heaven is one of those great mysteries that somehow symbolizes what we don't know about ourselves and the world around us at the  
same time it lifts our vision from the mundane realities of our lives and reminds us that beyond the daily grind of our existence there is  
another unseen reality paula gooder explores the bible's teaching on heaven and explains how it is nearer to earth than you might think a  
book for all who are curious about the dwelling place of god and the angels intended for people looking for answers to life's biggest  
questions this little book of guidance will appeal to anyone whether believer or non believer looking for a quick and easy way into the  
topic

the author's focus and intention for this book was provoked by several stimuli one is that more than 50 percent of the world's population

is under twenty five years of age and for the most part not formed by the church secondly in the coffee shop where he hangs out when his conversation partners learn of his long career as a pastor they inevitably ask about the church what in the world is the church what is its purpose and thirdly it is provoked by the lament of a very gifted journalist and editor who rejected his strict christian upbringing and has been in his adult years an avowed agnostic but who recently while visiting a monastery in spain and hearing the monks chant their evening prayers sensed a longing for what he had forsaken these three stimuli have inspired this attempt at an alternative narrative to the essence of the church an attempt to give a definition to an inquirer from square one this book may not resonate with those who are content with religious christianity and its familiar institutions its timely message is this the church has got to be a thrilling and purposeful dimension of the good news of jesus christ

details jane goodall s life with chapters devoted to her early years life work writings and foundations provided by publisher

this book examines six major passages of scripture dealing with the second coming within their context included in this is an overview of the book of revelation most books on the subject bounce from verse to verse making the study of end time prophecy difficult to follow the subject of the second coming and the rapture has proven to be confusing to many but by keeping the passages in focus the reader can more easily follow what the lord and the apostles are teaching in this book two primary teachings are dealt with the rapture and how it impacts the future role of jewish people with the gospel of christ understanding when the rapture occurs before during or after the great tribulation is crucial to our understanding of what god has planned for israel in the coming future if we don t understand the timing of the

rapture we absolutely cannot understand the future role of israel in the kingdom of god if we don t understand israel we cannot adequately understand the second coming of christ and its related events also addressed in this book is the emerging messianic movement within christianity what role it will come to play in the gospel and what some of the issues are confronting the movement j l hendricks has been a pastor for over forty five years he and his wife barbara have four married children and nine grandchildren who are all actively involved in the lord s work currently pastor hendricks is director of israel s fullness a ministry seeking to take the gospel to both jews and gentiles in 1990 he co founded a national messianic fellowship his efforts in taking the gospel to jewish people became the foundation for the writing of this book
