greatly revised and expanded with a new afterword this update to martin jacques s global bestseller is an essential guide to understanding a world increasingly shaped by chinese power soon china will rule the world but in doing so it will not become more western since the first publication of when china rules the world the landscape of world power has shifted dramatically in the three years since the first edition was published when china rules the world has proved to be a remarkably prescient book transforming the nature of the debate on china now in this greatly expanded and fully updated edition boasting nearly 300 pages of new material and backed up by the latest statistical data martin jacques renews his assault on conventional thinking about china s ascendancy showing how its impact will be as much political and cultural as economic changing the world as we know it first published in 2009 to widespread critical acclaim and controversy when china rules the world the end of the western world and the birth of a new global order has sold a quarter of a million copies been translated into eleven languages nominated for two major literary awards and is the subject of an immensely popular ted talk

china will replace the united states as the world s dominant power in so doing it will not become more western but the world will become more chinese jacques argues that we cannot understand china in western terms but only through its own history and culture to this end he introduces a powerful set of ideas including china as a civilization state the tributary system the chinese idea of race a very different concept of the state and the principle of contested modernity first published in 2009 to widespread critical acclaim and controversy when china rules the world the end of the western world and the rise of a new global order has sold a quarter of a million copies been translated into eleven languages nominated for two major literary awards and has been the subject of an immensely popular ted talk in the three years since the first edition was published the book has transformed the debate about china worldwide and proved remarkably prescient in this greatly expanded and fully updated paperback edition with nearly three hundred pages of new material backed up by the latest statistical data martin jacques renews his assault on conventional thinking about china s ascendancy showing how its impact will be as much political and cultural as economic thereby transforming the world as we know it martin jacques is one of britain s foremost public intellectuals a visiting senior research fellow at ideas the london school of economics centre for

diplomacy and grand strategy a visiting professor at tsinghua university beijing and a fellow of the transatlantic academy washington dc martin jacques is widely respected as a leading global expert on what could prove to be the most important geopolitical event of the past 200 years the rise of china he was editor of marxism today from 1977 until the journal's closure in 1991 and has also worked as deputy editor of the independent he has been a columnist for the times the guardian the observer and the new statesman as well as writing for international publications such as the financial times economist new york times international herald tribune daily beast volkskrant corriere della sera l'unita south china morning post and folha de são paulo

one hundred years before columbus and his fellow europeans began their voyages of discovery fleets of giant junks commanded by the eunuch admiral zheng he and filled with the empire's finest porcelains lacquerware and silk ventured to the world's four corners seven epic expeditions brought china's treasure ships across the china seas and indian ocean from japan to the spice island of indonesia and the malabar coast of india on to the rich ports of the persian gulf and down the east african coast to china's el dorado and perhaps even to australia three hundred years before captain cook's landing it was a time of exploration and expansion but it ended in a retrenchment so complete that less than a century later it was a crime to go to sea in a multimasted ship in when china ruled the seas louise levathes takes a fascinating and unprecedented look at this dynamic period in china's enigmatic history focusing on the country's rise as a naval power that briefly brought half the world under its nominal authority drawing on eyewitness accounts official ming histories and african arab and indian sources many translated for the first time levathes brings readers inside china's most illustrious scientific and technological era she sheds new light on the historical and cultural context in which this great civilization thrived as well as the perception of china by other contemporary cultures beautifully illustrated and engagingly written when china ruled the seas is the fullest picture yet of the early ming dynasty the last flowering of chinese culture before the manchu invasion

the bestselling author of team of teams dismantles the great man theory of leadership by profiling leaders whose real stories defy their legends in leaders retired four star general stan mcchrystal explores what leadership really means debunking the

many myths that have surrounded the concept he focuses on thirteen great leaders showing that the lessons we commonly draw from their lives are seldom the correct ones leaders featured in the book include founders walt disney and coco chanel zealots maximilien robespierre and abu musab zarkawi powerbrokers margaret thatcher and boss tweed and other leaders profiled include geniuses albert einstein and leonard bernstein reformers martin luther and martin luther king jr and heroes harriet tubman and zheng he ultimately mcchrystal posits that different environments will require different leaders and that followers will choose the leader they need aspiring leaders will be best served not by cultivating a standard set of textbook leadership qualities but by learning to discern what is required in each situation leaders reexamines old notions of leadership especially the outdated view that history is shaped by great men going it alone sheryl sandberg coo of facebook and founder of leanin org leaders takes us deeper than most other leadership books into the true and often messy mechanics of leadership anyone who considers themselves a student of leadership must read this book simon sinek optimist and author of start with why and leader eat last

examining developments following hong kong s return to chinese sovereignty this book argues that genuine autonomy from the central government in beijing is impossible without a democratic system in hong kong
