the war on terror is remaking conventional warfare the protracted battle against a non state organization the demise of the confinement of hostilities to an identifiable battlefield the extensive involvement of civilian combatants and the development of new and more precise military technologies have all conspired to require a rethinking of the law and morality of war just war theory as traditionally articulated seems ill suited to justify many of the practices of the war on terror the raid against osama bin laden s pakistani compound was the highest profile example of this strategy but the issues raised by this technique cast a far broader net every week the u s military and cia launch remotely piloted drones to track suspected terrorists in hopes of launching a missile strike against them in addition to the public condemnation that these attacks have generated in some countries the legal and moral basis for the use of this technique is problematic is the u s government correct that nations attacked by terrorists have the right to respond in self defense by targeting specific terrorists for summary killing is there a limit to who can legitimately be placed on the list there is also widespread disagreement about whether suspected terrorists should be considered combatants subject to the risk of lawful killing under the laws of war or civilians protected by international humanitarian law complicating the moral and legal calculus is the fact that innocent bystanders are often killed or injured in these attacks this book addresses these issues featuring chapters by an unrivalled set of experts it discusses all aspects of targeted killing making it unmissable reading for anyone interested in the implications of this practice

this book provides a detailed overview of the law and policy related to unlawful killings and the right to life it is organized into the key thematic issues and types of killings that arose during the mandate of the un special rapporteur on extrajudicial summary or arbitrary executions between 2004 2016 each chapter contains an introductory overview and selected extracts from un special rapporteur reports to the united nations general assembly and the human rights council and other normative work and covers the applicable international law policy considerations and common fact scenarios philip alston held the mandate of united nations special rapporteur on extrajudicial summary or arbitrary executions between 2004 and 2010 christof heyns did so from 2010 to 2016 this book was created to provide easy access to the work of the special rapporteurs and to be a useful guide for those studying and working to promote respect for human rights the book was edited by the two rapporteurs together with their main advisors during their tenure as mandate holders sarah knuckey and thomas probert

drawing on philosophical notions of personal identity and the immorality of killing jeff mcmahan looks at various issues including

abortion infanticide the killing of animals assisted suicide and euthanasia
