indigenous knowledges are the commonsense ideas and cultural knowledges of local peoples concerning the everyday realities of living this collection of essays discusses indigenous knowledges and their implication for academic decolonization

explores the rich history of angels in america from spanish colonialism and puritan culture to modern incarnations found on tv in movies in comic books and on bumper stickers finds that americans have constructed the useful angel as a servant of man rather than an agent of god

air pollution challenges nations sharing common borders to balance economic needs with protecting citizens and the environment across jurisdictions by examining landmark cases on the two borders john wirth shows how environmental diplomacy citizen action at the grassroots level and the role of science industry and the law converged bringing canada the united states and mexico to the threshold of today s continental approaches to pollutant pathways wirth first examines the famous trail smelter conflict of 1927 1941 this precedent setting case which pitted u s farmers against the canadian smelter resulted in the doctrine that in cases of transborder damage the polluter must pay although the farmers were modestly compensated and the british columbia based smelter cooperated to control pollution wirth reveals the real significance of the decision u s industries shared with the canadians a common interest to resolve the case in a manner that would allow them to continue to pollute freely across international borders with minimal regulation wirth then turns to the gray triangle confrontations of the 1980s in which the new instruments of the clean air act and cooperative policies developed by the mexican and u s governments established an entirely new climate for citizen action resulting in the closing of an american smelter in arizona and the imposition of stricter standards on two mexican smelters in sonora although the trail precedent favored industry the gray triangle resolution signaled that the needs of industry and the public interest were now in better

balance drawing on extensive interviews and previously untapped archives smelter smoke in north america provides new analysis of the development of a north american institutional response to continental air pollution it chronicles how industry developed a continental perspective in a shared regional space the mineralized west and how successful efforts of governments and citizens to protect the environment evolved

ranging broadly from andrew jackson to bill clinton and george w bush stuckey demonstrates how presidents accomplish the dual enactment of inclusion and exclusion through their rhetorical and political choices our early leaders were preoccupied with balancing the growing nation later presidents were concerned with the nature and definitions of citizenship by examining the political speeches of presidents exemplifying distinctly different circumstances she presents a series of snapshots which when taken together reveal both the continuity and the changes in our national self understanding

they are often portrayed as outsiders ethnic minorities the poor the disabled and so many others all living on the margins of mainstream society countless previous studies have focused on their pain and powerlessness but that has done little more than sustain our preconceptions of marginalized groups most accounts of marginalization approach the subject from a distance and tend to overemphasize the victimization of outsiders taking a more intimate approach this book reveals the personal moral and social implications of marginalization by drawing upon the actual experiences of such individuals multidisciplinary and multicultural identity on the margin addresses marginalization at a variety of social levels and within many different social phenomena going beyond familiar cases dealing with race ethnicity and gender to examine such outsiders as renegade children conservative christians and the physically and mentally disabled and because women are especially subject to the effects of marginalization feminist concerns and

the marginalization of sexual practices provide a common denominator for many of the essays from problems posed by complimentary racism to the status of gays in tony blair s england from the struggle of native americans to preserve their identities to the singular problems of single mothers identity on the margin takes in a broad spectrum of cases to provide theoretical analysis and ethical criticism of the mechanisms of identity formation at the edges of society in all of the cases the authors demonstrate the need for theory that initiates social change by considering the ethical implications of marginalization and criticizing its harmful effects bringing together accounts of marginalization from many different disciplines and perspectives this collection addresses a broad audience in the humanities and social sciences it offers a basis for enhancing our understanding of this process and for working toward meaningful social change

provides students and scholars with a comprehensive compilation of essays articles and book selections which bring together the traditional and essential works of critical theory and critical international relations theory

broadens the scope and meaning of american indian political activism by focusing on the movement s early and largely neglected struggles revealing how early activists exploited cold war tensions in ways that brought national attention to their issues

reexamination of the role of the west in u s history and of the field of western history itself told by ten historians

focuses on the seventh army in west germany the largest and best prepared field army ever deployed by the u s in peacetime to show how the u s army redefined its identity structure and mission in order to avoid obsolescence during the cold war era of nuclear weapons and air power

issues before the general assembly of the united nations

readers may be astonished at how much scholarly digging and the release of once secret information have transformed the history of this campaign at times it seems like a whole new war new york times book review
