integrates the most salient research within the interconnected fields of criminology and criminal justice

for criminal justice and criminology and internet courses designed specifically to look at the internet from a criminal justice perspective this comprehensive book and its supporting website explore the myriad of resources available to the criminal justice professional and to criminologists via the world wide its relevant discussions and special interest sections offer both the criminal justice student and practicing professional a clear accessible guide to using the as a learning resource

criminal justice theory second edition is the first and only text edited by u s criminal justice educators on the theoretical foundations of criminal justice not criminological theory this new edition includes entirely new chapters as well as revisions to all others with an eye to accessibility and coherence for upper division undergraduate and beginning graduate students in the field

this new textbook will provide students of criminology with a better understanding of criminal justice policy and in doing so offers a framework for analysing the social economic and political processes that shape its creation the book adopts a policy oriented approach to criminal justice connecting the study of criminology to the wider study of british government public administration and politics throughout the book the focus is on key debates and competing perspectives on how policy decisions are made recognising that contemporary criminal justice policymakers operate in a highly politicised public arena under the gaze of an ever increasing variety of groups organisations and individuals who have a stake in a particular policy issue the book explores how and why these people seek to influence policymaking it also recognises that criminal policy differs from other areas of public policy as policy decisions affect the liberty and freedoms of citizens throughout key ideas and debates are linked to wider sociology criminology and social policy theory key features include a foreword by tim newburn leading criminologist and author of criminology 2nd edition 2013 a critical and informed analysis of the concepts ideas and institutional practices that shape criminal justice policy making an exploration of the relationship between criminal justice and wider social policy a critical analysis of the debate about how and why behaviour becomes defined as requiring a criminal justice solution a range of case studies tasks seminar questions and suggested further readings to keep the student engaged this text is perfect for students taking modules in criminology criminal justice and social and public policy as well as those taking courses on criminal and administrative law

criminology explaining crime and its context eleventh edition offers a broad perspective on criminological theory it provides students of criminology criminal justice and sociology with a thorough exposure to a range of theories about crime contrasting their logic and assumptions but also highlighting efforts to integrate and blend these frameworks in this new edition the authors have incorporated new directions that have gained traction in the field while remaining faithful to their criminological heritage among the themes in this work are the relativity of crime its changing definition

with abundant examples historical roots of criminology and the lessons they have provided and the strength and challenges of applying the scientific method this revision offers new chapters on critical theory and on life course criminology it is updated throughout to reflect current trends in criminological theory and data with chapters both updated to reflect recent developments in the field and made easier to digest this text is essential reading for students of criminology criminal justice sociology and related fields

celebrating the 50th anniversary of the oxford centre for criminology this edited collection of essays seeks to explore the changing contours of criminal justice over the past half century and to consider possible shifts over the next few decades the question of how social science disciplines develop and change does not invite any easy answer with the task made all the more difficult given the highly politicised nature of some subjects and the volatile evolving status of its institutions and practices a case in point is criminal justice at once fairly parochial much criminal justice scholarship is now global in its reach and subject areas that are now accepted as central to its study victims restorative justice security privatization terrorism citizenship and migration to name just a few were topics unknown to the discipline half a century ago indeed most criminologists would have once stoutly denied that they had anything to do with it likewise some central topics of past criminological attention like probation have largely receded from academic attention and some central criminal justice institutions like borstal and corporal punishment have at least in europe been abolished although the rapidity and radical nature of this change make it quite impossible to predict what criminal justice will look like in fifty years time reflection on such developments may assist in understanding how it arrived at its current form and hint at what the future holds the contributors to this volume have been invited to reflect on the impact oxford criminology has had on the discipline providing a unique and critical discussion about the current state of criminal justice around the world and the origins and future implications of contemporary practice all are leading internationally renowned criminologists whose work has defined and often re defined our understanding of criminal justice policy and literature

it discusses crime and criminology in relation to the media race islam gender and politics and considers all the relevant theoretical debates that dominate criminology chapters on the police courts probation and prisons are included along with more theoretical chapters regarding crime prevention youth justice and restorative and informal justice the

handbook also includes comparative materials and international criminal courts

this student friendly text offers a comprehensive overview of current debates and key issues in the delivery of criminal justice and examines how it operates in context and in practice with a wealth of features such as case studies and questions

over the last twenty five years the significance of criminal justice has dramatically changed in a post modern culture criminal law serves more and more as a focal point in public morality the discovery of the victim of crime can be seen as the marking point by which criminal justice got its central position in the maintenance of social order it is the result of a general victimalization of today s morality this ingenious book according to michael tonry combines insights from criminology sociology and moral philosophy it is especially inspired by the work of richard rorty who stresses the sensibility for suffering as the major source of morality in post modern times it describes the arousal of attention for victims and the development of crime prevention more specifically it analyzes child sexual abuse and prostitution this illuminating book will be an eye opener for theorists in criminology and moral philosophy but will also be an inspiring work for policy makers in the area of criminal justice

