in this thoroughly revised and updated edition leading religion and middle east expert charles kimball shows how all religious traditions are susceptible to these basic corruptions and why
only authentic faith can prevent such evil the five warning signs of corruption in religion 1 absolute truth claims 2 blind obedience 3 establishing the ideal time 4 the end justifies any means
5 declaring holy war

a compelling look at today s complex relationship between religion and politics in his second book bestselling author charles kimball addresses the urgent global problem of the interplay
between fundamentalist abrahamic religions and politics and moves beyond warning signs the subject of his first book to the dangerous and lethal outcomes that their interaction can
produce drawing on his extensive personal and professional knowledge of experience with and access to all three traditions kimball s explanation of the multiple ways religion and politics
interconnect within judaism christianity and islam will illuminate the problems and give readers a hopeful vision for how to chart a safer course into a precarious future kimball is the author
of when religion becomes evil one of the most acclaimed post 9 11 books on terrorism and religion reveals why religion so often leads to deadly results the author has scholarly knowledge
and expertise and extensive personal experience with the peoples cultures and leaders involved readable and engaging this book gives a clear picture of today s complex political and
religious reality and offers hope for the future

the idea that religion has a dangerous tendency to promote violence is part of the conventional wisdom of western societies and it underlies many of our institutions and policies from limits on the public role of religion to efforts to promote liberal democracy in the middle east william t cavanaugh challenges this conventional wisdom by examining how the twin categories of religion and the secular are constructed a growing body of scholarly work explores how the category religion has been constructed in the modern west and in colonial contexts according to specific configurations of political power

how are christians to think of non christian religions how are they to relate to people who do not share their faith two senior scholars survey the field of theology of religions from an evangelical perspective and propose fresh approaches to long debated questions such as salvation revelation the relationship between culture and religion conversion and social action

prophecy was a wide spread phenomenon in the ancient world not only in ancient israel but in the whole eastern mediterranean cultural sphere this is demonstrated by documents from the ancient near east that have been the object of martti nissinen s research for more than twenty years nissinen s studies have had a formative influence on the study of the prophetic phenomenon the present volume presents a selection of thirty one essays bringing together essential aspects of prophetic divination in the ancient near east the first section of the volume discusses prophecy from theoretical perspectives the second sections contains studies on prophecy in texts from mari and assyria and other cuneiform sources the third section discusses biblical prophecy in its ancient near eastern context while the fourth section focuses on prophets and prophecy in the hebrew bible old testament even prophecy in the dead sea scrolls is discussed in the fifth section the articles are essential reading for anyone studying ancient prophetic phenomenon

the symbolic value of targets is what differentiates terrorism from other forms of extreme violence terrorism is designed to inflict deep psychological wounds on an enemy rather than demolish its material ability to fight the september 11 2001 attacks for example demonstrated the power of symbolism the world trade center was targeted by al qaeda because the twin

towers epitomized western civilization u s imperialism financial success modernity and freedom the symbolic character of terrorism is the focus of this textbook a comprehensive analysis it incorporates descriptions definitions case studies and theories each chapter focuses on a specific dimension of symbolism in terrorism and explains the contexts and processes that involve the main actors as well as the symbolism of both the purposes and targets of terrorism also discussed are new religious movements which represent another important aspect of terrorism such as aum shinrikyo the japanese cult that used sarin gas in the tokyo subway in 1995 over forty areas of symbolism are covered throughout the chapters including physical and non physical symbolism linguistic symbolism the social construction of reality rituals myths performative violence iconoclasm brand management logos semiotics new media and the global village this allows for an in depth examination of many issues such as anti globalization honor killing religious terrorism suicide terrorism martyrdom weapons female terrorism public communication visual motifs and cyberspace main concepts are clearly defined and followed by theory illustrated by international case studies chapter summaries key points review questions research and practice suggestions are recurring components as well this groundbreaking text encompasses all major aspects of symbolism in terrorism and will be an essential resource for anyone studying terrorism
