this work the ninth in a series of books about maryland families focuses on the purdum families primarily of

montgomery and frederick counties having early origins in the area and being rather prolific the purdum families intermarried with many of those families found in the first eight books of his series and some of the information presented there will be repeated here rather than requiring the reader to move back and forth between the various volumes in the series following the custom of the earlier works in this series the book begins with a look at the early history of the maryland colony and the formation of the counties from there it moves into early purdum family records including john purdum born before 1700 who appears to be the progenitor of virtually all of the purdums thus far identified in the study john had at least four children one of whom was james purdum born about 1720 james had at least one son and probably several other children but the one that the author has identified is yet another john purdum born about 1739 individual chapters focus on john purdum and his family of at least eleven children walter purdum the descendants of joshua purdum and others some family members not identified within the framework of the principal family study are also touched on a bibliography of over 100 titles testifies to the wide range of sources used in this compilation and a full name index supplies over 4 500 names this book is a must for anyone researching the purdum surname in this area h0863hb 28 00

study on the economics of personal landownership and how the holding of land by individuals compares with its holding by corporate bodies and government agencies

drawing on the experience of the temper project training education management and prehistory in the mediterranean and wider examples from the mediterranean this volume explores the issues inherent in managing interpreting and presenting prehistoric archaeological sites the first section of the book contains thematic chapters on conservation visitor management and interpretation public participation and issues of managing sites within their cultural landscape the second section focuses on archaeology and education and the politics of national curricula and presents detailed case studies written by academics and those working in the fields of archaeology architecture heritage management and education this volume will be invaluable to students and practitioners alike

skillfully written in an easily understandable style this comprehensive study of black music examines a constantly

changing art form and its continued influence on today's American music. The black musician in American society from slavery to present is studied against the background of the social, political, economic and religious influences on each period. Each black music genre is discussed separately, allowing flexibility of use in addition. Selected black composers and a representative composition of each are discussed and analyzed. Numerous photographs and musical excerpts help the reader identify with individual artists and their recordings.