literally the most comprehensive world wide guide for criminal justice including chapters on history of the internet surfing the criminal justice links on the world wide e mail search engines netiquette careers security and a glossary

the historical study of crime has expanded in criminology during the past few decades forming an active niche area in social history indeed the history of crime is more relevant than ever as scholars seek to address contemporary issues in criminology and criminal justice thus the oxford handbook of the history of crime and criminal justice provides a systematic and comprehensive examination of recent developments across both fields chapters examine existing research explain on going debates and controversies and point to new areas of interest covering topics such as criminal law and courts police and policing and the rise of criminology as a field this handbook also analyzes some of the most pressing criminological issues of our time including drug trafficking terrorism and the intersections of gender race and class in the context of crime and punishment the definitive volume on the history of crime the oxford

handbook of the history of crime and criminal justice is an invaluable resource for students and scholars of criminology criminal justice and legal history

this accessibly written book is truly innovative in combining an introduction to key perspectives and topics in criminology with a very student friendly study guide to the problems of researching and writing in the discipline professor kevin stenson middlesex university this book offers a timely introduction both to the discipline of criminology and to the practice of studying it as an undergraduate subject it takes the reader from first principles in criminology through to some quite complex ideas and debates it also offers useful advice on how to grapple with the practical realities of studying this subject it does both of these in a manner which is always accessible and readable dr tony kearon keele university this is a superb text for the undergraduate audience intended the writing is clear difficult concepts are explained well criticality is encouraged the signposting is adequate and exercises are provided to embed learning an excellent book overall and one that deserves wide readership peter hamerton criminology is part of an exciting new series from sage developed as accessible reference tools sage course companions offer an introduction to the subject and encourage students to extend their understanding of key concepts issues and debates criminology is designed to give those new to the study of criminology criminal justice and the sociology of deviance a comprehensive overview of the subject matter it can be used as an introduction to the subject and referred to throughout the degree for tips and revision guidance criminology is designed to complement rather than replace existing textbooks for the course and will provide helpful summaries of the course curriculum to aid exam revision and essay planning key summaries of the approach taken by the main textbooks on the course guidance on the essential study skills required to pass the course help with developing critical thinking route maps to aid the development of wider learning above and beyond the textbook pointers to success in course exams and written assessment exercises a tutor's eye view of what course examiners are looking for an insider's view of what key course concepts are really all about sage course companions are much more than revision guides for undergraduate they are an essential tool to success in undergraduate courses enriching the learning experience and developing students understanding

the international library of criminology criminal justice and penology is an important publishing initiative that brings together the most significant contemporary published journal essays in current criminology criminal justice and

penology

with this publication the editors offer the first comprehensive text designed to assist facilitate and guide interested researchers in how to engage in comparative criminological criminal justice research the editors have collected a series of nine articles which serve to illustrate examples to facilitate the reader in how to conduct such research each of the articles is accompanied with a series of questions and useful web links to further assist the reader and or student

there is no doubt that globalisation has profound effects on crime justice and our feelings of security identity and belonging many of these affect both the making of laws and the breaking of laws it has been argued however that criminology has been too provincial focusing as it often does on national laws and issues whilst others have said that globalisation is the stuff of international relations global finance and trade not of criminology this book disputes this by asserting that criminology has a firm place in this arena and globalisation offers the discipline a challenge that it should relish some of the field s top scholars from the uk the us canada australia and new zealand consider these challenges and present cutting edge analysis and debate topics covered include transnational organised crime international policing and a range of other issues involving global harm such as genocide the workings of international financial institutions the fate of international migrants and the impact of anti immigration sentiments in europe a particular focus is on borders and arrangements that deal with migration and populations that are excluded and adrift this book highlights criminology s analysis and engagement in new understandings of globalisation in particular its harmful and unethical manifestations and offers a mode of scrutiny and vigilance globalisation and the challenge to criminology will be of particular interest to those studying criminology criminal justice policing security and international relations as well as those who seek to understand globalisation and in particular its harmful outcomes

criminal justice and criminology research methods third edition is an accessible and engaging text that offers balanced coverage of a full range of contemporary research methods filled with gritty criminal justice and criminology examples including policing corrections evaluation research forensics feminist studies juvenile justice crime theory and criminal justice theory this new edition demonstrates how research is relevant to the field and what tools are needed to actually conduct that research kraska brent and neuman write in a pedagogically friendly style yet without sacrificing rigor

offering balanced coverage of qualitative quantitative and mixed methods with its exploration of the thinking behind science and its cutting edge content the text goes beyond the nuts and bolts to teach students how to competently critique as well as create research based knowledge this book is suitable for undergraduate and early graduate students in us and global criminology criminal justice and justice studies programs as well as for senior scholars concerned with incorporating the latest mixed methods approaches into their research

this book is for everyone interested in the historical development of the ideas on crime and punishment and their impact on the criminal justice system and the fight against crime more widely this is the first published study not only to discuss the development of criminology and the criminal justice systems of western europe belgium the netherlands germany france great britain and italy but also to delve into the interplay with the evolution of the system in the united states from the end of the eighteenth century up to this day
