ebook operations management theory and practice global edition

this beloved and market leading operations management book has been completely updated in the 14th edition and provides a clear presentation of the field of operations management with current real world examples and thoughtful student pedagogy the comprehensive breadth of content is presented in more modular flexible chapters so it may be used for different course levels ranging from undergrad to executive education that flexibility allows for the choice of more or less quantitative material and flexibility in order of presentation since chapters do not depend on sequence the topics covered include both strategic issues and practical applications among the topics are forecasting product and service design capacity planning management of quality and quality control inventory management scheduling supply chain management and project management the use of an adaptive online learning enhances the student experience and success

we are pleased to present this global edition which has been developed specifically to meet the needs of international operations management students in addition to coverage of the latest concepts and developments in this dynamic field and

now with a greater emphasis on services supply chain management ethics and sustainability new material has been added to make the content more relevant and to improve the learning outcomes for the international student

taking a multidisciplinary perspective this text introduces the major concepts of service management and operations showing how to build the service system to create customer value operational issues and some of the tools for managing service operations

davis fundamentals of operations management fits the one semester course at either the undergrad or mba market the 1st canadian edition addresses the increasing trend toward briefer less quantitative and more managerial on issues that confront managers today and does so within a canadian and global perspective davis also serves customers in search of a brief conceptual overview to support their own lecture notes additional readings and or case material
