well being and fair distribution provides a rigorous and comprehensive defense of the social welfare function as a tool for evaluating governmental policies in particular it argues for a prioritarian social welfare function one that gives greater weight to well being changes affecting worse off individuals in doing so the book draws on many literatures in theoretical economics applied economics philosophy and law topics addressed include the following the nature of well being

and the possibility of interpersonal comparisons the measurement of well being via utility numbers why a prioritarian social welfare function is more appealing than alternative forms for example a utilitarian leximin or sufficientist function whether fair distribution should be conceptualized on a lifetime or sublifetime basis and social choice under uncertainty the book also compares the social welfare function to other more familiar policy evaluation methodologies traditional cost benefit analysis inequality metrics poverty metrics and cost effectiveness analysis only the social welfare function provides a unified implementable and normatively plausible methodology that respects the most basic welfarist principles such as the pareto principle and is sensitive to distributive considerations

in well being and fair distribution beyond cost benefit analysis author matthew d adler provides readers with a comprehensive philosophically grounded argument for the use of social welfare functions as a framework for governmental policy analysis a framework that is welfarist but not utilitarian and sensitive to the distribution of human well being well being and fair distribution addresses a range of relevant theoretical issues including the nature of well being and the possibility of interpersonal welfare comparisons the moral value of equality and how that bears on the form of the social welfare function social choice under uncertainty and the integration of individual responsibility into the social welfare function approach adler also explores issues of implementation by looking at how survey data and other sources of evidence might be used to calibrate both a well being metric and a social welfare function and discussing whether distributive goals are ever best pursued through regulation rather than the tax system in working through this range of theoretical and practical issues well being and fair distribution draws from a wide variety of literatures including philosophical scholarship on equality prioritarianism responsibility well being and personal identity over time the social choice literature within economics applied economic literatures concerning the measurement of inequality and poverty legal and policy analytic scholarship on cost benefit analysis environmental justice and the choice between regulation and taxation and the burgeoning field of happiness studies

since the publication of john rawls s a theory of justice in 1971 political philosophers in the english speaking world have shared a broad consensus that social justice should be understood as a matter of fair distribution of social resources many contemporary political philosophers disagree sharply about what would count as a fair distribution of social resources yet agree that if social resources were to be distributed fairly then social justice would exist in beyond redistribution kevin m graham argues that political theories operating on a distributive understanding of social justice fail to address adequately certain forms of

social injustice related to race graham argues that political philosophy could understand race related injustice more fully by shifting its focus away from distributive inequities between whites and nonwhites and toward white supremacy the unfair power relationships that allow whites to dominate and oppress nonwhites beyond redistribution offers a careful detailed critique of the positions of leading contemporary liberal political philosophers on race related issues of social justice graham s analysis of the racial politics of police violence and public education in omaha nebraska vividly illustrates why the search for racial justice in the united states must move beyond redistribution

uncertain futures an assessment of the conditions of the present provides a detailed look into the economic and political conditions of our present moment from a marxist perspective key aspects of marxist economic theory are illustrated in clear ways in order to provide an easy introduction to marxist thought and their applicability the book also examines the sluggish recovery from the great recession in the context of the long term feasibility of sustaining the capitalist system by placing it into a historical framework it considers the necessity of social democratic reforms while calling for an anarchic re invigoration of the politics of everyday life

this study explores how and why the concept of secularism has proved to be inadequate for dealing with the complex problems of indian society

