching can look like when literacy is reframed as an identity practice and it  
prepares readers to design literacy instruction using an identity based instruction framework

reflection and narrative making each chapter draws on examples of units and lessons  
developed by teachers using the four strands of the identity based instruction framework  
including instructional activities and resources this is a foundational book for pre service and
