a basic technical book on the design and application of gas cleaning technologies that use liquids first published in the 1980 s and used by plant and environmental engineers regulatory personnel and others concerned with air pollution the second edition enlarges the discussion on the theory of

this handbook provides a comprehensive and thorough overview of technology for pollution control processes it will be of interest to those engineers consultants educators architects planners government officials industry executives attorneys students and others concerned with solving environmental problems the pollution control processes are organized into chapters by broad problem areas and appropriate technology for decontamination destruction isolation etc for each problem area is presented since many of these technologies are useful for more than one problem area a specific technology may be included in more than one chapter modified to suit the specific considerations involved the pollution control processes described are those that are actively used today as well as those innovative and emerging processes that have good future potential an important feature of the book is that advantages and disadvantages of many processes are cited also in many cases regulatory driven trends are discussed which will impact the technology used in the future

we all use euphemisms every day we speak of full figured women we fudge on our income tax we step lively to avoid horse apples and step even livelier in the grip of the aztec two step we say that the dead have bit the dust or have been promoted to glory now in a dictionary of euphemisms revised edition r w holder gives us an engaging volume that celebrates this human tendency to use mild vague or roundabout expressions rather than those which are blunt precise and disagreeably true here are thousands of entertaining and informative entries that range from long established circumlocutions such as everlasting life the grim reaper powder room and house of ill repute to recent coinages such as odorously challenged smelly corporate entertainment bribery amw actress model whatever prostitute downsizing laying off workers and white knuckler a commercial flight on a small aircraft arranged in alphabetical order the dictionary gives definitions examples from real authors and historical explanations where appropriate holder also includes an extensive

bibliography and equally important a thematic index so that readers can look up euphemistic words and expressions for death mental illness narcotics obesity poverty and other topics a dictionary of euphemisms is a browser s delight and an essential reference book for all lovers of language readers will find in it a captivating guide to the art of not saying what we mean
