britain s two recent referenda on brexit 2016 and on scottish independence 2014 have raised in the public mind fundamental questions about the future of the uk it seems that for the first time the public the media and the political elite have woken up to the fact that in different parts of the uk there are different histories different aspirations and different imagined futures in relation to a whole range of vitally important political issues but what

the public debate often fails to recognise is that in many areas of public life perhaps especially education the uk is already a federal state and in key respects has been so for many years the aim of this volume is therefore to take stock to try and capture what the current state of educational policy and practice is across the whole of the uk this has been achieved by commissioning two different papers from each of the four countries wales scotland northern ireland and england the first is an overview exploring the distinctive history principles and current policies of each country the second paper has been specifically chosen as a case study of a key policy that highlights the distinctiveness of each country the foundation phase for wales assessment policy in scotland shared education initiatives in northern ireland and higher education policy in england taken together these eight papers give an important insight into the complexities of educational policy and practice across the whole of the uk today this volume was originally published as a special issue of oxford review of education

this book offers a unique understanding of what administrative justice means in wales and for wales whilst also providing an expert and timely analysis of comparative developments in law and administration it includes critical analysis of distinctly welsh administrative laws and redress measures whilst examining contemporary administrative justice issues across a range of common and civil law european and international jurisdictions key issues include the roles of commissioners administrative courts tribunals and ombudsmen in devolved and federal nations and evolving relationships between citizens and the state especially in the context of localisation and austerity and will be of interest to legal and public administration professionals at home and internationally

both law and economics and intellectual property law have expanded dramatically in tandem over recent decades this field defining two volume handbook featuring the leading legal empirical and law and economics scholars studying intellectual property rights provides wide ranging and in depth analysis both of the economic theory underpinning intellectual property law and the use of analytical methods to study it

with growth slowing across much of the latin america as a result of the end of the commodity supercycle and economic rebalancing in china as well as fragmentation of the international banking system policies to stimulate growth are needed this book examines the financial landscapes of seven latin american economies brazil chile colombia mexico panama peru and uruguay and makes a case for them to pursue regional financial integration chapters set out the benefits to the region of financial integration the barriers to cross border activity in banks insurance companies pension funds and capital markets as well as recommendations to address these barriers finally the volume makes the case that regional integration now could be a step toward global integration in the short term