if the first edition was an invaluable guide for students the second is well nigh indispensable i can think of no better starting point for those wanting a quick fix on any given criminological topic professor tony jefferson keele university since its initial publication in 2001 i ve steadfastly kept the sage dictionary of criminology within easy reach of my desk referring to it countless times in writing articles books and lectures i ve found it to be a remarkable book a comprehensive dictionary certainly but as much so a significant achievement in intellectual inquiry it may seem odd to say of a dictionary but it really is one of my favourite books the only book that can replace it on my deskside bookshelf is this second edition whose new entries confirm the editors grasp of contemporary criminology in all its excitement and complexity professor jeff ferrell texas christian university the welcome inclusion of entries on contemporary theoretical and policy concerns ranging from anti social behaviour eco crime and emotions through forensic anthropology globalisation governance and mentoring to sex crime virtual criminology and what works adds to the well established strengths of the first edition the entries all written by established scholars provide a clear concise and critical introduction to criminological concepts and constitute an invaluable resource for all criminology students and

academics professor hazel croall glasgow caledonian university it is unusual for a dictionary to be interesting but this one manages to be both compelling and useful for faculty and students across a range of disciplines and orientations who are commonly interested in criminology the sage dictionary of criminology is also distinctive in providing a literally encyclopaedic compendium of information that has been carefully placed in social cultural and political contexts professor lynn chancer hunter college city university of new york the list of new entries is quite impressive once you've read them you start to wonder how come that the first edition of the sage dictionary of criminology already felt so complete dr rené van swaaningen erasmus university rotterdam thoughtful evaluations of the key concepts criminologists must think about by quality contributors who include many of the world's leading criminologists professor john braithwaite australian national university the second edition of the bestselling sage dictionary of criminology is the ultimate reference tool for students of criminology and criminal justice it provides an accessible introduction to key theories concepts and topics offering comprehensive guidance through the field the editors have brought together a group of internationally prominent academics and practitioners to produce this definitive reference and research tool each entry contains a definition of the concept or topic distinctive features offering detailed comment on the concept's origins development and general significance evaluation of those concepts considered to have greatest theoretical weight and lasting legacy associated concepts for cross referencing and mapping connections across various fields and issues key readings to enable the student to take their knowledge further the new edition contains thirty six new entries covering subjects such as anti social behaviour globalization human trafficking and terrorism selected entries have been revised and updated this comprehensive text is the essential reference point for all students of criminology and criminal justice at all levels praise for the first edition the compilers have done criminology a tremendous service this dictionary is an invaluable resource for students and teachers and i'm certain will be a key reference work for years to come professor tim newburn london school of economics great dictionaries inform intrigue and investigate mclaughlin and muncie's perceptive collection does all three the sage dictionary of criminology is wide and accessible enough to interest anyone concerned with crime the law and the panoply of issues and explanations that surround them this admirable volume will inform guide and contribute to debates in the years ahead ellis cashmore professor of culture media and sport staffordshire university author of dictionary of race and ethnic relations and co editor of dictionary of cultural theorists mclaughlin and muncie have assembled an impressive list of international contributors and have succeeded in putting together a wonderfully entertaining book the dictionary belongs on every criminologist's bookshelf professor george mair liverpool john moores university criminal justice an international journal 22 the main strength of the project lies in its attempts at integration of a wide range of themes and theoretical perspectives under one set of covers professor john raine university of birmingham

youth justice 2 1 there is a genuine international feel to the compilation as a whole nowadays such has criminology grown it is barely possible to keep up even in a narrowly defined sub field and a new dictionary is essential anyway we will all have to read it because our students will what a relief that it is such a pleasure to do so jason ditton university of sheffield british journal of criminology 43 2

reveals how managers on the corporate fast track can perform at peak effectiveness without burning themselves out or alienating their superiors colleagues employees and families people whose loyalty and support are essential to their success shows how organizations by committing to develop managers character and not just their skills can help executives break through their personal barriers to managerial excellence

the author argues that purdah in early twentieth century bengal meant far more than secluding women behind veils and walls it entailed an all encompassing ideology and code of conduct based on female modesty which pervaded women s lives accordingly women s political experience and participation even if its significance can be established needs to be deconstructed and contextualized by looking at a wider range of discourses

covering his much publicized childhood his war experiences marriage and proprietorship of a book shop this book presents an intriguing portrait of the real christopher robin in his own words
