exploring the multifaceted history of dispossession consumption and inequality in west central africa mariana p candido presents a bold revisionist history of angola from the sixteenth century until the berlin conference of 1884 5 synthesising disparate strands of scholarship including the histories of slavery land tenure and gender in west central africa candido makes a significant contribution to ongoing historical debates she demonstrates how ideas about dominion and land rights eventually came to inform the appropriation and enslavement of free people and their labour by centring the experiences of west central africans and especially african women this book challenges dominant historical narratives and shows that securing property was a gendered process drawing attention to how archives obscure african forms of knowledge and normalize conquest candido interrogates simplistic interpretations of ownership and pushes for the decolonization of african history

housing land and property hlp rights as rights are widely recognized throughout international human rights and humanitarian law and provide a clear and consistent legal normative framework for developing better approaches to the hlp challenges faced by the un and others seeking to build long term peace this book analyses the ubiquitous hlp challenges present in all conflict and post conflict settings it will bridge the worlds of the practitioner and the theorist by combining an overview of the international legal and policy frameworks on hlp rights with dozens of detailed case studies demonstrating country experiences from around the world the book will be of particular interest

to professors and students of international relations law human rights and peace and conflict studies but will have a wider readership among practitioners working for international institutions such as the united nations and the world bank non governmental organizations and national agencies in the developing world

i have been owning real estate for the past 17 years there has been good times and bad times although there seems to have been some really hairy moments i wouldn t trade the experience for anything in the world i wrote this to give some insight into my world of real estate and my experience hope you enjoy my story

the properties of violence focuses on two connected issues representations of lynching in late nineteenth and twentieth century american photographs poetry and fiction and the effects of those representations alexandre compellingly shows how putting representations of lynching in dialogue with the history of lynching uncovers the profound investment of african american literature as an enterprise that continually seeks to create conceptual spaces for the disenfranchised culture it represents in matters of property and territory through studies ranging from lynching photographs to toni morrison s pulitzer prize winning novel beloved the book demonstrates how representations of lynching demand that we engage and discuss various forms of possession and dispossession the multiple meanings of the word representation are familiar to literary critics but alexandre s book insists that its other key term effects also needs to be understood in both of its primary senses on the one hand it indicates the social and cultural repercussions of how lynching was portrayed namely what effects its representations had on the other hand the word signals too the possessions or what we might call the personal effects conjured up by these representations these possessions were not only material as for example property in land or the things one owned the effects of representation also included diverse less tangible but no less real possessions shared by individuals and groups the aura of a lynching site the ideological construction of white womanhood or the seemingly default capacity of lynching iconography to encapsulate the history of

ostensibly all forms of violence against black people

the laws of thermodynamics the science that deals with energy and its transformation have wide applicability in several branches of engineering and science the revised edition of this introductory text for undergraduate engineering courses covers the physical concepts of thermodynamics and demonstrates the underlying principles through practical situations the traditional classical macroscopic approach is used in this text numerous solved examples and more than 550 unsolved problems included as chapter end exercises will help the reader gain confidence for applying the principles of thermodynamics in real life problems sufficient data needed for solving problems have been included in the appendices

this important new text is the product of several years of research of the family law of fifteen commonwealth caribbean jurisdictions it is the first and only legal text that comprehensively covers all the main substantive areas of spousal family law including marriage divorce financial support property rights and domestic violence the rights of the statutory spouse in the jurisdictions of barbados belize guyana jamaica and trinidad and tobago are examined thus addressing on a jurisdictional basis an important area of spousal family that is seldom covered in english family law texts the book also covers the number and variations of divorce regimes applicable to the region the matrimonial offence divorce model of guyana and montserrat the english five fact model of trinidad and tobago dominica grenada anguilla and st vincent and the grenadines the hybrid model of antigua and barbuda belize and st kitts and nevis and the no fault model of jamaica and barbados this book will prove an indispensable resource for law students and legal academics as well as for family law practitioners across the english speaking caribbean other professionals including sociologists and social workers will also find the book useful and informative

focusing on the medieval reception of book zeta of aristotle s metaphysics volume one of this work offers an unprecedented and

philosophically oriented study of medieval ontology against the background of the current metaphysical debate on the nature of material objects volume two makes available to scholars one of the culminating points in the medieval reception of aristotle s metaphysical thought by presenting the first critical edition of book vii of paul of venice s commentary on aristotle s metaphysics 1420 1424

special edition of the federal register containing a codification of documents of general applicability and future effect as of april 1 with ancillaries

in the eighteenth century bridgetown barbados was heavily populated by both enslaved and free women marisa j fuentes creates a portrait of urban caribbean slavery in this colonial town from the perspective of these women whose stories appear only briefly in historical records fuentes takes us through the streets of bridgetown with an enslaved runaway inside a brothel run by a freed woman of color in the midst of a white urban household in sexual chaos to the gallows where enslaved people were executed and within violent scenes of enslaved women s punishments in the process fuentes interrogates the archive and its historical production to expose the ongoing effects of white colonial power that constrain what can be known about these women combining fragmentary sources with interdisciplinary methodologies that include black feminist theory and critical studies of history and slavery dispossessed lives demonstrates how the construction of the archive marked enslaved women s bodies in life and in death by vividly recounting enslaved life through the experiences of individual women and illuminating their conditions of confinement through the legal sexual and representational power wielded by slave owners colonial authorities and the archive fuentes challenges the way we write histories of vulnerable and often invisible subjects

this book makes the unconventional claim that all of the rights in the u s constitution are unified since they are derived from the same sources using the u s supreme court s controversial decision of *kelo v city of new london* to explore one of the most important constitutional questions of our time this book reaches across disciplines and subfields to bring forth an innovative understanding of rights the book derives

its understanding of rights from historical sources and philosophical texts which then serve as the basis for the empirically backed claim that rights in u s have been sacrificed for partisan gain and that the unbiased protection of rights is the only manner in which a free and equitable government and economy can be sustained given the theoretical and practical implications of the property rights debate understanding it is important for everyone in the u s and abroad

moving beyond previous scholarship he gives us a locke as much concerned with the effective functioning of government as with the roots of its moral legitimacy book jacket

reprint of the original first published in 1867

first complete book in the market to quickly get developers up to speed with vb net

the code of federal regulations is the codification of the general and permanent rules published in the federal register by the executive departments and agencies of the federal government

Recognizing the showing off ways to get this books **Women And Property In Morocco** is additionally useful. You have remained in right site to start getting this info. acquire the Women And Property In Morocco connect that we pay for here and
